BIRTHDAYS

Those celebrating birthdays this week are June Sweitzer on Oct. 5, Ryelynn Sweitzer on Oct. 7, Genevieve Rinker on Oct. 8, and Teresa Wright on Oct. 9.

HAPPY BIRTHDAY, CARLI – In a recent StoryTalls event held by the Ruth Enlow Library, children gathered at the library in Accident to celebrate the birthday of Carl, a "lovable and mischievous" rottweiler character in the children's books of Alexandra Day. For "Carl's" birthday Jessica Zimmeraman, Accident Library branch manager, read for the pooch (played by typecast Story Talls team member Ira the rottweiler) and the children Day's book *Carl's Birthday*. Ira played along with the story and eagerly looked under the table for presents before wiggling his way through the group of kids and soaking up their attention. Coincidentally, the party for Carl happened on Ira's actual birthday. In the photo are Bill Harper (right) and Zimmerman (far left), who conducted the festivities.

READYING TO ENTERTAIN AT THE TOURNAMENT OF BANDS – The Southern Garrett Marching Band, pictured above, will host the 34th annual Western Maryland Tournament of Bands on Saturday, Oct. 15, 6 p.m., offering yet another form of Autumn Glory Festival entertainment. Southern, under the direction of Joshua Elmlinger, will present this year's field show titled *Invasion!* The music was composed by Elmlinger, and tells the story of UFO rumors and paranoia of 1950s America. The tournament will take place at the Southern athletic field. Photo by Art Hanlin.

Bands To Perform

Continued from Page 5

The seniors of both the Southern and Northern bands will be recognized during the evening, as this is their last "home show" performance. Northern was unable to host its own show, so the seniors will join with Southern's to be recognized, and to help hand out awards at the conclusion of the tournament.

The bands will be judged by National Judges Association representatives, and trophies will be awarded. This year's trophy sponsors (to date) are Helbig Insurance Company, Sincell Publishing Company, Dr. Tom and Kathy Johnson, Electronic Diagnostic Center, First United Bank & Trust, and the Garrett County Chamber of Commerce.

Other major donors this year include Jan Florist, Art Hanlin Photography, Jan Finkel, Newman Funeral Homes, Garrett Mine Service, and a number of businesses advertising in the program. The band boosters extend sincere gratitude to these contributors.

Welcome to another great autumn in Western Maryland. It's where my ancestors settled in the early 1800s and the most majestic address to have in the entire Mid-Atlantic region. You will find our elevation of almost 3000 feet refreshing, our mornings a bit chilly and our evenings full of stars, planets and occasional satellites.

As with all of our Autumn Glory celebrations, you will find our neighbors helpful to give directions, our shops friendly and plenty of people wanting to fill your bellies with buckwheat cakes, sausage and assorted other items to warm your tummy.

The weather this time of year can be exciting. Prepare for the unexpected. Between the sun, rain and sometimes snowfall, you will find a reason to smile and enjoy all of the festivities that abound.

This time of year is a homecoming for many people. People migrate back to their roots here to witness another fun parade, the ever popular Oakland Volunteer Firemen's Oktoberfest, the Maryland Banjo and Fiddle Championship, a great antique and craft show and a marvelous kick-off dinner where a new Golden Ambassador is named.

Don't forget to take home some homemade apple butter and maple syrup for your friends back home, and remember to visit the Art Gallery on Alder Street for some interesting pieces and paintings from our local artisans. New this year is the Fall Foliage Tour. For information on the detailed tour route give a call to our Chamber of Commerce at 301-387-4386, or tune your laptop or iPhone to visitdeepcreek.com for all the information and directions.

Fall and winter are my favorite seasons here, and I'm glad you have decided to join me and my family to celebrate nature's beauty at its best. It won't be long now before the first mountain snows appear and our leaves will be gone for yet another year. I encourage you to take some time to visit nearby Herrington Manor State Park as well as Deep Creek and New Germany State Parks. A good walk will be good for you.

Come back in the summer and visit with us. There seems to be something always happening and we would love for you to be a part of it. I believe after your visit you will know why we love to live here.

See you during the festival or on Wisp mountain this winter.

Garrett County's annual Autumn Glory Festival landed in the international spotlight four years ago when the travel web site MSN.com listed it among the top fall festivals in the world. The Autumn Glory Festival beat out Festival d'Automne a Paris (#5) and Munich's Oktoberfest (#7) – in addition to a bevy of domestic celebrations, including San Francisco's Dias de los Muertos.

"Music, parades, and awesome colors are at the center of this festival," noted the site.

For the past three years, travelchannel.com has also listed the Autumn Glory Festival and Garrett County as one of America's "Three Best Autumn Road Trips." In 2008, baltimoresun.com listed Garrett County as one of the top five locales for fall foliage.

She has credited last year's winner Lindsay Stanlszewskl for her participation. "I did not place at my first competition," Colella explained. "Lindsay encouraged me and said I was needed."

A MAJOR ATTRACTION of the Autumn Glory Festival Grand Feature Parade each year are the members of the Ali Ghan Shrine Club of Cumberland, an organization to which a number of Garrett County residents belong. The Shriners always account for several units in the parade, with the miniature motorized vehicles like those pictured above being among the crowd favorites. The Shrine Band, a variety of unique vehicles, including some antiques, and lots of funny faces and fellows that make up the Shrine Clown Unit are among the club's other parade participants. While the Shriners enjoy a variety of social get-togethers, they also spend tremendous time and energy raising funds to support a network of Shrine hospitals throughout the country which provide free care to children. The local Shriners also provide free transportation to children who have appointments at the various hospitals that it supports. Photo by Lisa Broadwater.

This year the shop is engaging in Hoop Hope Hooray, a dance involving the popular hoola hoop toy. The funds raised this year will go to the House of Hope.

THOSE FAMOUS FRENCH FRIES of the Oakland Rotary Club will be available a couple of times in downtown Oakland during the Autumn Glory Festival, particularly at the Oktoberfest on Thursday, Oct. 13, at the Oakland fire hall, and on Green Street prior to Saturday's Grand Feature Parade. The club sells literally tons of the delicious potatoes at several venues each year and uses the proceeds to finance its many charitable programs. Street Closings Announced For Festival Parade

Several Oakland roads will be closed before and during the 44th Autumn Glory Grand Feature parade, which begins at 1 p.m. on Saturday, October 15, the Garrett County Chamber of Commerce recently announced.

Oakland police chief Randy Wright encourages anyone coming to the festival and parade to come early to find a good parking space and enjoy the food and entertainment.

Second Street will be closed to traffic from Liberty Street to Center Street beginning at 9:30 am. Both Second and Third streets, from Omar Street to Alder Street, will be closed to all vehicles at 11 a.m. Traffic needing to bypass Oakland will be directed to detour along Fourth Street until the parade ends. Center Street will remain open until 12:45 p.m.

Memorial Drive also will be closed to through traffic from Fourth to Eighth streets. No one will be able to turn onto Fourth Street from Memorial Drive. Barricades and police officers will prevent access onto Memorial Drive from Fourth to Eighth streets. Emergency vehicles should use Kings Run Road or Eighth Street to Memorial Drive.

Parking along the parade route – which includes parts of Second, Third, and Alder streets – is prohibited prior to and during the parade. Business owners or employees should contact Oakland City Hall at 301-334-2691, Oakland Police Department at 301-334-2100, or the Chamber of Commerce at 301-387-4386 in advance to obtain a pass to gain access inside the parade route, this includes the handicapped parking site at the Masonic Lodge along First Street.

Food vendors will be set up on Green Street by the M&T Bank area by 9:30 a.m., and the Remnant Drama Team from Loch Lynn Church of God will perform from 10:30 a.m. until noon on the Front Page Stage.

The Inside Out Youth Group from Divine Hope Church will perform a movement to contemporary Christian music on the Front Page Stage from noon until 12:45 p.m.

The Still Kickin' Cloggers will perform from 10:30 to 11 a.m. on the Boxcar Stage along Liberty Street near the 1884 B&O Train Station, followed by a performance by Brenda's Bodyshop from 11 to 11:30 a.m., and the Country Plus Line Dancers from 11:30 a.m. to noon.

The Pleasant View Baptist Church will present music, puppetry, and drama in front of the Oakland Post Office on Second Street at 11:30 a.m..

Garrett County deputies, Maryland State troopers and State Highway employees will be assisting the Oakland Police Department with traffic control during the Autumn Glory parade.

Garrett County's annual Autumn Glory Festival landed in the international spotlight four years ago when the popular travel web site, MSN.com listed it tops among fall festivals in the world. To the delight of locals and visitors alike, the Autumn Glory Festival beat out Paris' Festival d'Automne (#5) and Munich's Oktoberfest (#7) – in addition to a bevy of domestic celebrations, including San Francisco's Dias De los Muertos.

"Music, parades, and awesome colors are at the center of this festival," noted the site, plugging in particular the Grand Feature Parade, the Maryland State Banjo and Fiddle championships, and the Tournament of Bands.

For more details about Autumn Glory, including a complete listing of Autumn Glory events, one may visit www.visitdeepcreek.com or contact the Garrett County Chamber of Commerce at 301-387-4386.

Take Your Home From Summer To Autumn Decor

(ARA) - Bringing your home from summer to fall is simpler than you think. It all begins with taking inventory of your home to determine which nonessential items you can eliminate or switch and where you can add.

"Start with anything fabric," said Maria Aguerri-Gomez, academic dean of the Art Institute of Michigan-Troy, a branch campus of the Art Institute of Michigan. "You can change your couch covers, pillows, and your throw blankets, add a duvet to your bed, change your window treatment or bathroom towels; or simply add a table runner to bring fall into your home without breaking your budget."

Take couch covers from creamy and off-white tones to fall tones and colors. Choose earth tones such as reds and browns to bring depth and warmth. Navy blue can also be a great color to add in fall that can transition to winter. Not completely committed to bringing that much color into your living room? Change your pillows or throw blankets to develop an accented atmospheric change. Take a look at your window treatments and consider a heavier fabric with possible prints.

"Paisley is coming back this fall," Aguerri-Gomez said. "Use paisley prints on curtains or pillows, or venture out and buy a paisley arm chair that can nestle nicely into an unused corner in your bedroom or living room."

Elizabeth Polish, an interior design instructor at the Art Institute of New York City and owner of Elizabeth Polish Design, said bird prints are making their way into homes

COOKIN' BRATS at the Oakland fire hall as fast as he can in the above photo is Oakland firefighter Mike Pritt, and the reason he stays so busy is because of the number people who go there for the annual Oakland VFD Oktoberfest, as shown in the photo below. The Oktoberfest, which features German style food and beverages plus a 35-piece Oktoberfest band, was started in the fall of 1978, so the one slated for Thursday, Oct. 13, will be the 33rd annual. WELL, HELLO THERE! A friendly clown greets a friendly boy on the streets of Oakland, a sight that may well be seen again this weekend during the Autumn Glory Festival. The Ali Ghan Shrine clowns make a splash in the area every year at Autumn Glory, working hard to delight and entertain not only the little ones, but the bigger kids in the audience, too. Photo by Karlo Gesner.

THAT IS ONE BIG FEZ! This little guy seems to be having second thoughts about greeting the enormous hat marching down the street. In the background is the Shriner band, made up of Shriner members as well as some local players, who each year join the band to reciprocate the favor of Shriner musicians, who play with the Oakland Fire Department Oom-Pah Oktoberfest Band. Take Your Home

via lampshades and carpets this fall.

Keep the cold away by adding rugs. Overlapping rugs is a trend that can bring contrasting elements together, while unifying sections of a room. Aguerri-Gomez recommends taking a bamboo or wicker rug and overlapping it with a more classical rug. "It's a great way to bring contrast, color, and texture to the room," she said.

Aguerri-Gomez predicts that mustard will be a key color this fall. Add a mustard table runner and change up your dinnerware and placemats to bring your table from light and airy to warm and welcoming. Don't want to part with the lemons and limes nestled inside your glass vase as table decor? Try compromising and replace the citrus with artichokes and pomegranates for a fall final touch.

For those that like to have feng shui elements in their home, you'll be happy to know that gold is making a comeback. Try mercury or gold canisters, vases and accents. In the past, gold and mercury were reserved for the holidays or special celebrations, but now you can bring them out earlier to bring that shiny pop the room will need.

The last touch to bringing your home from summer to fall is mood lighting. Polish recommends utilizing energy efficient LED lights and bulbs. Because you've most likely added thicker curtains to keep the cold out, make sure key areas are lit. Where you don't need too much light, go for the dimming effect.

"Change your lamp shades if you can't dim your lights. Make your living space as cozy as you can while saving energy at the same time," Polish said.

Civic Club To Host Annual Sale, Show Of Antiques

The GFWC Civic Club of Oakland will host its annual Autumn Glory Festival Antique Show and Sale again this year at the Oakland Community Center, located along 8th Street. The show will take place Friday through Sunday of the Autumn Glory weekend, Oct. 14-16.

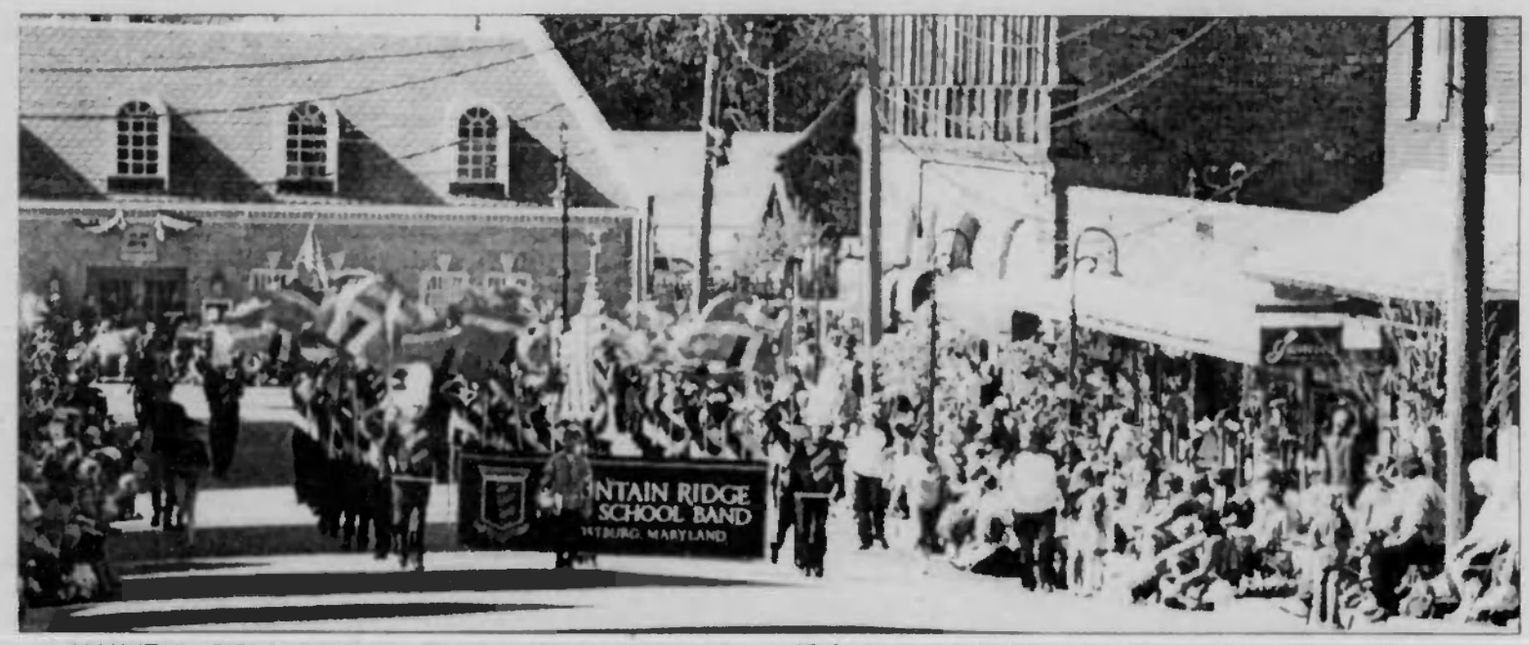
The hours will be Friday and Saturday, 10 a.m. to 6 p.m.; and Sunday, 10 a.m. to 4 p.m.

"The antique show is a wonderful place to begin your holiday shopping or to buy yourself a special item," a spokesperson said.

Vendors of antique furniture and quilts, jewelry, and china, among other items, will participate this year

The show is also the Civic Club's major fundraiser of the year. The proceeds raised at this event are donated annually to multiple local non-profit organizations. Each year representatives of these organizations are invited to the meeting of the Civic Club in March, and each representative explains his or her group's mission and efforts. The club members then vote on contributions to make to these groups. There are generally more than 30 organizations supported by the Civic Club.

Homemade soups and baked goods will be available for sale at the event.



MOUNTAIN RIDGE BAND TO TAKE PART IN AGF – The Mountain Ridge High School Marching Band will be featured in both the Grand Feature Parade and In the 34th annual Western Maryland Tournament of Bands, both slated for Saturday, Oct. 15. AUTUMN GLORY PET TREATS TO BE AVAILABLE – The Garrett County Humane Society mascot, Tux, is getting ready to bake a batch of peanut butter dog treats for the group's upcoming Autumn Glory Festival fundraiser. The GCHS will once again have an array of items for pets and pet lovers at the Mountain Fresh Pavilion in downtown Oakland on Friday, Oct. 14, and Saturday, Oct. 15. Items such as specialized Monopoly games, dog toys, car magnets, key rings, and bumper stickers will be available for purchase. "Along with that will be the very popular peanut butter dog treats baked by the Humane Society cadets, and new this year will be dog bone cookie cutters with a recipe," said GCHS president Lisa Baker. "These cookie cutters are made in the USA and come in two sizes." The Garrett County Humane Society is a nonprofit, volunteer organization dedicated to helping abused, neglected, and homeless animals. "In addition, for the last 25+ years we have given out thousands of spay/neuter vouchers, which has helped reduce the homeless animal population," Baker said. "The GCHS is the only organization that responds to animal neglect reports; several very serious cases were prosecuted, resulting in guilty verdicts. By purchasing something from our Autumn Glory booth, you are helping pets, pet owners, and farm animals in Garrett County." For more information, persons may call 301-616-4425.

Buntings are available from the Chamber of Commerce Visitors Center, McHenry, for $85 each, tax included. A limited number of sets are available. To order or to request more information, persons may contact Sarah Duck at 301-387-8746 or via e-mail at sarah@garrettchamber.com.

Celebrate the Glory

Fun Activities To Enjoy In This Autumn Glory Season

(ARA) – The fall brings beautiful new scents and sounds with crisp air, vibrant colors of leaves gently falling to the ground, crackling wood popping on campfires, and the sweet smell of apples hovering in the kitchen.

To get the most enjoyment out of the fall months this year, venture out with your family and friends to enjoy some of these scents and sounds:

* Apple and pumpkin picking. Apple trees are heavily laden with crisp and delicious apples this time of year. Head out to an orchard to pluck the perfectly grown fruits off trees bearing your favorite variety of apples, or take your children on a ride to a pumpkin farm. Let them run through the patch, inspecting every pumpkin for the perfect carving medium. Tall and skinny for a witch's face or round and plump for more of a clown face.

* Celebrate your favorite

sport, family activity, or just tailgate at any outdoor setting with finger foods that are quick cooking and easy-to-pack. Save on the utensils and use Old London Melba Snacks as the key ingredient to add any topper or perfect scoop for dip.

* Participate in a good cause. Fall is an excellent time to direct your energies and donations toward nonprofit organizations and charities. For example, October is Breast Cancer Awareness Month, and you can participate in a fun-draiser for any breast cancer organization or donate funds during this special month.

Old London is helping to find a cure by donating $0.75 to breast cancer research for each proof of purchase from any Old London product received through Feb. 6, 2012. Enter the UPC at oldlondonfoods.com.

* Get lost in a corn maze. Fall is the perfect time for long walks because temperatures aren't overbearingly hot and the humidity levels are much more tolerable. Dress appropriately for the cooler weather and see what fun you can have getting lost in a corn maze, or while taking an autumn nature hike.

* Feed the autumnal appetite. All of fall's exciting activities will leave members of your family feeling voracious. Satisfy their hunger – and create a delicious smell in your house - with a fall favorite of Apple Pan Strudel with Dried Cherry Puree, which brings together classic fall flavors and spices in one delicious dessert.

Apple Pan Strudel with Dried Cherry Puree

Ingredients:
For cherry puree
1 cup dried cherries
1 1/2 cups water
2 tablespoons kirsch (clear cherry brandy)

For pan strudel:
3 cups 100 percent apple juice
1 box of Old London Melba Toast Salt Free Whole Grain
2 pounds various apple varieties (such as Braeburn, Granny Smith and Fuji), peeled, cored, sliced thin in a food processor
1/4 cup fresh lemon juice
1 cup sugar
2 teaspoons ground cinnamon
1 teaspoon ground ginger
1/4 teaspoon allspice
1/4 teaspoon nutmeg

Directions:
For cherry puree
Combine cherries and water in a saucepan. Bring to a boil, and then simmer two minutes. Stir in kirsch (clear cherry brandy). Cool to lukewarm and puree in a blender.

For pan strudel
In a small bowl, mix sugar and spices, set aside. Mix apple and lemon juice in medium bowl. Add sugar spice mixture and toss to coat. Lay the Melba Toast in a single layer on a cookie sheet, and pour two cups of apple juice over each toast, allowing toasts to soak up the juice.

In a separate 8x8 pan, cover the pan with a thin layer of apples. Using a spatula, lift the toast from the cookie sheet and place a single layer over

TRUE ARTISTS AT WORK – The glass workers at Simon Pearce are artists indeed, and guests are welcome to come watch them create at the Mtn. Lake Park factory, located off Rt. 135 just past the Southern Industrial Park. Each piece is made with precision and care, and any with even the tiniest flaw are made into "seconds." But most of their items are made without a mistake, and are cooled and either shipped out for orders or put on display at the shop on the premises. Photo by Mandy Geisler.

Spruce Forest Host To Guest Artists In Oct.

While not an official Autumn Glory Festival event, those in Garrett County over the weekend may wish to pay a visit to the Spruce Forest Artisan Village in Grantsville to see the work of its most recent guest artists. Throughout October, Spruce Forest will host Lenore Lancaster of Ridgeley, W.Va, and Karen Sandorf of Pittsburgh, Pa.

Spruce Forest Artisan Village at Penn Alps in Grantsville is home to six permanent resident artists, but also offers studio space to working artists through a guest artist program.

Lancaster, a colored-pencil artist, has exhibited her award-winning drawings in galleries across the region and on the Internet. She has also curated colored-pencil art shows. Lancaster typically illustrates animals, people, and scenes from everyday life. She is a colorist who employs layering and burnishing to develop her images.

Many of her pictures are made into limited edition art reproduction giclee prints on acid-free paper and with non-fading inks. Lancaster is a founding member of the Allegany Area Art Alliance and a member of the Colored Pencil Society of America. She is represented by Rocky Gap Revolving Gallery in Flintstone the Lambert Gallery in Bedford, Pa., and South Side Depot of Petersburg, W.Va.

"Being at Spruce Forest, the camaraderie and working around other artists helps me grow as an artist and a business person," says Lancaster "Plus, I enjoy meeting the people who come into the shop, talking to visitors and hearing their feedback on my artistic process."

Lancaster has been a guest artist at Spruce Forest for at least one month every year for the last four years.

Sandorf is a native plant botanical illustrator who is influenced by historic plant identification, conservation, and nutrition when it comes to her subject matter. Her drawings are reproduced on [illegible] recycled paper [illegible]

ted prints. Every illustration includes habitat information about the plant it features.

"These illustrations are the result of many years of hiking to their habitats to see, and many years of gardening with, native plants of the northeastern region of our country," says Sandorf.

"There are differing opinions about gardening with native plants. My thinking is that we are constantly diminishing native plant habitats due to encroachment by aggressive non-native plants and land

SPRUCE FOREST HOSTS GUEST ARTISTS – This colored-pencil drawing of a kitchen storage shelf was composed by Lenore Lancaster, current guest artist of the Spruce Forest Artisan Village in Grantsville. Lancaster is joined this month by fellow guest artist Karen Sandorf.

development, so finding suitable conditions and planting them in one's own backyard is an act of conservation."

Sandorf has studied the collection of plant species, including the efforts of Meriwether Lewis, who was commissioned by President Thomas Jefferson to collect specimens during his journeys. She is also involved in a national nutrition program, Fruits and Veggies: More Matters, for which she has created her Eat Well, Be Well series.

Visit Spruce Forest in the first two weeks of October to meet Sandorf and through October to meet Lancaster and the rest of the artisans.

"These visiting artists add depth and variety to the educational offerings at Spruce Forest," says Natalie Atherton, a former administrator who helped launch the guest artist program six years ago.

"Spruce Forest is unique in that visitors can walk into the studios of working artists, watch them work, ask questions, and see some aspect of the creative process first-hand."

The Guest Artist program provides area artists with studio space in one of two historic cabins where they can make and sell their artwork.

Artists interested in applying for the 2012 guest residencies may contact Amy Jones, Artisan Guild president, at the Fernwood Gallery, 301-895-3159, or visit sprueforest.org for an application.

The Artisan Guild juries Guest Artist applications and assigns dates for guest residencies. "There is no deadline to apply, but we begin the jury process in January," says Jones. "Artists who apply by January usually get their first choice of residency dates."

For more information on individual artist studio hours those interested may call the Artisan Village at 301-895-3332.

AUTUMN GLORY POSTER AVAILABLE – The 44th annual Autumn Glory Festival Commemorative Poster (pictured) is now available for purchase, the Garrett County Chamber of Commerce announced on Monday. The 22" x 28" poster, sponsored by Constellation Energy, is a photo of Garrett County fall foliage taken by Mark Greene of Bello's Portraits. It is available for purchase at the Garrett County Visitors Center in McHenry and during the Autumn Glory Craft and Gift Sale, presented by the chamber and sponsored by Susquehanna Bank. The Craft and Gift Sale will be held on Oct. 15 and 16 at the Exhibit Hall at the Garrett County Fairgrounds in McHenry. Posters are $10 each, and a limited quantity is available. "The commemorative poster is a terrific collector's item that showcases the spectacular beauty of Garrett County in its most colorful season," said Nicole Christian, chamber president/CEO. "We hope you pick up one of these new posters to help celebrate the 44th anniversary of our popular Autumn Glory Festival." The festival landed in the international spotlight four years ago when the popular travel web site MSN.com listed it tops among fall festivals in the world. For the past three years, travelchannel.com has also listed the festival and Garrett County as one of America's Three Best Autumn Road Trips, and in 2008, the baltimoresun.com listed Garrett County as one of the top five locales for fall foliage.

Brenda Brosnihan, owner of the business, will lead her fitness specialists around the county to perform "Hoop Hope Hooray," which involves the famous hula hoop toy. The dance will be given at several events during Autumn Glory, the first at the Thursday, Oct. 13, firemen's parade, before and during the grand feature parade on Oct. 15, and finishing that evening at the Western Maryland Tournament of Bands. All proceeds raised in this effort will benefit the House of Hope, a local organization that assists residents in times of need and crisis. See story. "Hoop, Hope Hooray" Dance To Be Presented During Autumn Glory Fest

The students and members of Brenda's Body Shop are once again planning a community event to support the House of Hope. This is the third year Brenda Brosnihan, owner of the business, has spearheaded a community-wide event to engage residents in a fitness activity while at the same time raising money for a selected charity.

As Brosnihan has done for the past few years, she has arranged to present this year's performance at several Autumn Glory Festival events.

This year the community dance project is called "Hoop Hope Hooray." Brosnihan said participants will learn an easy-to-follow dance using the hoop as a prop.

The first demonstration of the dance will take place during the Autumn Glory Festival, first at the Thursday, Oct. 13, firemen's parade, before and during the grand feature parade on Oct. 15, and finishing that evening at the

Western Maryland Tournament of Bands.

"We have created a dance for the young and the young at heart," she said. "No hula hoop skills are required, but there will be a portion of our Hoop Hope Hooray classes during which we will share tips to help even the most 'hula hoop challenged' become hoop masters in no time."

Although this toy made its debut in the 1950s, the hula hoop had been around for hundreds of years, she said.

"People have been playing with different versions of hula hoop since the days of ancient Egypt, over 3,000 years ago, when children would fashion circles from dried grapevines and swing them around their waists, rolled them on the ground, and tossed them into the air," Brosnihan said.

Money is being raised for the local charity from the sale of custom-made hoops, T-shirts, pledges, and sponsors.

"Since the House of Hope never seeks or accepts government funding of any kind, this ministry has always relied solely on the generosity of the community," Brosnihan said. "This is a remarkable grassroots organization, which provides a wide variety of services."

Sister Mary Ann Mazza and Sister Joanna Sinko of the House of Hope said the people of Garrett County and the many volunteers make it successful.

"We are so very grateful to Brenda's Body Shop and to all who will participate in Hoop Hope Hooray," the sisters said. "This is a real blessing."

The House of Hope has been in existence since 1978, assisting local residents in times of crisis and need.

Brenda's Body Shop first hosted the Thriller dance event two years ago, and last year performed the Pink Glove Dance.

"We are extremely proud of our efforts to inspire community spirit and participation," Brosnihan said. "Our events for the House of Hope within the past three years has raised over $50,000. Our collective total for the charity exceeds $100,000 with an additional $40,000 going to other charities. It is a real sign of the generosity, concern, and compassion our community demonstrates time after time."

There are three tiers of donations, Brosnihan said. Participants will receive an event T-shirt, hula hoop, and hoop dance classes.

"I encourage everyone to take advantage of what some call the 'happiest workout ever' with this new spin on exercise, while sharing the joys of community and charity. In the end, everyone wins," she said.

The hula hoops can be decorated by each user.

"It's going to be a lot of fun seeing all the different hoops and creative styles," she said.

CERTAINLY SOMETHING TO CELEBRATE – In the rush of everyday life, Garrett Countians surely often forget how lovely their home truly is, so it is most appropriate to set aside a weekend to celebrate the beauty of the Mountaintop, especially during this colorful season. The 44th annual Autumn Glory Festival was kicked off last evening at Wisp Resort, and a wide variety of events and activities are now in motion, slated for the rest of the weekend. Tonight is Oktoberfest, tomorrow are craft shows and the strings contest at Southern High School, Saturday's downtown Oakland events will include the Grand Feature Parade along with numerous "streetside" events, and tomorrow night the banjos and fiddles will continue, and the 34th annual Western Maryland Tournament of Bands will take place at the Southern High athletic field. Crafts shows are set at the Garrett County Exhibition Hall at McHenry, and at Southern Middle and Broad Ford Elementary schools. A car show will take place in Oakland Sunday. And there is so much more. So happy autumn, Garrett County. Have fun this weekend! Photo by Lisa Broadwater, taken at Little Meadows.

BOE Considers Comcast's Web Access Program

The Garrett County Board of Education recently met (Tuesday, Oct. 11) with a representative of Comcast to discuss that company's Internet Essentials program.

The initiative seeks to provide students of households without web access with an Internet connection.

Through the program, Comcast is offering an Internet connection for $9.95 per month with free equipment and no installation fees. Comcast will also offer free Internet training for students and their families. The system is stand-alone and there is no need to purchase cable, telephone, or any other services offered by Comcast.

Students who qualify for free lunch also qualify for the Internet Essentials program. However, eligible households must be within the Comcast "footprint," or locations where the company has installed its cable systems. Those who utilize the program may not have been Comcast customers within 90 days of installation.

"Given two students with similar educational opportunities, the one with Internet access seems more likely to succeed," explained Mark Depretis, Comcast.

The discussion centered on how the school system could best inform the public of this program without showing favoritism or affiliating itself directly with Comcast. Those interested in more information may visit internetessentials.com.

The retirements of Lynn Bell and Claudine Friend were announced at the meeting. Bell, director of secondary education, will retire Jan. 1, while Friend, part-time custodian at Yough Glades Elementary, will retire on Dec. 1.

GCHS To Host Fall Fundraising Dinner Oct. 28

The Garrett County Historical Society will host a fundraising dinner on Friday, Oct. 28, at the Pleasant Valley Community Center, beginning at 6:30 p.m.

The entertainment for the evening will be provided by local actor John Wilson, who will portray the county namesake and B&O Railroad president, John W. Garrett. Wilson is versed in the events in Garrett's life, including his numerous accomplishments and his close association with President Abraham Lincoln.

The price of the dinner is $20 per person. Reservations should be called in to the museum as soon as possible, according to Robert Boal, president of the society. The number is 301-334-3226. Persons should call between the hours of 10 a.m. and 3 p.m.

Boal said the public is invited to attend this event, which is in part a celebration of the opening of the new Garrett County Transportation Museum, located along Liberty Street in Oakland.

Garrett County Presents "Modest" List Of Priorities To Transportation Officials

Maryland Department of Transportation (DOT) and State Highway Administration (SHA) personnel conducted their annual consultation meeting with local officials and residents last Friday morning at the courthouse.

Each fall, transportation and highway officials visit Baltimore City and every county in the state to present their six-year Consolidated Transportation Program draft and to review local priorities and funding needs.

Maryland Department of Transportation Secretary Beverley Swaim-Staley indicated Garrett County's requests are small compared to other areas of the state.

"Garrett County, you all are modest in your requests," Swaim-Staley said. "If we were to add up all of the 24 jurisdictions' number one priorities, they would total over $12 billion."

She noted, however, that even if the DOT's funding level were increased by $1 billion, which would be a significant level, it would take a "very, very long time" to complete each one of those priorities.

"We continue to have significant funding challenges, as a country and as a state," Swaim-Staley said.

The secretary noted that her department traditionally receives about 35 percent of its funding from the federal government. Senators and representatives are in the midst of preparing the country's new budget, which will either flat fund or significantly reduce transportation allocations.

Because Maryland cannot rely on large federal funding packages anymore, Swaim-Staley indicated, state and local jurisdictions need to look at forming public-private partnerships to come up with innovative ways to pay for projects.

"That's really the only way we're going to be able to fund these things," she said. "I know some of those opportunities are easier in urban areas."

Director John Nelson, Garrett County Department of Planning and Land Development, reviewed Garrett County's list of 14 priorities and concerns for DOT officials. Topping the list of capital concerns is the 2.54-mile U.S. Rt. 219 North/Chestnut Ridge Road initiative. Part of a three-state plan to enhance accessibility and promote economic development in the Appalachian region, this project has been stalled for several years. Pennsylvania is the lead jurisdiction for the development and evaluation study.

"As we all are aware, the project remains on hold as we wait for the funding picture to be resolved," said Doug Simmons, SHA deputy administrator. "Maryland has recommitted to finding the funds to move forward and complete the planning phase."

Pennsylvania has taken a similar stance, he added. He noted, however, that once the project us ready to move back into the planning phase, environmental impact work previously conducted will have to be re-examined because of new state regulations.

Number two on the county's list of capital priorities is the Rt. 219 Oakland bypass. The state has also deferred this 2.4-mile project until the funding picture improves. No allocations are listed for the project in the DOT's fiscal year 2012–2017 plan.

Commissioner Jim Raley stressed that the bypass was second on the county's list in terms of capital projects, not in terms of its overall priorities, which includes safety and enhancement concerns.

"It's number two in a capital sense, not in regard to the 14 bullets on the sheet that we distributed today," Raley said.

Commissioner Gregan Crawford noted that the Oakland bypass project is a con-

Sincell Named AGF Honorary Golden Ambass.

Don Sincell, editor of *The Republican* newspaper and president of Sincell Publishing Company, was named the 2011 Honorary Golden Ambassador of the 44th annual Autumn Glory Festival during the festival kickoff dinner and reception held last night at the Wisp in McHenry.

Sincell, along with the 2009 winner of the award Bob Rudy, were the co-founders of the Oktoberfest that has been sponsored by the Oakland Volunteer Fire Department durign the Autumn Glory Festival for the past 33 years, and tonight will mark the 34th consecutive year that Sincell has played trombone in the band which he organized in 1978.

Sincell has also participated in the festival's Grand Feature parade almost every year since he was in high school, occasionally either marching or riding in more than one unit in the same parade. Because members of the Ali Ghan Shrine Band are among those who play in the OVFD Oktoberfest band, Sincell typically plays trombone with that organization in the parade. He has also been a participant in the AGF Firemen's Parade and worked a number of years with the annual AGF Tournament of Bands as a Southern High School Band Booster.

Sincell Publishing Company is the owner of the Front Page Stage in downtown Oakland, the use of which is donated every year during the festival for pre-parade entertainment.

GEARS Receives Grant To Increase Robotics Programs

The Naylor Family Trust Fund, through the Community Trust Foundation, recently awarded the Garrett Engineering and Robotics Society (GEARS) with a grant that will make it possible for more Garrett County youth to participate in educational robotics activities.

Many youth development organizations, such as 4-H, Boy Scouts, and Girl Scouts, are introducing robotics into their programs. Yet many more of these clubs lack either the financial resources or technical skill to embrace this new technology. In an effort to address this problem, GEARS will utilize its robotics activity, SuGO, to jumpstart local club-based robotics programs.

SuGO was developed by GEARS as a "friendly" robotics competition in which small teams design and build sumo-wrestling robots using the Lego mindstorms system. GEARS has been running monthly SuGO competitions for the past five years, but this new "SuGO outreach project" is, according to a spokesperson, designed to provide resources to enable local clubs to organize and run their own competitions.

Over the next two years, GEARS will seek out Garrett County clubs interested in learning more about robotics. GEARS will provide these clubs with outreach in the form of hands-on training, and robotic hardware (LEGO Mindstorms kits) purchased with funds provided by the Naylor grant.

SuGO "outreach mini-grants" will be available to clubs that meet regularly, operate under a parent organization, and have sufficient youth within the target age-group (8-14 years). Grant applications will be available online at www.SuGObot.com.

Participating clubs will be

The suspect vehicle, driven by Justin David Dillsworth, was then seen traveling southbound. Deputies observed a traffic violation and attempted to stop the vehicle, and Dillsworth proceeded to flee from deputies at a high rate of speed. The vehicle was eventually stopped in the area of Jasper Riley Road.

Dillsworth was charged with failing to stop for a police vehicle, passing in a no passing zone, speeding, speed greater than reasonable, turning off lights to avoid detection, driving on a suspended license, reckless driving, aggressive driving, negligent driving, failure to drive right of center, and several other payable citation offenses. He was taken to the Garrett County Jail to await a bond hearing.

Locals Reminded To Be Cautious Of Black Bears

The Maryland Department of Natural Resources (DNR) reminds Marylanders that as temperatures cool, black bear feeding increases to prepare for hibernation. During this time, bears may be attracted to human food sources such as trash, pet food, and birdfeeders. Bears exploiting human food may lose their natural fear of people which can lead to dangerous encounters and conflicts.

"Keeping trash and pet food in a place where bears can't get to it is the best way to avoid problems," said Harry Spiker, DNR's Game Mammal Section leader. "A little prevention can go a long way."

FOREST PRODUCTS WEEK PROCLAIMED – The Garrett County Forestry Board on Tuesday presented the Garrett County commissioners with a governor's proclamation recognizing Forest Products Week as Oct. 17–22. "The state of Maryland joins with the Maryland Forests Association in celebrating the time-honored traditions of our forest products industry through the theme 'Healthy Forests for a Healthy Environment,'" the proclamation noted. "This theme recognizes the forest product industry's continued commitment to improving our environment by effectively managing our forest resources." Pictured, left to right, with the proclamation are Bob Gatto, county commissioner; Gregan Crawford, county commissioner and GC Forestry Board member; Charles Hoffeditz, Forestry Board chairperson; Carl McIntire, Forestry Board member; Phil Kisner, Forestry Board member; Ken Fisher, Forestry Board member; Jim Raley, county commissioner; and Ernie Metz, project forester, Maryland Forest Service. Bears may travel many miles searching for food in the fall. Motorists traveling in Maryland's western counties are reminded to watch for bears crossing roads, especially during October and November. Bears in Maryland will begin entering dens in mid-November and most are denned by mid-December. Citizens should delay feeding songbirds until the winter months to avoid attracting bears.

To learn more about Maryland's black bears, persons should visit dnr.maryland.gov/wildlife/Hunt_Trap/blackbear/index.asp or contact a staff person in the Western Region at 301-777-2136 or statewide at 410-260-8540.

Meyers, Fla., and McHenry, was operating a 2003 Cadillac DeVille north on Rt. 42. For unknown reasons, Damiano's vehicle struck a 2005 Ford Expedition driven by Amanda Klotz, 29, Friendsville, also traveling north. Klotz's vehicle was forced into a parked 2010 Ford Edge, driven by Julia Rush, 66, Friendsville. Rush's vehicle was pushed into a retaining wall. Klotz's vehicle continued over a stop sign before it came to rest. Damiano's vehicle struck a ditch and a tree as well.

DEMOCRATIC CLUB DONATES SCHOOL SUPPLIES – Garrett County Democratic Club members recently presented donations to four local elementary schools. Doris Goldsborough is pictured above left giving supplies to Yough Glades Elementary School that were donated by the club from funds provided by the Eagle Rock Construction Company. Seated, left to right, are Morgan Cowgill, Goldsborough, Kiara Rhodes, and Nichole McMasters. Standing is principal Janet Gregory. Pictured above right are club members Jackie and George Brady presenting a check to principal Patrick Damon in recognition of Kitzmiller Elementary School receiving its second recertification as a Maryland Green School. Developed by the Maryland Association for Environmental and Outdoor Education, the program challenges schools to integrate the environment into all aspects of school culture, including professional development for teachers, curricular integration, and modeling best management practices inside and outside the school. "It's a culture change that doesn't happen overnight, and can't happen unless the whole school is involved," said a club spokesperson. "On average, it takes a school two years to effectively fulfill the requirements associated with certification. Kitzmiller Elementary and 83 other Maryland schools make up the 2011 class of newly certified Maryland Green Schools." In the front are Jason Paugh, Elizabeth Guthrie, and Jackie Brady. In the back are Debbie Guthrie, Angie Paugh, Sandy DeWitt, George Brady, and Damon. Below left is Goldsborough delivering supplies (made possible from funds from Eagle Rock Construction) to Broad Ford Elementary School. IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Town of Oakland Has Levels of Disinfection Byproducts Above Drinking Water Standards

Our water system recently violated a drinking water standard. Although this is not an emergency, as our customers, you have a right to know what happened, what you should do, and what we are doing to correct this situation.

We routinely monitor for the presence of drinking water contaminants. Disinfection byproducts are formed by a chemical reaction of chlorine with the organic material in the water, such as leaves and algae. Testing results show that our system exceeds the standards, or maximum contaminant levels (MCL), for Total Trihalomethanes and Haloacetic Acids. The standard for Total Trihalomethanes is 80 parts per billion (ppb), and Haloacetic Acids is 60 ppb.

The average level of Disinfection Byproducts over the prior year (January 2010 December 2010) was:

Total Trihalomethanes	127.50 ppb
Haloacetic Acids	86.79 ppb

What should you do? You do not need to use an alternative (e.g. bottled) water supply. However, if you have specific health concerns, consult your doctor.

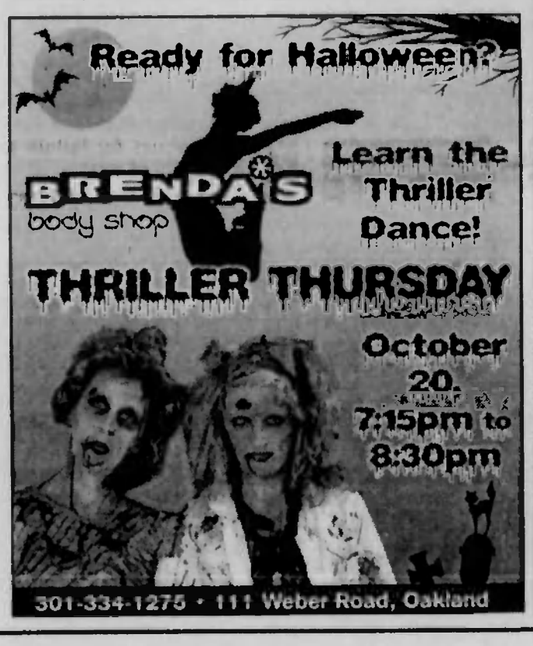
What does this mean? This is not an immediate risk. If it had been, you would have been notified immediately. However, some people who drink water containing total trihalomethanes and haloacetic acids in excess of the MCL over many years may have an increased risk of getting cancer.

What happened? What is being done? Recently, the State of Maryland, Department of the Environment has made the byproducts limitations more stringent. Oakland has been working to lower the levels of total trihalomethanes and haloacetic acids over the past couple years in anticipation of the new requirements. Unfortunately, we have not able to bring the levels down to meet the new guidelines. As a result, we have completed a study on our water system to determine what changes or improvements are necessary to bring our system into compliance. We previously awarded a contract for the design work necessary to make improvements to our water plants which should bring our levels into compliance, based upon the completed study The design work is complete, and we are working to finalize some review comments to obtain a construction permit from MDE. We expect to award a construction contract in the next couple months, pending approval by Maryland Department of the Environment.

For more information, please contact Randy Sharpless, Oakland Water Superintendent, by phone at 301-334-3836, or his mailing address is: Oakland Water Department, 15 South Third Street, Oakland, Maryland 21550.

NOTE: Please feel free to share this information with all other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.

This notice is being provided to you by the Town of Oakland, State Water System ID # 011-0008.



Correction Noted...

The letter response to the controversial issue involving water releases from Deep Creek Lake to make whitewater boating possible on the Youghiogheny River is unprecedented in the 134½-year history of this publication. While the effort was encouraged by at least one whitewater-related web site (American Whitewater), the result nonetheless reiterates the proverbial power of the press.

A few of the letters in favor of additional curtailing of the water releases from the lake question the accuracy of some of the statements made in the Sept. 29 editorial in this corner, and the purpose of the column this week is to acknowledge that there was indeed an error on the part of the editor that needs to be corrected.

The previous editorial incorrectly claimed that curtailing *all* of the whitewater releases from the lake would ultimately result in a gain of only about five more days of higher water levels of the lake, when it should have stated that curtailing the number of releases *requested by* the lake policy and review board (PRB) would have resulted in the extra five days of higher water.

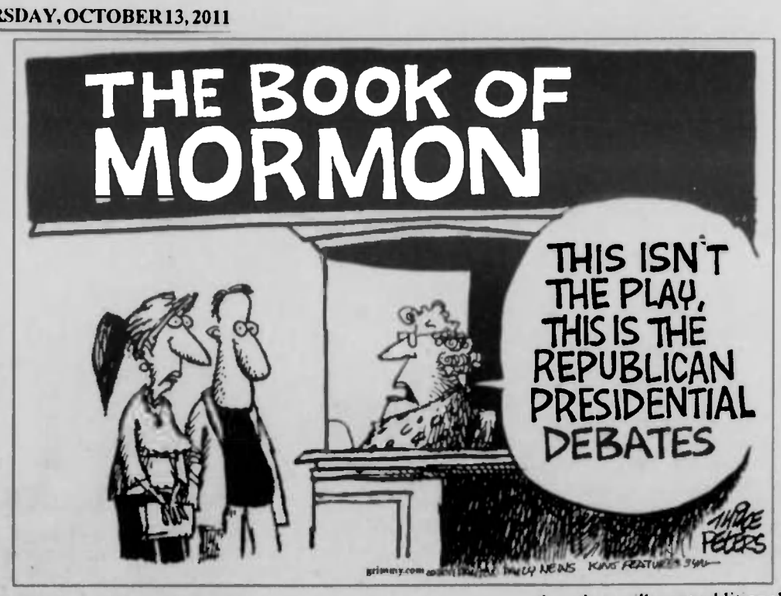
It was last year that the PRB petitioned the state "to extend from June 1 levels to September the upper and lower rule bands that govern the lake levels month by month." (Huh?) Clearly understanding that request is somewhat difficult, but more simply stated, the end result is that adoption of that request would have resulted in a reduction of the number of whitewater releases during the summer months. The state rejected the request, but had it been adopted, the end result for 2009 (a drought year) would have been a 40% drop in the number of whitewater releases, and thus approximately a 40% loss to whitewater business in Friendsville. The result in the summer of 2010 would have been a 25% drop in those figures.

The request by the PRB included the statement that adoption of its request would have "no negative consequences," but clearly it would have had significant negative consequences to the aforementioned businesses. Because whitewater companies operate at a small profit margin under the best of circumstances, losses of 25% and 40% would likely put them out of business. As noted in so many of the letters to the editor, the domino effect of the loss to the businesses in Friendsville would have been enormous if whitewater enthusiasts no longer came to Garrett County.

Further, the respective additional days of higher water levels if the PRB request had been adopted would have been 13 days for 2009 and, as stated last week, five days for 2010.

Another number that is in dispute is how much the lake level drops with each release. While the power company reportedly states that one release causes a drop of 1.2 inches, the Maryland Department of the Environment says that one release results in an average drop of ½-inch – a sizable difference.

Needless to say, this is a highly complicated issue, but one for which there must be continued compromise among all of the stakeholders of lake. The water in, and flowing out of, Deep Creek Lake is owned by the state of Maryland, meaning it is *equally* owned by all citizens of the state.



Letters to the Editor

Writers of letters to the editor are reminded that letters will not be published if they exceed 400 words, do not include contact information, and/or are deemed to be libelous.

To the Editor:

I am writing you with regard to your recent editorial about the DCL water level issue. I am a homeowner with a lake front house on DCL. I am also an avid fly fisherman and have fished a lot in western Maryland and around the world. I support Trout Unlimited and many other conservation organizations, and I generally support water management initiatives to sustain trout populations. I have fished many tail waters and generally understand how water releases work, including the impact on the lake and river systems resulting from these water management approaches. I have also floated many rivers in western Maryland and throughout the united states. Although I am a novice when it comes to whitewater, I think kayaking and rafting is an awesome sport.

Everybody, including you, Mr. Sincell, is entitled to their opinion on the issue of the DCL water level and the challenges associated with it. However, I want to make sure, given his position of influence, that your comments regarding the whitewater releases are based on the facts.

You stated that "if all releases for whitewater rafting were ceased, calculations indicate that the level of the lake, just by evaporation and natural outflow, would be maintained for only about five more days." As a result, the lake level would be the same level on September 6, without any whitewater releases, as it would be on September 1 with whitewater releases. As a result, you conclude that DCL cove residents are merely "inconvenienced" for five more days.

If indeed your facts and calculations are true, I would very much appreciate knowing the supporting calculations or studies. Based on my experience and understanding of the issue, your statements about how it works seem very unrealistic and simply do not make sense. My understanding is that each of the approximately 50 whitewater releases every year lowers the lake a little over an inch, which means the lake is 4-5 feet lower toward the end of the summer as a result of the whitewater releases. That is pretty basic math, but perhaps I do not have my facts straight. Can you please clarify the source of your calculations?

Tony G. Fuller
Tyson's Corner, Va.

Mr. Fuller,

You raise legitimate issues and fair questions, and I refer you to my editorial today as a response.

To the Editor:

I live in Washington, D.C., and for the last five years I've spent countless days and weekends in Garrett County enjoying the whitewater releases on the Upper Yough. We meet up with friends from Charlottesville, Fredrick, Blacksburg, Richmond, and Baltimore. We camp at Piney Mountain State Park, enjoy eating in and around McHenry, Friendsville, and Deep Creek. We usually play golf on Sunday waiting for the Monday release if we are lucky enough to take a long weekend.

Raising the lower rule band will change our plans going forward. The 4th of July and Labor Day weekends, to name just two, will be spent elsewhere if we can't depend on water in the Yough.

The friendships and the memories I have made on the Upper Yough and in Garrett County have changed me. Good friends of mine from Richmond even named their child Garrett ... they make the pilgrimage from Richmond every long weekend of the summer. Losing the releases and current schedule for the Upper Yough would be devastating for me, my friends, and countless other paddlers who have made Garrett County a destination and home away from home for many years.

Three of us were there this past weekend. We had a blast. Please don't take that away.

Sincerely,
Drew Schaumber

To the Editor:

I am a resident of Bethesda who has been visiting Friendsville regularly for about 12 years. I am a whitewater kayaker and am drawn to the area by the Youghiogheny River and the reliable summer whitewater releases.

I understand that a handful of landowners on the back coves of Deep Creek Lake are lobbying to change the "lower rule band," significantly impacting our whitewater releases. I sincerely hope that a relatively insignificant benefit for a few does not impact the whitewater releases that so many enjoy.

I am in the Friendsville area around 10 times a year and frequent many of the establishments in Friendsville and the surrounding area. My work and family commitments are such that last-minute trips after a rainfall are difficult. The reliable whitewater releases make it possible for me to clear my schedule and plan trips to the area.

The Upper Yough is such a significant part of my summers that I have recently started looking for a second home in Garrett County. However, I will not make such a decision until the Deep Creek Lake level issue is resolved and whitewater releases on the Upper Yough are no longer in jeopardy.

I hope that one day I am enjoying the whitewater releases with my now young children and not talking about "the good old days."

Thank you,
D. Michael Hodge

To the Editor:

Two friends and I traveled to Friendsville to paddle the upper Youghiogheny river on Sept. 15. We drove up from eastern Tennessee, about a 6-hour drive for us.

It was the first time on the upper Yough for all of us. We had anticipated that the Gauley River in West Virginia later that weekend would be the highlight of our trip; however, the Yough had other surprises in store for us. The river level was a little higher than we had anticipated, and we ended up having so much fun on the Yough that we stayed overnight in the area so that we could paddle the Yough again the next day, instead of driving down to the Gauley River in West Virginia as we had initially planned to do.

We did finally make it to the Gauley on Saturday, but all three of us agreed that the Yough was the highlight of our trip. We had much more fun and excitement on the upper Yough than we did on the world famous Gauley River! None of us had expected that the Yough would end up being the adventure of epic proportions that it turned out to be. I am still telling stories about it to whomever will listen. We will absolutely be returning the Yough every year from now on.

I hope that those residing in Friendsville understand the treasure that exists right in their back yard. The upper Yough is a world-class whitewater resource that will continue to pay dividends to the people of Friendsville for many years to come if releases continue. I heard about the current debate regarding future whitewater releases and felt that I needed to share my story. We had a magical two days in Friendsville that I will not forget the rest of my life. I hope that the nice folks in Friendsville will help ensure that future paddlers will have the opportunity to make cherished memories on the Youghiogheny River as well.

Thank you,
Chris L. Clark

To the Editor:

The PRB does a lot of good for Deep Creek Lake on most issues. The seemingly biased handling of the lake-level concerns should not characterize the majority of the board members. The lake-level issue is seriously complex, and apparently almost two decades of stakeholder compromises have been forgotten. In my opinion, this is the definition of a great editorial subject. Last week's letters from cove residents make many impertinent points, with sedimentation and compromising being among the greats.

In recent years, cove property owners gained PRB board-member seats next to a senator, delegate, and commissioner, and also obtaining a special sub-committee devoted entirely to serve the cove interest. This one lake stakeholder now enjoys the sole attention, actions, and resources of the PRB.

The PRB makes policy for a lake which has many stakeholders. Having a one-stakeholder board membership and sub-committee is overtly synonymous with biased intent.

Cove property owners perceive sedimentation as a problem to be addressed by using other stakeholders' water. A letter written to DCL property owners from MDE, April 25, 2011, states: "A final critical consideration is the sediment that continues to build up in many cove areas. Unfortunately, the water appropriations permit cannot be written to address this concern."

The DCL recreational and lake use plan also perceives sedimentation as "the responsibility of the property owner." Hello!

Senator Edwards called for a compromise at the Friendsville meeting of 10/3/11. He discounts our painful history. The PRB was not present during any stakeholder negotiation until 2011. Prior to 2011, all stakeholders hashed out countless, painstaking compromises from 1994 until 2007. Whitewater lost many releases in the '94 compromise. Lake coves improved greatly through the new rule band, thus the exponential development of shallow cove property. In '94, a fellow stakeholder commented to me, "Watch, they will now develop the shallow coves and then they will want additional higher water levels so they can develop further into the shallow coves and so on...." How prophetic! How does one compromise with naked, self-serving greed?

Friendsville wants stability, not more water. The PRB needs to embrace the existing permit because of its long, hard history of painful compromise, MDE research, and overall fairness, not reward a small group of people who gained unfair favor and made poor property choices. The existing permit spreads the pain of a drought year evenly among all stakeholders.

Sincerely,
Jess Whittemore
Friendsville Councilman

To the Editor:

Although I have formed many letters to the editor in my head, I have never actually put those thoughts to paper. But this issue is so meaningful and close to our family's hearts, I have to submit this letter.

As most know, construction of the new Community Aquatic and Recreation Complex (CARC) at Garrett College is nearly complete. One of the programs created by the CARC is titled "I Can Swim." In coordination with the Garrett County Board of Education, each kindergarten child in the county will spend four days at the CARC, where each will be taught water safety, swimming, and other related life skills. *Incredible!*

Because of a water accident, we lost our dear grandson Jack. He would be in school now, and possibly enjoying the benefit of a program similar to "I Can Swim."

It is projected that it will cost approximately $100 for each child to participate in the "I Can Swim" program, and Garrett College will be looking to the community for support. Our family has supported CARC and will continue to be an annual supporter. I beg each reader to go and find your checkbook and write a check to CARC. Do it *now*, not later! The address is CARC, 687 Mosser Road, McHenry, MD 21541.

If $100 exceeds what you feel you can afford, then write a check for $50, and try to get someone else to match it.

If you have now written the check, I certainly thank you. If you have not, please call me at 301-334-8250, and I can prove to you why this is such a cost-effective, gratifying use your time and money.

Sincerely,
Gene Helbig

To the Editor:

On various Saturdays in October, Garrett County shoppers at certain stores may find members of the Knights of Columbus handing out Tootsie Rolls. This practice is a fundraiser to help the developmentally disabled. It is part of a nationwide campaign that takes place every year.

The manufacturer of Tootsie Rolls has been supporting the intellectually disabled (mentally handicapped) for many years, and provides the candy at well below standard wholesale cost. Individual members of the Knights of Columbus donate their time to stand there handing them out. All the proceeds go to provide support for various agencies that assist these needy citizens. In Garrett County, this means Appalachian Crossroads in Oakland, the primary provider of such services.

Once in a while someone asks what the Tootsie Rolls cost. There is no "price"; all donations are voluntary. But if you read the small print on the inside of the candy wrapper, you'll see how the donations all add up. Do the math: With 1.7 million K of C members nationwide, typically giving about two hours' time and handing out a Tootsie Roll every minute at a busy store, there's a lot of transactions. Through the Tootsie Roll program, the Knights of Columbus has delivered over a billion dollars in a decade to help those with intellectual disabilities.

We especially want to thank this year's participating stores: Arrowhead Market, Browning's Foodland, Foodland Fresh at Deep Creek Lake, and Naylor's Hardware. And we thank all of you who paused and contributed. Together, our community is stronger because we care for all our citizens.

DR. MICHAEL RAUPP TO GIVE TALK ON HOW BUGS RUN THE WORLD – Dr. Michael Raupp, renowned entomologist and professor at the University of Maryland, is scheduled to give a presentation on Tuesday, Oct. 18, titled "How Bugs Make the World Go Around." The talk will take place at the Will O' the Wisp at 10:30 a.m. and will be hosted by the Mountain Laurel Garden Club. See story for details. Pictured above is Raupp at left.

Garden Club To Host Renowned Entomologist

Dr. Michael Raupp will give a presentation titled "How Bugs Make the World Go Around" at the next meeting of the Mountain Laurel Garden Club. That meeting is scheduled for 10:30 a.m. on Tuesday, Oct. 18, at the Will O' the Wisp.

Following a short business meeting, Raupp will discuss why insects are among the most abundant, diverse, and ancient inhabitants of Earth. Members and guests will learn why insects are so successful, what important ecological services they provide, and how they can support one's garden and landscape. Lunch will follow the program.

Raupp earned his bachelor's and master's degrees from Rutgers University (N.J.). He received his Ph.D. in entomology at the University of Maryland in College Park, where he is a professor and extension specialist.

As an extension specialist, Raupp develops and implements Integrated Pest Management (IPM) programs for managed landscapes, with the goal of improving sustainability through the conservation and enhancement of biological diversity with special emphasis on natural enemy communities.

Raupp has taught larval taxonomy, pest management, insect pests of ornamentals, general entomology, forensic entomology, extension education, and non-majors biology. He has written more than 200 publications, including refereed articles, books and book chapters, extension publications, and lay articles. He is author of two books: *26 Things That Bug Me* and *Managing Insects and Mites on Woody Plants*.

He has made more than 750 professional and extension presentations on the ecology and management of insect and mite pests.

Raupp is a regular on television and radio, and has made appearances on CNN, BBC, the National Geographic Channel's "Ultimate Explorer," and the "Lehrer News Hour."

His "Bug of the Week" web site (www.bugoftheweek.com) highlights a different bug each week. The site is an information source for the natural history of insects and has received more than 500,000 visits since its inception. Raupp has received eight regional or national awards for excellence in extension programming and media communications, including the Secretary of Agriculture's Award for Environmental Protection.

He has served as the president of he Eastern Branch of the National Entomological Society of America (ESA), as well as on the group's program and awards committees.

Man Arrested On Theft, Burglary, CDS Charges

A Loch Lynn man was arrested on burglary and CDS charges Wednesday following a search and seizure of his residence.

Investigators with the Garrett County Sheriff's Office arrested Eric Carlton Sines, 40, on a warrant that stemmed from an Oct. 4 burglary that occurred at a Joe Whitacre Road residence. The burglary was reported after the homeowner came home to discover his door forced open and money stolen.

Upon Sines' arrest, investigators found evidence of an indoor marijuana grow operation. Members of the Garrett County Narcotics Task Force executed the search. He was charged with first-degree burglary, theft less than $100, attempted CDS manufacturing, possession of paraphernalia, and possession of marijuana. He was taken to the Garrett County Jail where his bond is set at $5,000.

ROY A. HARDESTY

Sometimes the Lord takes a young person to Heaven that just makes one wonder if the good people on the other side needed a soul with a lot of humor to shake things up a bit.

That is certainly the case with Roy Allen Hardesty, 58, of Terra Alta, a wonderful husband, father, pappy, son, father-in-law, brother, and friend who joined his father, Grant Hardesty, in Heaven on Friday, Oct. 7, 2011, after spending a week enjoying what he loved – fishing in Michigan.

Roy touched the hearts and lives of the many people he came in contact with throughout his life. Even in the time of sorrow and sadness, it is hard not to crack a smile when thinking about him. Roy's goofiness kept those around him a little more light-hearted than they would have been without him. He was always ready to reach a hand out to those in need. He enjoyed hunting, cooking out, fishing and spending time with his family, friends, and his beloved bloodhound Copper.

He leaves behind his beautiful wife, Vicki Strawser Hardesty, along with his daughter Ashley Tasker and husband A.J. and his son Scott Hardesty and wife Kellie. His pride and joy, whom everyone he met knew about, were his grandchildren, Jayden Alexis Tasker, Conner Scott Hardesty, Tyler Ray, and Erin Rochelle Rhodes.

Roy will also be fondly remembered and missed by his mother, Betty Jean Hardesty Strawser; in-laws Bob and Lois Strawser; siblings and families Ray Hardesty, Ethel Butler and husband June, Brenda Thomas, Ralph Hardesty, Alpha Loughrie and husband Dana, and Conley Hardesty and companion Lori. He is also survived by numerous nieces and nephews who were a big part of his life. He was further survived by his lifelong friend, Steve Stewart.

Friends will be received today, Thursday, from 2 to 4 and 6 to 8 p.m. at Arthur H. Wright Funeral Home, Terra Alta, where a service will be conducted on Friday, Oct. 14, at 1 p.m., with Ed Lewis officiating. Friends will also be received one hour prior to the service.

Burial will follow at Mt. Olivet Cemetery, Aurora, W.Va.

Condolences may be made to the family at www.arthurwrightfuneralhome.com.

Mrs. Sines was a homemaker, and a member of the Sand Spring Church of God and the Sand Spring Quilters.

KATHRYN A. DUNSON

Kathryn Ann "Kat" Dunson, 50, Terra Alta, W.Va., died unexpectedly on Saturday, Oct. 8, 2011, at home.

Born June 21, 1961, in Conneaut, Ohio, she was a daughter of the late Frank Kapen and Elsie Kapen, Conneaut, and Linda and Howard English, Conneaut.

Kathy loved her family and friends. She always wore a smile and made sure others did as well. She was outgoing and spoke to anyone who would listen and would share a shoulder when needed. This attitude carried over into her job as a waitress for over 20 years at Pizza Hut in Oakland. To know her was to love her.

Kat had many interests including: Harley Davidson motorcycles, Dallas Cowboys, Dale Earnhardt, WVU football, and demolition derbies. There is no doubt she is racing with Dale in Heaven.

She is survived by her husband of 33 years, Cecil "Bud" Dunson. She lovingly raised three children and was proud to be their mom. Her children are daughter Katie L. Dunson, Frostburg, and sons Anthony J. "Tony" Dunson, Leesburg, Va., and William L. "Bill" Dunson, Terra Alta.

Adorable Adoptables

PLENTY OF CANINES ARE AVAILABLE for adoption this week at the Garrett County Animal Shelter. They include a nice female Corgi mix (above left) who was picked up in New Germany State Park; Daphne (above right), a female chow mix who was given up by her college-bound owner; a female mastiff mix (below left) who was brought in with her puppies (all have since been adopted); and the female black Lab and female collie mix (below right), without collars and tags, who were picked up in the Broadford Park area. "Last week some dogs and a load of kittens were taken out of the shelter to rescues by HART," said a GC Humane Society spokesperson. "There are some new adult cats available, including two 4-year-old male orange/white tabbies who are housecats, a longhaired black/white tuxedo, and an orange tabby. The GCHS responded to several neglect calls this week regarding dogs without doghouses/shelter. A Maryland law states that pet owners must provide adequate food, water, vet care, and shelter for all their pets. Winter is coming, so make sure your outside pets have warm shelter from the cold weather." For more information, persons may call the shelter at 301-334-3553. Located along Oakland Sang Run Road, the county-operated facility is open Monday through Friday. Photos courtesy of the GC Humane Society, a nonprofit volunteer organization.

She is also survived by three brothers, Mark Kapen and wife Brenda, Frank Kapen Jr., and Fred Kapen; three sisters, Kimberly Kapen, Kelly Tredway, and Mandy Schlemminger and husband Volker; two granddaughters, her prized possessions, Karleigh A. Beeman and Gabrielle M. Dunson, whom she spent each free moment holding and loving; eight nieces and nephews, Jeffery, Kaley, Nicholas, Sarah, Myles, Tanner, Travis, and Holly; and one great-niece, Callie.

Friends were received at Arthur H. Wright Funeral Home, Terra Alta, where a service was conducted on Wednesday, Oct. 12, with Pastor Ross Glotfelty officiating.

Burial followed in the Oak Grove Cemetery, Terra Alta.

Her heart was full, and her life was short, but Kat's memory will live with us forever in our hearts.

Condolences may be sent online to www.arthurwright-funeralhome.com.

WVU Percussion Concert Set; To Feature Marimbas

The annual West Virginia University Fall Percussion Ensemble Concert will take place Friday, Oct. 14, at the Creative Arts Center, Morgantown, W.Va., starting at 7:30 p.m. It will be held in the Lyell B. Clay Concert Theatre.

The program will feature three different soloists performing marimba concertos, as well as the final piece, Adagio for Strings, with the entire ensemble on marimbas.

According to George Willis, director of the WVU percussion department, the program will also include "Ionisation," written by Edgar Varese in 1931, which is considered one of the first works written for the concert percussion ensemble.

"Varese is considered one of the most influential composers of the 20th century," Willis said.

Other programmed pieces include "Plasma Canon Predicament," a marimba concerto written by WVU alumnus David Newcomb, which Willis said is "the world's first and only 'speed metal marimba concerto.'"

A marimba concerto titled "Rite of Passage" will feature music student Tyler Shreve as soloist. Shreve is a native of Cumberland.

"We will once again end our concert with the unforgettable Adagio for Strings by Samuel Barber, performed by the entire percussion ensemble in a mass marimba choir," Willis said. "This is one of the most popular classical music works ever written and has been arranged for virtually every type of ensemble in existence. This has become a favorite piece of the WVU Percussion Ensemble and the audience."

Oakland native and Southern High School graduate Robert McEwen, a music education sophomore at WVU, will be performing in the ensemble concert.

Tickets for the concert, which are $10 for adults, $6 for senior citizens and staff, and $5 for students, are available at the Mountainlair and Creative Arts Center box offices or by calling 304-293-7469.

October Events Slated At Preston Comm. Arts Center

An Open Mic Night will be held at the Preston Community Arts Center, Kingwood, every third Thursday of each month beginning Oct. 20. The doors will open at 7 p.m., and live music will begin at 8 p.m. The cafe will be open for the family-friendly evening of entertainment. Poets, musicians, and singers of all ages are welcome.

"An Evening with Mark Twain" will be presented on Saturday, Oct. 22, by Doug Riley, a first-person portrayer of the humorist, born Samuel Clemens.

"Mark Twain was truly America's first world-renowned humorist, giving rise to those who were to follow, such as Will Rogers, Johnny Carson, and Jay Leno," said a spokesperson. "He is probably the most quoted person in American history, one of America's most prolific writers and speakers, and best remembered for his novels, *The Adventures of Tom Sawyer* and *The Adventures of Huckleberry Finn*, both set on the Mississippi River."

This live presentation draws upon Hal Holbrook's "Mark Twain Tonight," as performed on PBS, as well as other research, with some new tales that Riley has not previously presented. Riley began his portrayal of Twain in the stage performance "Big River," in 2007. This was followed by several stage performances of "An Evening With Mark Twain" at various venues including the Paul Revere Inn, Syracuse, N.Y., in 2009.

Riley has done numerous classroom and school performances with "Readings From Huckleberry Finn." He recently retired after 32 years of education as a history teacher and school administrator. He also portrays Gen. Stonewall Jackson for the West Virginia Humanities Council History Alive! program.

"His love of history and humor led to developing this Mark Twain presentation," said the spokesperson. "If you like humor and political satire, you will be at home at 'An Evening With Mark Twain.'"

There is a $10 donation asked for the event. Guests will be offered Mississippi mud cake and non-alcoholic mint juleps.

Jazz Ensembles To Perform At West Virginia U.

West Virginia University jazz musicians will perform in concert on Monday, Oct. 17, at 7:30 p.m., in the Gladys G. Davis Theatre of the Creative Arts Center, Morgantown, W.Va.

Conducted by Paul Scea, who is a music professor and director of jazz studies, and students Gregory Thurman and Pin Xuen Cheng, the concert will feature four piano quartets and a sextet of graduate students, as well as the WVU Big Band.

For tickets and information, persons may contact the WVU Mountainlair and CAC box offices at 304-293-7469.

WVU PRESENTING *THE CRUCIBLE* – The West Virginia University Division of Theatre and Dance will present Arthur Miller's famous play *The Crucible* as its next show of the season, opening Thursday, Oct. 20, and running through Sunday, Oct. 23, 7:30 p.m. each evening and 2 p.m. on Sunday. The show will be presented at the restored Metropolitan Theatre in downtown Morgantown, W.Va. The play is being presented in conjunction with WVU's Diversity Week 2011: Peace, Love & Understanding, sponsored by the President's Office for Social Justice. Written in 1953, this American classic drama is set within the witch trials of 17th century Salem, Mass., and reflects the anti-communist paranoia inspired by Senator Joseph McCarthy's so-named "witch-hunts" of the early 1950s in the United States. "The play illustrates perfectly Miller's ideas of the tragedy of a common man – in which the individual must reconcile his actions with the world at large," said a spokesperson. The play won the Antoinette Perry Award (the Tony) for Best Play in 1953. MFA performance students Greg Holt, Audrey Ahern, and Todd Berkich, respectively, portray John Proctor, Elizabeth Proctor and Deputy Governor Danforth. When a group of young Puritan girls are caught dancing in the forest and attempting to raise dead spirits with the help of a slave from Barbados, they are accused of witchcraft. To save themselves, the girls accuse other women, and in a series of events neighbor turns upon neighbor in an effort to save their property, positions, and lives, the spokesperson said. For ticket information, persons may call the WVU box office at 304-293-7469.

AN EVENING WITH MARK TWAIN will be presented at the Preston Community Arts Center on Saturday, Oct. 22, by Doug Riley (pictured). See story.

TIME TO GET THE HOOPLA STARTED! For the third consecutive year, the students and members of Brenda's Body Shop are dancing their way to both fitness and to donations, this year supporting the House of Hope. Brenda Brosnihan, owner of the business, will lead her fitness specialists around the county to perform "Hoop Hope Hooray," which involves the famous hula hoop toy. The dance will be given at several events during Autumn Glory, the first at the Thursday, Oct. 13, firemen's parade, then on Saturday at 11 a.m. at the Oakland Train Station. The group will then provide the intermission entertainment with the dance at the 34th annual Western Maryland Tournament of Bands, which is held at the Southern High School athletic field. The group is slated to perform at about 7 p.m.

BAND TOURNAMENT SET SATURDAY – Plans are being finalized for the 34th annual Western Maryland Tournament of Bands, slated for Saturday, Oct. 15, beginning at 6 p.m. at the Southern High School athletic field. There will be six visiting bands, competing for scores and trophies, and Southern Garrett Marching Band will perform in exhibition. The visiting bands are from Northern Garrett, Tucker County, Tygarts Valley, Preston, Petersburg, and Mountain Ridge high schools. Brenda's Body Shop's Hoop Hope Hooray dance will be performed during the intermission as well. There will be special raffles, air grams and flower grams, and refreshments from the Oakland/Mtn. Lake Park Lions Club. The Southern Band Boosters organization urges members of the community, especially family members and school staff members of both Northern and Southern, to attend. EYM Members To Reunite On AG Saturday

Members of the former Ecumenical Youth Ministry will reunite for singing and fellowship following the Autumn Glory Parade on Saturday, Oct. 15, at 4:30 p.m. at St. Matthew's Episcopal Church, Oakland.

The musical youth group ran from 1995 to 2002. Parents and friends of former EYM members are asked to pass the information on to their children, extended families, and neighbors, especially those who have relocated. EYM members hope to start meeting annually to "make a joyful noise."

Dance Classes To Be Offered At New CARC

Various dance courses will be offered at the new Garrett College Community Aquatic & Recreation Complex for children 4 to 10 years of age beginning Friday, Oct. 21.

Classes will be offered every Friday evening until Dec. 16, with no class slated for the Thanksgiving week. All classes cost $75 for members and $85 for non-members.

The following classes will be available.

•Creative movement/tap/ballet from 5 to 5:30 p.m. for those 4 to 5 years old.

•Tap/jazz from 5:30 to 6:15 p.m. for those 6 to 10 years old.

•Ballet from 6:15 to 7 p.m. for those 6 to 10 years old.

•Lyrical class from 7 to 7:45 p.m. for those 6 to 10 years old.

Creative movement builds the foundation for beginning dancers. The fundamental basics of ballet, tap, and creative movement are the focus of this course. Basic rhythms and movements in a fun nurturing nature will be introduced.

"In a playful atmosphere, children discover the joy of dance while developing basic motor skills, coordination, individual creativity, and basic dance terminology," said a spokesperson.

Focusing on tap and jazz dance, students will learn tap terminology and how to apply rhythm and timing into a tap routine. Tap dance develops a sense of rhythm and timing, as well as control, balance, and coordination. The jazz portion will focus on various forms of movement and wide terminology, as well as increased flexibility, musicality, control and balance, and progression of dance steps across the floor.

Students will be introduced to the formal study of classical ballet through age appropriate skill development, creative expression and the relationship between music and dance. Using French terminology, young dancers will learn the vocabulary of classical ballet, technique, and emphasis on body placement.

The lyrical course will focus on learning music interpretation through sustained extensions and expressive emotion. Lyrical is a type of dance that relies on a direct relationship between the lyrics of various songs/poems and specific dance movements.

Southern Finds Mid-Season Stride, Shuts Out Petersburg in Road Win

The Southern High School varsity football program now sits at an even 3-3 record after shutting out and shutting down the Petersburg Vikings, 16-0, on the road last Friday.

Overall, Southern Head Coach, Steve Savage was pleased with the Rams performance. The Rams battled themselves on the road and rose to their most recent challenge.

"This win was great for the Petersburg game," explained Coach Savage.

"It's a great place to play. We've had some trouble playing the Vikings in the past, but our pregame was good, the guys stayed focused even with all the distractions that come with travel and we got a win."

Halfback Zack Knotts turned in another stellar performance for the Rams, running for 128 yards and a pair of touchdowns to lead Southern High to victory.

"Zack has really come into his own – he's on another level now," said Coach Savage.

"It has taken him a couple of weeks to get to this point, but when we need him in a game situation he's able to kick it into that high gear of his and get it done for the team."

The first quarter saw the Rams strike first after Derek Noble picked off a pass intended for a Viking receiver. The ensuing Ram drive was stymied inside the Petersburg's 25, before Southern sent the field goal unit onto the field. Wyatt [illegible] one through the uprights 23 yards out to put the Rams up 3-0.

When the opportunity to score came in the second quarter, Knotts did it again. From one yard out the running back punched one past the goal line to give the Rams a comfortable lead before the half.

Knotts' touchdown came after Southern signal caller Kurt Gangler found Noble for a big 29-yard pass play.

After the break, both teams played a tough but offensively underwhelming and scoreless third quarter.

"Our defense played great – I'm really happy with their performance – but our offensive production [illegible] reflected in this game's score," stated Coach Savage.

"We marched down the field a couple of times only to make some mistakes and miss some key plays just outside of the endzone. We're looking to clean some things up – improve [illegible] offense."

The Rams' lack of success in the passing game, may be attributed to the injury of receiver Logan Stewart, who is out with an ankle injury.

The only points of the second half came in the fourth quarter, after Knotts dashed 29 yards past his pursuing Viking defenders for the game's second touchdown, that scoring play came [illegible] yard run by Mason Dick on a third-and-long.

Gangler tallied [illegible] yards passing in the game, four of those yards came off two receptions, both snagged by Noble.

As for the injured receiver [illegible] to run through a few routes in practice recently, but is not expected to be available for play for "at least a few weeks." Coach Savage has affirmed that he will play Stewart as soon as he is able.

Southern now looks to continue its win streak on the road against a talented [illegible] team. That game is scheduled for Friday and will [illegible] at 7 p.m.

"Hill is a great team [illegible] defensively they're very good," said Coach Savage.

"We're happy [illegible] team of that calib[illegible]

Mason recorded his fourth TD of the night on a 1-yard run with 4:57 left in the third period. The pass for the two extra points was again incomplete, and the Huskies led 25-14

The Huskies concluded their scoring with one more touchdown in the fourth quarter, this time on a 4-yard run by Baker. The pass for the extra points was again no good

Mason ran for 67 yards rushing to go with his four touchdowns.

The Huskies finished with a 391-231 advantage in total offensive yardage, with 307 of Northern's yards being gained via the rush. The Trojans managed only 91 yards on the ground, with Clower being credited with 72 of those yards on 11 carries.

"This was our best effort so far this season," said Northern head coach Phil Carr. "We pretty much dominated the game on both sides of the ball against a team that concerned us going in."

Carr commented specifically on Baker's effort

"Alex was just everywhere all night long, both on offense and on defense," he said. "He did a great job of both running and passing when we lined up in the wildcat formation."

The biggest challenge to date this season for the Huskies will be this Friday evening when they travel to Frostburg to take on undefeated Mountain Ridge.

"Once again, Mountain Ridge is an outstanding football team, and it will take a super effort and some lucky breaks for us to defeat them," said Coach Carr "But last year they came up here with a 6-0 record, we were 3-3, and we won the game. So we are hoping to pull off another upset like that one."

The Huskies not only defeated the Miners last year, but had a 26-0 lead going into the fourth quarter. The final score was 26-12. Northern then met the same team in the playoffs and fell in a tough contest, 16-9.

"Everyone counted us out of our regular season game with them last year, and they are doing the same thing this year," Carr said. "So we have nothing to lose and plan to go all out. We've had a great week of practice and are looking forward to the game."

The Miners are being led every week by WVU-bound senior running back Jarod Harper (6-0, 200), who has been named Area Player of the Week four of six weeks so far this season.

"There is simply no way we are going to be able to stop their offense completely," Carr said, "but we hope to be able to at least slow them down, maintain possession of the ball as much as possible, and see if we can force some turnovers.

"It would be nice if we could play them up here again, especially if we get the rain that is predicted for tomorrow," he continued, 'but we will be on their artificial turf, which is quite a bit different from what our kids are used to."

Carr said that many of the same players who faced each other last year are back this season.

"Unfortunately, Pat Sines is one who will have to miss the game this year, but many of the same kids will be lined up across from each other for the third time," he said.

Sines, who holds most of Northern High School's passing records, continues to recover from a broken collarbone sustained in the second game this season.

Friday's kickoff is set for 7 p.m.

The Northern High junior varsity football team held a 7-0 lead Monday night against the host Falcons of Frankfort High in Short Gap, W.Va., but the home team rallied in the second quarter to take the lead for good and go on to record a 33-13 victory.

Eric Wilt led the unbeaten Falcons' offensive charge, as he recorded 150 yards and three consecutive touchdowns on just 10 carries.

Steeler Squads Roll Over Rams In Youth Action

The Division I Northern Steelers of the Cumberland Area Youth Football League cruised to a 46-12 victory over the visiting Oakland Rams on Saturday, and the Division II Steelers were equally successful, posting a 32-12 win over their Oakland counterparts.

Aaron Rodeheaver provided an outstanding effort for the Division II Steelers, as he rushed for three touchdowns, returned an interception for another one, and amassed 172 yards on just nine carries.

His first TD came in the early moments of the first quarter via a 25-yard run, and Jake Vernon's conversion kick made it 8-0.

Vernon followed with a 54-yard touchdown run on the next Steeler drive, and he also kicked another conversion to put the home team up 16-0.

Still in the first period, Rodeheaver broke loose for a 75-yard touchdown run, and Vernon's conversion gave the Steelers a commanding 24-0 advantage.

The Rams finally got on the board early in the second stanza when Corey Horner scored on an 18-yard carry. The conversion kick was no good.

The Steelers added another touchdown before halftime, this one coming on a 34-yard run by Logan Yommer. Vernon's kick gave the home team a 32-6 advantage at the break.

Horner narrowed the gap to 32-12 with a 25-yard touchdown run in the third quarter, but those would be the final points of the game for the Rams.

Rodeheaver added two more six-pointers in the fourth period, the first on a 1-yard carry, and the second on a 42-yard interception return. He also booted the conversion on the second score to conclude the point production for the day.

Leading the Steeler defensive unit were Saylor Wampler, Bryson Day, and Kyle Beard.

The win gave the Steelers the regular-season championship with a 5-1 record, and they will play the winner of the Braddock/Mountain Ridge game on Sunday, Oct. 23, in a semifinal clash. The kickoff is set for 2 p.m.

Nate Durst and Austin Evans were the scoring leaders for the Division II Steelers against the Division II Rams.

The Rams took a 6-0 lead in the first quarter when Ian Ritchie scored on a 62-yard run. The conversion kick failed.

The Steelers took the lead for good early in the second period when Evans raced 42 yards to the end zone and also booted the two-point conversion.

Durst followed with two touchdowns before halftime, one on a 3 yard carry and the other on a 7-yard run. Evans kicked both conversions to give the Steelers a 24-6 halftime advantage.

Ritchie scored again for the Rams in the third stanza, this time on a 58-yard carry, to cut the Steeler lead to 24-12.

A 53-yard TD run by Evans in the fourth quarter, followed by his fourth successful conversion kick, concluded the scoring.

Evans finished with 104 yards on 10 carries.

The Steeler defense was led by Jordan Day, David Bittinger, and Evans, who had two interceptions.

The Division II Steelers finished the regular season with a 3-4 record and will play at Keyser this Saturday in a first-round CAYFL playoff game. The kickoff is slated for 5:30 p.m.

Northern Booters Win And Lose To Rams; Nipped By BW In OT

A 3-0 Appalachian Mountain Athletic Conference victory over cross-county rival Southern High School was recorded by the Northern Huskies varsity last Thursday, which was followed by a 2-1 overtime loss to host Bishop Walsh on Monday and a 2-1 defeat at the hands of Southern last night at the Cove.

It took less than four minutes last Thursday for the Huskies to take the lead over home-standing Southern, as Matt Tice took a feed from Alec Smoot and put the ball into the net at the 36:19 mark.

Felix Laluet doubled the Huskies' total with a goal at the 14:00 mark of the first half, again off an assist by Smoot, to give Northern a 2-0 lead at intermission.

The only goal of the second half came just two minutes after play resumed, with Ryan McCann netting it unassisted.

The Huskies led in shots on goal by a 15-8 margin, and finished with a 4-2 edge in corner kicks.

Aaron Beitzel recorded eights saves in goal for the Huskies, and Southern's Seth Ingram turned away seven shots.

The NHS junior varsity also recorded a shutout in the first match, winning 2-0 behind goals by Blake Meyers and Jeff Beal.

Monday's match between the Huskies and the Spartans of Bishop Walsh was all defense in the first half, which ended in a scoreless tie.

The Huskies took a 1-0 lead at the 23:49 mark of the second half when Laluet scored unassisted, but BW's Joe Hedges answered with his own unassisted goal just over a minute later to knot the score and ultimately send it into the overtime period.

It appeared as though the match might require a second extra period, as the clock was winding down with no change in the score. However, Michael Dwyer gave the Spartans the winning goal when he connected off a corner kick by Haven Mackie with just 1:09 remaining in the OT period.

The final statistics of the match were just as close as the score, with each team recording 14 shots on goal, and the Spartans finishing with a 6-4 edge in corner kicks.

Beitzel recorded seven saves in goal for the Huskies, and BW's Lucas Bruck finished with eight.

The win upped the Spartans' overall record to 9-6, and their AMAC mark to 4-3.

See other story for details of the Huskies' loss to Southern last night.

The Huskies (4-5-1 overall, 4-4-1 AMAC) will try to get back into the win column this evening when they host Frankfort.

INCOMING! The Northern Huskies and Southern Rams met for the second time in a week last night, with the Rams emerging with a 2-1 victory, avenging a 3-0 loss to the Huskies just last Thursday. The shot above was taken just after a corner kick by the Huskies, and a deflection by Ram keeper Seth Ingram (#20). It was on a successful corner kick that Northern's Jordan Evans scored his team's lone goal. Identifiable in the photo besides Ingram are Southern's Nicholas Willman (#17) and Brandon Scheffel (#8), and Northern's Felix Laluet (#19) and Kyle Herring (#18). Battling each other for possession in the photo above right are Southern's Jasper Tasker, who scored one of the Rams' goals, and Northern's Bayley Smoot. Rams Avenge Thursday Loss To Huskies Last Night, 2-1, At NHS

After dropping a 3-0 match to county rival Northern last Thursday (see other story for details), the Southern High boys' varsity soccer team avenged that loss last night by handing the Huskies a 2-1 defeat at the Cove.

The Huskies took a 1-0 lead when Jordan Evans scored just under seven minutes into the match with a header off a corner kick by by Ryan McCann.

The score was unchanged until about nine minutes into the second half when Southern's Brandon Scheffel scored off a feed from Bryan Wilkinson.

The Rams ultimately won the match about five minutes later when Jasper Tasker put the ball past the Northern keeper off an assist by Zach Thomas.

Seth Ingram turned away seven of the Huskies' shots, while Northern keeper Aaron Beitzel was credited with six saves.

The stats were as close as the score, with the Rams finishing with a 10-9 edge in shots, and each team getting five corner kicks.

The Northern junior varsity won the first match, 2-1, behind goals by Cory Murray and Jeff Beal, with Jonas Schneider getting an assist. John Mousch scored the Rams' goal.

The result evened the Ram varsity record at 5-51. Southern will play at Bishop Walsh next Monday.

The Huskies will travel to Frankfort this evening.

HUSKIES DRUB KEYSER, LOCK DOWN TITLE – That sinking, desperate, alone feeling that must have been felt by the Keyser goalie (above) while two unopposed Huskies charged her net serves as an excellent example of how things went on Tuesday when the Northern High School girls' soccer team hosted the Golden Tornado to a 7-0 thrashing. The win puts the top-ranked Huskies two games ahead of its Appalachian Mountain Athletic Conference competition, with only one regular season game left to play. Ashley Murphy (#4) is pictured above moments before scoring unassisted, while her Husky teammate Kiersten Rayner (#16, at left) keeps the goal keeper's attention divided. Below, is senior Sydney McFarland (#11, center) eyeing Jocelyn Williams (#17, foreground) before kicking the ball her way. Visible at right, is Husky Callie Vernon (#19), who accounted for one of Northern's six first-quarter goals. McFarland, still in therapy from a knee injury she suffered earlier in the season, opened the game with two quick scores. See story for details. Photos by John McEwen. Huskies Make Statement In 7-0 Win Over Keyser; Clinch Conference Title

The Northern High School girls' varsity soccer team earned the Appalachian Mountain Athletic Conference title Tuesday night after blasting Keyser in a 7-0 win to go 7-0 in conference play.

The dominating victory over Keyser comes just five days after a 100-minute, 0-0 draw with the Preston Knights (Oct. 6). Both games were played in Accident.

In its championship win, top-ranked Northern's Sydney McFarland scored two goals and assisted on two others on the Golden Tornado.

The win gives the Huskies an 8-2-1 overall record and a two-game lead in AMAC standings with only one game left to play.

McFarland's two unassisted goals came in the first five minutes (36:58, 34:30) of the first half. She then assisted Shannon Warnick on a goal that made it 3-0 with 26:25 left before the break.

Ashley Murphy (16:34), Madi Gallagher (4:15), and Callie Vernon (1:14) also scored in Northern's six-goal first half. In a cruel twist of fate, the Gallagher goal was accidently knocked in by a Keyser player. Gallagher, being closest to the debacle, was credited with the score.

Husky Erica Kipp had the match's only second-half goal at the 21:08 mark.

Northern led in shots by a margin of 15-2 and also in corner kicks, 6-0.

Alex Diehl and Courtney Lowery had one save each in goal for Northern, while Audrey Cochran made five saves for Keyser.

In last week's game with Preston, the Knights had seven shots on goal, while Northern had six. The Huskies made seven corner kicks to Preston's four. Goalie Diehl made six saves for the Huskies, while Aubrey Hall had six herself for Preston.

Northern next plays at Mountain Ridge in non-conference action. That game is set for this evening (Thursday, Oct. 13). The jayvee game is scheduled to begin at 6 p.m., while the varsity match is slated for 7:30 p.m.

The Huskies will conclude their regular season with an m-conference match Tuesday on the road at Bishop Walsh. There is only a varsity game planned for that date (Oct. 18), with play beginning at 4 p.m.

GC STUDENTS WIN ADVENTURE RACE – Garrett College Adventure Sports students took the top prize during the recent Rocky Gap Adventure Race in Allegany County. Pictured from left above, Annalee Law, Patrick Salmon, and Stephen Hyndman joined forces to form a three-person co-ed team and challenge the field of 178 participants. The race, which is a form of triathlon covering rugged terrain, was scheduled for an eight-hour period and consists of flat-water kayaking, trekking, and mountain biking. In addition to the athletic challenges of the course, participants were required to navigate with map and compass, and pass through 17 check points along the 25-mile course. Andrew Hershey, associate professor for the Adventure-sports Institute of Garrett College, commended the GC students for their diligence and their success. "They won first place, finishing in 5 hours and 55 minutes, which was 12 minutes ahead of the next team." He also noted the adversities that nature provided that day. "The racing conditions were challenging at 45 degrees, with heavy rains and high winds," he said. FIRST BOW KILL – Logan Rounds, age 8, of Grantsville, bagged a 7-point buck in the McHenry area while bow hunting with his father, Herbie. He had recently completed a hunter safety course at the Casselman Valley Sportsmen Club in Grantsville, and noted that he was very glad to have great instructors.

JUNIOR HUNTER FIELD DAY HOSTED – Several area youth who attended the Maryland Department of Natural Resources Fall Junior Hunter Field Day, held on Oct. 1 at the Western Maryland 4-H Center, were the winners of door prizes donated by the Mountain Maryland Chapter of the Quality Deer Management Association (QDMA). The group also presented several informational sessions on deer hunting during the day's event. Pictured above from left are Carl Lee, chapter officer, Josh Marsh of Westernport, Zach Beckman of Oakland, Caleb Barclay of Grantsville, Shawn Zimmerman of Grantsville, and A.J. Fleming, chapter president. The prizes included an archery target, a shooting stick, targets, a pair of binoculars, a fanny pack, and an electronic game-caller. Other conservation groups donating items for this event were the Allegany-Garrett Sportmen's Association, the Deer Park Sportsman Club, the Maryland Bowhunters Society, the Rocky Mtn. Elk Foundation, the Wildlife Conservation Enforcement Fund, and the Evergreen Electrical Company, which provided lunch for all in attendance.

troversial issue.

"I've never been a fan of the bypass," he said. "I've still yet to hear some good reasons why we need it."

But, he added, much money and development time have been spent on the project.

"I'd hate to see all of that just washed away at this point," Crawford said. "That's where I stand on that. Personally, if we could afford the bypass, I'd like to see everything else on the list completed first."

In addition to the two capital projects, the county's "wish list" includes 12 safety and highway enhancement concerns. Nelson asked about the status of improvements to pedestrian crosswalks on Rt. 219 at Uno Restaurant and Trader's Landing.

SHA District 6 engineer Anthony Crawford said flashing pedestrian warning signals will be installed at the two locations. The lights will be push-button activated by pedestrians when they want to cross the highway.

"So they will only be activated when someone is at the crosswalk," the engineer said. "There is also going to be an audible signal to notify the individual (pedestrian) at the site that the signal is flashing."

The county requested that safety improvements also be made to a U.S. Rt. 40 pedestrian crosswalk in Grantsville.

Also on the county's list of safety concerns is a proposed sidewalk project that would be located from Southern High School along Oakland Drive in Mtn. Lake Park. The sidewalk, which would be used primarily by students who walk to the school, has also been on hold for several years because of funding issues.

Dr. Dona Alvarez, who lives near the school, stressed the need for the state to allocate funding for such safety projects as the sidewalk, instead of the Oakland bypass.

"These kids are walking up a ditch," she said about SHS students. "This is insane."

She suggested that funding also be used to purchase warning signs and speed monitoring trailers and to help the Sheriff's Office enforce speed limits.

"Let's slow down a little bit and spend some money to help the people," she said.

Friendsvile mayor Spencer Schlosnagle and Loch Lynn mayor Carolyn Corley stressed the need to restore Highway User Fund allocations so that small towns can pave, treat, and plow their streets, and provide other services to residents. Corley noted that street lights have been turned off, employees have been laid off, and road treatment purchases have been scaled back.

"I don't know what else we can cut," she said.

The county also asked that safety improvements be made to the following intersections: Maryland Rt. 495 and New Germany Road, U.S. Rt. 219 and Mayhew Inn Road, and Maryland Rt. 135 and Turkey Neck Road.

In addition, the county would like improved signage (yield sign) for traffic merging onto westbound Rt. 135 from Oakland Avenue in Oakland, retaining wall improvements along Rt. 219 near a cemetery at Deep Creek Lake, pavement resurfacing on Rt. 219 between Lowe's and Memorial Drive in Oakland, upgrades to Rt. 495 for improved truck traffic (to be consistent with the GC Comprehensive Plan), and improvements made to Rt. 40, beginning at the Chestnut Ridge Road intersection and extending west to the Grantsville town limits.

The commissioners' next public meeting is scheduled for Tuesday, Oct. 18, at 4 p.m. at the courthouse.

KITZMILLER NEWS

FIRE PREVENTION

October 9 - October 15 is Fire Prevention Week and this year's theme is "Protect Your Family From Fire." Members of the Kitzmiller Volunteer Fire Department visited Kitzmiller Elementary School on Monday, where assistant chief Richard Armstrong, and firefighters Robert Paugh and Dewayne Whitacre presented fire prevention information to the students.

Among the questions asked of the children were: What are the elements of a fire safe home? Does your family have a home fire escape plan? What specific opportunities are there to protect your family from fire? How can we work collaboratively with our neighborhood and community to prevent fires? What support is needed from the fire department to be fire safety? Where are the smoke alarms located in your home?

The firefighters drove the Kitzmiller VFD's engine/tanker and rescue vehicle to the school, and students were permitted to get on board the apparatus.

The Kitzmiller VFD offers the following tips for protecting one's home and family from fire:

•Stay in the kitchen while frying, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove.

•Keep anything that can burn at least three feet away from heating equipment, such as the furnace, fireplace, wood stove, or portable space heater.

•Have a three-foot "kid-free zone" around open fires and space heaters.

•Replace or repair damaged or loose electrical cords.

•Blow out all candles when leaving the room or going to bed. Avoid the use of candles in the bedroom and other areas where people may fall asleep.

STEAK DINNER

The Kitzmiller Volunteer Fire Department will hold its annual steak dinner this Friday, Oct. 14, at the fire hall. The meal consists of a 12-ounce Delmonico steak, baked potato, green beans, coleslaw, role, dessert, and beverage. Dinners cost $15, and persons may contact any member of the department for tickets or call 301-453-3323 or 304-813-5420. A limited number of dinners will be available for sale at the door.

New Germany Park To Host Autumn Jubilee

New Germany State Park will host a free fall festival featuring a variety of family activities, including hayrides and a haunted house, on Oct. 29 from 11 a.m. to 4 p.m.

"There's nothing like the comfort of an old-fashioned hayride to celebrate the spirit of the season," said Ranger Crystal McCann. "Children will have a great time making corn-husk dolls, exploring the spooky haunted house, and showing off their costumes."

Other activities will include arts and crafts from 11 a.m. to 1 p.m., a children's costume contest at 1 p.m., and a woodsman demonstration at 2 p.m. The festival will also feature an old-time jam of Appalachian music from 6:30 to 9:30 p.m.

All events will take place at the New Germany Lake House and Recreation Hall.

EYEING UP THE HUMMER'S FOOD? This turkey vulture was drawn to the deck of Bill and Donna Aspinall's Oakland home a few weeks ago, roosting on the rail overnight. The vulture was about 25 inches from beak to tail, and, according to the Aspinalls, was not "overly shy" during its stay on their porch. Fran Pope, a resident bird expert, said the bird's featherless head and other adaptations enable it to perform a useful "sanitation service" in cleaning up dead animals around dumps and along highways. The beak is powerful, allowing the vulture to tear its food, and the bald head helps to keep the carrion from sticking to its feathers. Not an overly attractive animal, but certainly useful and interesting in its own right. Photo by Donna Aspinall.

Yough River Group Sponsoring Trash Clean-Up Event

The Youghiogheny River Watershed Association (YRWA), along with the Crellin community, is sponsoring a trash clean-up event on Wednesday, Oct. 19. The pubic is invited to participate.

"We will assemble at Crellin Elementary School at 3 p.m.," said group spokesperson Edgar Harman. "Areas scheduled for trash collection are Crellin Mine Road and the ball field area. It will depend on the number of volunteers as to whether or not we will be able to get to both areas."

Volunteers are asked to bring their own gloves. Trash bags will be provided.

For more information, one may call the school at 301-334-4704 or YRWA at 301-334-4018.

The association has sponsored several trash collection events throughout Garrett County.

"These efforts have been very successful, as noted in revisiting the areas and observing very little new accumulation," Harman said.

Military Family Support Group To Meet Oct. 19

The Military Family Support Group is open to anyone who has family or friends serving in any branch of the military. Meetings are designed to give families and friends an opportunity to provide support to each other while their loved ones are serving and/or deployed.

This month's meeting will feature a discussion on activities for the remainder of 2011, including plans for collecting and packing care boxes that will be sent to deployed military members for the holidays.

For more information, persons may call Cathy Menker at 301-334-5906 or Larry Schlossnagle at 301-746-5723. Those in the community with family members deployed are encouraged to call to make sure the group has all names and military mailing addresses of those deployed.

Ask The Everyday Scientist

FOLIAGE
by Dr. Tom Sheahen

Q. Why is it that in some years the fall foliage is brilliant, but in other years kind of drab?

A. Nobody has a very accurate answer to your question, because there are many competing bio-chemical processes going on at the same time, with results that defy prediction. Various chemical reactions in trees all involve sugars, which dissolve in the watery mix that flows up and down the tree from the roots. Sunlight provides the energy for that chemistry to go forward.

Throughout the growing season, trees and shrubs manufacture chemicals, including *chlorophyll*, *carotenoids*, and *anthocyanins*. Chlorphyll is green, and gives leaves their dominant color throughout the summer. The other chemicals are various shades of red, orange, or yellow.

The various brilliant pigments are there in the leaves all along, but in summer they are masked by the intense green color of chlorophyll. With the arrival of autumn, the plant begins to store food in its roots, and chlorphyll starts to break down. Only when the chlorophyll has gone away can the other pigments determine the color of the leaves. Eventually the carotenoids and anthocyanins also get used up.

In order to see "brilliant" foliage, the chlorophyll has to exit early while the other chemicals stick around. If the autumn stays warm and chlorophyll lasts into November, the trees stay green until fading into brown. If it's too cold too early, all the chemicals go away at about the same time, and you see only the drab brown leaves. But when conditions are "just right," with the combination of warm days and cool nights, chlorophyll shuts off and some sugars flow down the tree into the roots for winter storage, while others are trapped in the leaves. That's the combination that gives brilliant colors.

Weather forecasters have gotten fairly good at judging the temperature and chemistry based on conditions about a month ahead, and so they issue charts predicting general guidelines for when the foliage will "peak" in each geographical region. However, when an autumn festival is scheduled a year ahead, predictions are dicey.

Altitude makes a lot of difference. At 2,500 feet, the peak comes about three weeks earlier than it does at sea level. With changing atmospheric pressure, the rate of flow to and from the roots is variable.

Rainfall influences chemical processes in both the roots and leaves all year-round, but any one particular rainstorm in the autumn doesn't make a lot of difference. However, strong wind, sometimes coupled with heavy rain, hastens the removal of leaves from the trees, thus curtailing the duration of nice colors. If the foliage is beautiful in the Appalachians, that doesn't mean it will be so in New England or in Colorado – and vice versa.

There are certain kinds of sunglasses (those with red-tinted lenses) which preferentially remove the green part of the spectrum. If you're wearing these on a sunny day during a boring year when trees remain green longer, you'll see brilliant colors that folks without such sunglasses don't get to see. Take off the sunglasses and the forest looks boring again.

Tobacco Cessation Classes Slated At Two Town Centers

The Garrett County Health Department is offering a free tobacco cessation class to residents living in the Grantsville and Friendsville areas. Persons who enroll in the program are eligible to receive financial assistance for cessation aids in the form of nicotine patches, nicotine gum, or Chantix.

The classes are scheduled as follows:

Tuesdays, Oct. 18 to Nov. 22, 5:30 p.m., at the Grantsville Outreach Center

Tuesdays, Jan. 10, 2012, to March 13, 5:30 p.m., at the Friendsville rescue squad hall.

Cessation participants are encouraged to develop a quitting plan that works for them, a spokesperson said.

"More importantly, participants meet once a week to provide support for each other," said Mike Wilburn, cessation facilitator. "Successful quitters tell me that the support they receive from other participants is the main reason they are able to remain smoke-free."

Interested people should call the health department to register at 301-334-7730 or 301-895-3111 and ask to speak to Wilburn.

The tobacco cessation classes are funded by a Cigarette Restitution Fund grant from the Maryland Department of Health and Mental Hygiene.

GCMH, Sewickley Spa Promote Breast Cancer Awareness

The wellness staff at Garrett County Memorial Hospital has joined Sewickley Spa in an effort to encourage women to schedule and/or have mammograms during the month of October, as part of National Breast Cancer Awareness Month.

"Getting a mammogram continues to be the best known method of early detection for breast cancer," stated Jeannie Miller, RN, wellness nurse at GCMH.

"Early detection is the key to a greater chance of survival."

Anyone scheduling or having a mammogram at GCMH during October will receive a wellness breast cancer awareness kit that includes a gift certificate to Sewickley Spa.

"We are honored to participate in this effort to reward women for their interest in health and longevity in Garrett County," explained Dorothy Tuel, president of Sewickley Spa Inc.

"We hope this serves as an annual reminder and an incentive for women to schedule their yearly mammogram."

This is the second year that GCMH and Sewickley Spa have partnered during Breast Cancer Awareness Month.

The American Cancer Society recommends yearly mammograms beginning at 40 years of age, as well as a breast exam by a doctor or nurse every three years for women in their 20s and 30s.

CELEBRATING 40 YEARS OF SERVICE TO THE COMMUNITY

INDUCTED INTO HONOR SOCIETY – A dozen Garrett College students were recently inducted into the Phi Theta Kappa (PTK) honor society. In the photo, from left, front row, are Ginger Lockmiller, Rebecca Sines, Cindy Lowdermilk, Suzannah Zeigler, Stephanie Farber, and Erin Beller. In the rear, same order, are James L. Allen Jr., interim dean of instruction; Dr. Richard MacLennan, Garrett College president; Dr. Greg Jenkins, PTK advisor; Aaron Miller; and Robert Lockmiller. Absent from the photo are new members Jonathan Corban, Stephen Hyndman, Ryan Shreve, and Amber Stephens.

Phi Theta Kappa Induction Held At GC Campus

During a recent ceremony at Garrett College, a dozen new members were welcomed into the Phi Theta Kappa (PTK) Honor Society's Alpha Omicron Phi Chapter. The mission of this international organizatioh is to recognize and encourage the academic achievement of two-year college students and to provide opportunities for individual growth and development through participation in honors, leadership, service, and fellowship programs.

To be eligible for membership in Phi Theta Kappa, a student must complete a minimum of 12 hours of associate degree course work and generally earn a grade point average of at least 3.5. Students must maintain a high academic standing throughout their enrollment in the two-year college, generally at least a 3.25 GPA. Part-time and full-time students are eligible for membership.

The ceremony opened with a message of welcome and congratulations from Garrett College president Dr. Richard MacLennan to the inductees and their families and friends.

"This is a great moment to recognize academic achievement," he said. "I congratulate you on this honor, as it is no small accomplishment."

Dr. MacLennan added that membership in PTK is more than an honor.

"There is a challenge for students being inducted into Phi Theta Kappa," he said. "It brings recognition as well as an opportunity to elect officers, develop leadership, and find ways to give back to the academic community."

James L. Allen, interim dean of instruction, also welcomed those present and noted the importance of support from loved ones in the achievement of success.

"Tonight we recognize your high level of academic achievement and, in many cases, your active role in the life of Garrett College. Congratulations on your achievements and best wishes for your future success," he said.

Allen outlined the history of Phi Theta Kappa. Founded in 1918 in Missouri to recognize the accomplishments of two-year college students, Phi Theta Kappa is today the largest honor society in American higher education, with more than 1.3 million members and 1,000 chapters located in all 50 of the United States, U.S. territories, British Virgin Islands, Canada, Germany, Marshall Islands, Micronesia, United Arab Emirates, and Palau.

Dr. Greg Jenkins, Phi Theta Kappa advisor, spoke to the students and their families and friends about the goals of the honor society as represented in the PTK organization shield.

Allen led the students in the saying the membership pledge and awarded certificates, and Dr. Jenkins presided over the signing of the honor roster.

A reception followed the ceremony.

GC Alumni Are Invited To Private Tour Of CARC

Garrett College alumni and spouses are invited to enjoy a continental breakfast and a private tour of the GC Community Aquatic & Recreation Complex (CARC), Phase I, on Saturday, Oct. 22, at 9 a.m. This special tour of the new facilities will be followed by the ribbon-cutting and grand opening celebration, to which the public is invited.

The agenda for the day includes SCUBA, swimming, kayak, and robotics presentations, as well as health screenings, fitness equipment demonstrations and an open swim session.

According to Fred Learey, executive director of the Garrett College Foundation, 1,800 invitations have been sent out to alumni in Garrett and Allegany counties.

"This special occasion for our former students is one of the events we are planning to help reactivate the Garrett College Alumni Association," Learey said. "We had a very successful alumni weekend last fall, and everyone was strongly in favor of continuing to create opportunities for former Garrett College students to get together."

Though many invitations have been sent to alumni, Learey requests that everyone help spread the word about this occasion.

"If anyone knows alumni from Garrett College, we hope they will tell them about this special event," he said.

Those who are planning to attend the special alumni reception and private tour are asked to respond to alumni@garrettcollege.edu online or telephone the Garrett College Foundation Office at 301-387-3131. For detailed information on the grand opening event, persons are invited to go online to www.gccarc.com or call 301-387-3786.

CARE PACKAGES were recently prepared by Garrett College students and sent to U.S. military personnel. Michael Chavis, assistant coordinator of residence life, organized the project, which involved collecting and packaging donated food and personal products for men and women currently serving overseas. In the photo, from left, are Haylee Friend, Chavis, Tierra Macer, and Marco Baker. See story.

Students Pack Food Boxes For Armed Forces

During the month of September, Garrett College students had several opportunities to take part in activities recognizing the 10th anniversary of the attacks on the U.S. on September 11, 2001. Michael Chavis, assistant coordinator of residence life, organized these events on campus.

"In the Office of Residence Life, we felt it appropriate to commemorate those whom we have lost, as well as those who have served in the U.S. armed forces," he said.

"Among the things we did was take a trip to Shanksville, Pa., on September 10 for the dedication of the memorial there. We also had a card-making program for the soldiers, and, finally, a military care-package program," he said.

The goal of the care-package program was to collect enough goods throughout the college to fill 30 boxes. These packages would then be shipped out to troops in collaboration with the local Military Family Support Group, based in Mtn. Lake Park.

"I worked with Larry Schlossnagle to make sure these packages would have addresses on them," Chavis said. "The Military Support Group members send care packages to troops overseas throughout the year. They also have monthly meetings that are open to the public."

Chavis described the level of support exhibited by the college for this project as "phenomenal." The actual assembly of the care packages took place on September 27 in the Laker Café.

"Many students assisted in putting an assortment of goods in these boxes," Chavis said. "We actually ended up assembling 35 care packages."

The five additional boxes were given to Kathy Fauber in the Garrett College Office of Veterans Affairs and Financial Aid. She has plans to deliver them to wounded veterans in need.

STILL CONNECTED TO GC – When he started his education at Garrett Community College in 1976, Chuck Trautwein wanted to be a civil engineer. Luckily for Garrett County students, he soon decided he would prefer teaching and changed his course of study. Chuck has been in the vanguard of team robotics and technology, leading Garrett County to national recognition, and has maintained his connection with Garrett College. See story.

Local STEM Educator Trautwein Still Linked To Garrett College

by Peggy Santamaria

When Chuck Trautwein entered Garrett Community College in 1976 he was headed for a career in civil engineering. To this end he planned to transfer from Garrett to the University of Maryland.

"The education I got at Garrett was just top-notch," he said. "Tim Swyter was the best math teacher I had in college. He was brilliant. I was also lucky enough to have Mike Logsdon as a physics instructor and Dave Slagle in chemistry."

Slagle, Logsdon, and Swyter were instrumental in getting him off to a great start as a math-science transfer student going on to the University of Maryland, Trautwein notes.

"These instructors imparted just what I needed at the time to lay the foundations for my future career destinations," he said. "They each made a unique, positive impact on my life and professional career. Dave and Mike provided excellent preparation for the chemistry- and physics-based engineering classes I took at College Park. And while at College Park, taking calculus III and differential equations, I was forever grateful for the great understanding of calculus from Tim Swyter."

The small classes and quality of instruction combined to provide Trautwein with a strong education base.

"Success at Garrett College is also attributable to small class sizes, allowing instructors to make lasting relationships with their students," Trautwein said. "The relationships the teachers made with me while I was a student at Garrett have truly lasted a lifetime. No significant learning occurs without significant relationships!"

So when Trautwein made his way to the College Park campus of the University of Maryland, he was well armed with knowledge and prepared to pursue his engineering career.

However, not too far into this process he began to rethink his future. What he discovered was that he really wanted to teach young people about all the things that so interested him. So, he changed gears and careers, and returned to Garrett to begin moving in a different direction that would culminate in a degree from Frostburg State University.

"I remember taking education classes from Dr. Lillian Mitchell when I left College Park and returned to Garrett to pursue a teaching degree," he recalled. "And, of course, I use what experience I gained from Dr. Mitchell every day as a teacher. The instruction that my teachers offered went way beyond the classroom walls of Garrett College and into my everyday professional practice."

The decision Trautwein made to change career directions has been a true boon to students in Garrett County schools. He is the kind of teacher whose influence reaches way beyond the classrooms of Garrett County schools, where he has been employed for 26 years. As a resource teacher, his current responsibility is to support the instructional technology program for county schools.

With staunch support from the Garrett County Board of Education, plus the talents of fellow educators and STEM enthusiasts Phil Malone and Arlene Lantz, Trautwein launched several programs that have influenced numerous county children by introducing them to technology and science in such a way that they enjoy learning.

"We started our summer tech camps in the summer of 1994... 18 years ago," he said. "This is where students create and control LEGO-based machines."

In 2002 Trautwein expanded his education enterprises by initiating Garrett County's FIRST LEGO League (FLL).

"We started with one middle school, and this year there are 12 FLL teams," he said. "Then we started the high school robotics program FIRST Robotics Competition (FRC) in 2005."

The high school robotics team is composed of students from both Northern and Southern high schools. Garrett FRC is in its eighth season and is known as the Garrett Coalition or "GaCo" FRC team number 1629. Garrett County is celebrating its 10th year in FLL competition.

Over the years since he left the McHenry campus, Trautwein has remained connected to Garrett College. He even served as an adjunct instructor for computer studies before the demands of his other teaching responsibilities grew too great to allow this.

"However, I still covet any opportunity which involves working with Garrett College, especially in the area of STEM (science, technology, engineering, and mathematics) education and providing STEM experience to Garrett County youth," he said. "It's wonderful to see the events unfold that started the CTTC (Garrett College Career Technology Training Center), which shares the same campus as GEARS, an organization that I'm involved with that facilitates STEM opportunities in our county."

Chuck Trautwein made his Garrett College connection, and still feels that this is "his GC."

A KEY FIGURE in the education of Chuck Trautwein at Garrett Community College was Dr. Lillian Mitchell, pictured here in 1975. Specifically, she helped form Trautwein's teaching methods in the education courses she led at Garrett College. Dr. Mitchell served the GC community until her retirement in 2005.

Compliments

We can all use a compliment every now and then. A pat on the back, a "well done", "I appreciate you", "I'm proud of you", are all beautiful words to the ears of anyone from eight to eighty. An expression of praise or encouragement makes a difference. Proverbs 25:11 says, "A word fitly spoken is like apples of gold in a setting of silver." Go to your house of worship to praise God; go into the world and offer praise and encouragement to those around you!

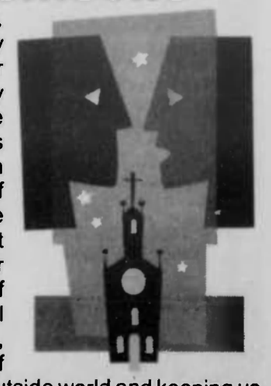
Share Your Secrets With Someone



We all have secrets. Our inner life is largely our own business after all, and we certainly aren't obligated to share our innermost thoughts and feelings with everyone in our circle of acquaintances. What we may think of others is not necessarily any of their business, especially if they are just casual acquaintances. But, secrets have a way of shutting us off from the outside world and keeping us trapped within our past. Often our secrets are things that don't reflect well on us, such as drug or alcohol abuse, romantic indiscretions, past crimes or sins, or simply how we feel about someone. It takes a lot of psychic energy to keep these secrets locked up within us, and sharing them can be incredibly liberating. Catholics know the wonderful sense of freedom that comes after making a good confession, and this is really open to anyone who has a trusted confidante who will listen to them. Be sure to choose wisely who you tell your secrets to, and sometimes the best approach is simply to be completely transparent and tell everyone. Finally, be sure that when someone offers to tell you their secrets, you consider whether you can meet their expectations of confidentiality and privacy, and if their secrets are mere gossip about others, you should probably tell them you would prefer not to be told.

"Therefore confess your sins to each otherand pray for each other so that you may be healed. The prayer of a righteous person ispowerful and effective."

CBS series' move not 'Good' news for some

By Jay Bobbin
© Zap2it

Julianna Margulies

Q: I've heard CBS is planning on moving "The Good Wife" to Sundays. Please tell me it isn't so. –Lois Schwartz, Columbus, Ohio

A: Maybe you've seen it for yourself since the time you sent this, but yes, it's so. With the football overruns that can (and often do) occur, delaying CBS' prime-time schedule in the Eastern half of the country, we understand the concern for fans of Emmy winner Julianna Margulies' series. And that's pretty much all we can say about it.

Q: I am an avid fan of "NCIS." What is the name of the actor who played Mike Franks? And why did they have him killed? Did he go on to another show? –Mary Staver, Milwaukee

A: The actor is Muse Watson, and it wasn't another series that he went on to ... at least not in a regular role, though he appeared in an episode of TNT's "Franklin & Bash." He has a role in the forthcoming movie "The Story of Bonnie and Clyde," and he also has finished the thriller "Meeting Evil" with Samuel L. Jackson, Leslie Bibb and Luke Wilson.

Since Watson was not a regular player on the CBS show – though one who obviously made an impact over the course of the episodes he did – it's likely the show's producers saw his exit as an impactful enough way to advance the story of the Port-to-Port (or P2P) Killer without altering the drama's core cast. And if that was the intention, it succeeded, based on the reaction we've gotten from readers to the death of Franks.

Q: Are Mimi Rogers and Andie MacDowell related? They look so much alike to me. –Sharon Smith, Pueblo, Colo.

A: Yes, there is a certain resemblance ... but no, they aren't related.

Q: Is Laurence Fox of the "Inspector Lewis" stories on PBS' "Masterpiece" related to the British actors Edward and James Fox? There is a resemblance. –Jeanette Urbaniak, North Tonawanda, N.Y.

A: He is one of the children of James Fox ("Sherlock Holmes"), which makes Edward Fox ("The Day of the Jackal") his uncle. Another uncle, Robert Fox, is a producer of such movies as "The Hours," "Atonement" and "Iris."

• If you're like the average adult, when you're sitting in a relaxed position, you inhale about one pint of air with every breath.

In Canada they're known as Genies, in France they're Cesars, in Russia they're called Nikas, in Mexico they're Golden Ariels, in Spain they're known as Goyas, and in the United Kingdom they're called Orange British Academy Film Awards.

Q: I was a big fan of Roy Rogers when I was a youngster. One of my toys that I managed to keep is a Roy Rogers Signal Siren flashlight, complete with Morse and secret code. The flashlight is in almost mint condition, but I do not have its original box. Does it have any value? -- Steve, Sun City, Ariz.
A: Let me shine some light on this toy. The Roy Rogers flashlight should have an image of both Rogers and Trigger on it and was marketed during the 1950s. According to Collecting Toys: A Collector's Identification and Value Guide edited by Karen O'Brien (Krause, $29.99), it is worth $95, $140 or $190, depending, of course, on its condition.

HART Closer To Adoption Center After Donation

First United Bank and Trust has pledged $1,000 per year (for five years) to HART for Animals Inc., a non-profit organization that strives to prevent the euthanization of homeless pets in western Maryland. HART plans to use these funds to complete the first phase of building its animal adoption center in Garrett County.

"One of our top priorities has always been our commitment to supporting the community and the organizations that serve our community," stated William Grant, president and chief executive officer of First United.

"It is a pleasure to give to an organization that provides much needed assistance to the animals and pet owners of Garrett County."

For its support of HART, First United will receive a naming opportunity and become a charter member of Friends of HART.

With the funding from First United and others, HART plans on constructing in Garrett County "a first-class facility" that will save an estimated 1,000 adoptable dogs and cats each year from euthanasia. The group has also stated its interest in providing low-cost spay and neuter surgeries and veterinary services to low-income families, serve as an example of care and compassion to local children, give visitors and tourists the opportunity to board their pets, and create job opportunities in the area.

"The HART Adoption Center will be a monument to the generosity of people who believe that 'the greatness of a nation and its moral progress can be judged by the way its animals are treated,'" said Michael Pellet, president of HART for Animals, quoting Mahatma Ghandi.

HART for Animals Inc. was founded in 2003 as H.A.R.T. of Garrett County Inc. Through a network of individual volunteers and rescue organizations, HART has rescued over 5,000 animals by transporting them to more populous locations to increase their chance of adoption. In 2009, HART opened a spay and neuter clinic. The clinic performed 834 surgeries in 2010.

Those interested in further information on HART for Animals may visit www.hartforanimals.org.

FIRST UNITED GIVES TO HART – Pictured here is Josh Bosley (left), commercial loan officer, presenting First United Bank and Trust's recent donation and pledge of support to Michael Pellet, president of HART for Animals Inc. HART dedicates itself to preventing the euthanization of homeless animals. HART will utilize this donation to begin the first phase of a planned animal adoption center in Garrett County. Water Quality Of Deep Creek Lake Focus Of Special POA Task Force

by Scott Johnson
POA Board Member

The Property Owners Association of Deep Creek Lake Inc. (POA) has been a steward of the lake since it was established in the 1940s. That was a time when outhouses and primitive septic systems were the norm, when mine drainage from the Cherry Creek basin was an issue, and prior to the inception of zoning in the lake watershed.

The POA has been active with issues protecting the lake water quality and the recreational experience of Deep Creek. Not only has the lake become a wonderful recreational facility for property owners, business owners, and the thousands of annual visitors, but it is also the economic engine that drives Garrett County. Because of the lake's popularity and increased usage, environmental changes, regulations by a variety of government agencies, and funding of management, we must be ever cognizant of keeping the health of the lake viable for the present as well as the future.

Although Secretary John Griffin of the Department of Natural Resources says the general health of the lake is excellent, he also says there are issues that need to be monitored. To assist with ongoing monitoring, the POA has begun a series of workshops/symposiums to bring together all of the stakeholders of the lake to discuss its long-term health. The first one-day workshop was held December 3, 2010, with 39 attendees from the DNR, MDE, several county and state departments, Friends of DCL, the Garrett County Chamber of Commerce and, of course, the board of the POA. Also in attendance were the county commissioners, Senator George Edwards, and Delegate Wendell Beitzel.

A committee consisting of POA board members designed and formatted the workshops, namely, Troy Ellington, Nancy Railey, Jeff Nelson, and Ed King. Ed Neff and Bob Hoffman have recently become members of our expanded committee.

Piet Versteegen was asked to head up the discussions because of his expertise in modeling studies of this scope. Paul Durham was asked to be a consultant to the committee with his in-depth knowledge of the DNR and state regulations.

The first workshop proved to be very interesting and informative in that it brought not only all stakeholders into one room but, surprisingly, pointed out that in many cases, communication between different groups did not exist. Furthermore, there is no central repository of environmental information about Deep Creek Lake. Concerns were voiced during the first part of the meeting covering the POA's wish list, communications, lake water quality, submerged vegetation, lake bottom silt, lake water levels, boat noise, lake carrying capacity, and a brief discussion on how to find solutions. The workshop was a great eye-opening success. However, because of time constraints brought about by lengthy discussions, everyone felt future workshops were needed.

The second one-day workshop is planned for Friday, Dec. 2, with approximately 80 invited guests. That symposium will include not only more people from stakeholder groups, but also specialists in several areas. The format of the workshop will be panel discussions, including a monitor, and several panel members in each area of interest. The panels will be each about one-hour duration, with questions from the monitor as well as attendees. The subjects to be discussed will be communications, economic impact, submerged aquatic vegetation, sediment and shoreline erosion, and lake levels.

At the conclusion of the panel discussions there will be a summary session and planning for the next workshop. It is anticipated there will be another workshop in several months by invitation, followed by a general public presentation. One of the objectives of the POA in these workshops and studies is to use only factual data that has a scientific origin.

WATER QUALITY OF DEEP CREEK LAKE is the focus of a special task force appointed by the Deep Creek Lake Property Owners Association. Its members, pictured from left, are Bob Hoffman, Paul Durham, Ed King, Troy Ellington, Ed Neff, Piet Versteegen, and Nancy Railey. One other member not present when the photo was taken is Jeff Nelson. See column at left for more information.

Healing Worship By Shepherd Of Hills Scheduled

A worship service for healing will be held on Tuesday, Oct. 25, at 7 p.m. in the Sitzmark Room of Will O' the Wisp, Deep Creek Lake. Prayers will be offered for individuals who are suffering from illness and injury, for those struggling with loss and brokenness, and for those who are distressed and fearful, a spokesperson said. The public is welcome to attend.

"The worship will be a quiet but very moving service of music, singing and prayer, offered by Shepherd of the Hills Lutheran Church," the spokesperson said. The church's prayer group meets weekly to pray, to monitor the prayer list, and to include the names in the church's weekly church bulletin for Sunday morning prayer, and so that all present may also include them in prayers during the week, the spokesperson explained.

Shepherd of the Hills is a mission congregation, worshipping on Sunday mornings at 9:30 a.m. at Garrett Eight Cinemas, Deep Creek Lake. For further information, persons may visit the church web site at www.shepherdofthehills.org, or contact Lois Swartzentruber at 301-334-4251.

Remember me when flowers bloom
Early in the spring
Remember me on sunny days
In the fun that summer brings

Remember me in the fall
As you walk through leaves of gold
And remember me in the wintertime
In the stories that are told

But most of all remember
Each day, right from the start
I will be forever near
For I live within your heart

Notes From Bittinger

by Joan Glotfelty Sussman

It is quite warm on Oct. 5, when there are many common birthdays in my family. I was right in thinking that it was the birthday of my sister-in-law Marci Glotfelty. When I called her, she reminded me that it was also the birthday of my mother's sister Marian Robe, who lives in California, and also my late Uncle Ralph Hummel.

Friday, Oct. 7, would have been my father's 89th birthday, if he would not have died so prematurely in 1977. But it is kind of amazing he would be that old now. Right now, I am looking at an old black-and-white photograph of him in his Army uniform. He looked so young and sweet, and I guess it was taken he was about 23 after WWH ended. The USA bombed Japan while Daddy was stationed on some South Pacific island. He wrote a sad letter home saying that he didn't think it was right to bomb two cities filled with civilians.

Marci also reminded me about one time when Uncle Ralph and his wife Betty happened to be here on their birthday, and we had a joint birthday celebration for them at Pappy Dale's house.

My Aunt Helen Englar is at her son Courtney's house in the Cove taking care of him, as he is recovering from abdominal surgery last week. She brought him home Monday. I am sure that was a happy day for him. No matter how good the care is, being in the hospital is not fun at all. I don't want to ever spend another day in the hospital. It seemed much longer than three and a half months when I was in the hospital in 1994, but it really was only from April 7 to July 19. It seemed like an eternity.

The current taxing structure allows many millionaires, and even billionaires, to pay virtually no taxes at all, but working Americans pay about 30 percent of their much smaller incomes.

Remember when you can make your voting decision next November. Election Day happens once again to hit my birthday, Tuesday, Nov. 6.

I can hardly wait for this weekend, when Caitlin and Mere will bring their friends here to camp out on the farm. It will be good to have people with some education and some sense around.

Most of the time, the candidates who have the most money behind them win. So please log on to GetMoneyOut.com (to get money out of politics), sign a simple petition, and try to convince a few other people to do the same thing.

I inherited nothing from my father, because he needed every dollar he made for raising his children and providing the opportunities that we needed to develop important skills and values so we would be able to obtain scholarships to attend universities without having to take on a huge debt load.

All my siblings and I decided to go into various kinds of public service careers, and I believe our work enriched many people's lives. I probably could have gotten into law school, but that career did not appeal to me.

I just saw that public school teachers average $50,000 per year. I made much less as a professor at a community college, and there was no merit pay involved in my job. It was also not my fault that my career was cut off before it reached the highest point of the pay scale. That was simply bad luck.

But I bet I provided much more value to our society than many executives did. We do not have a reasonable and fair compensation structure in America. Did I get even a small bonus? No. But every year, Wall Street executives rake in huge amounts in just bonuses, sometimes even if their performance is lousy. I thought bonuses were for high-performance workers, not miserable failures, and sometimes criminals.

Maybe it should be enough for me to know that I made a difference in many lives, so I should be willing to embrace poverty without any real retirement security. I possess certain skills and talents that are not highly valued by today's society. But I think I am a good enough writer to be on the staff of a newspaper or to be a speech writer for political figures.

I also volunteered much time and shared my talents in various ways to benefit our community, such as helping 4-H programs and working as an instructor for the handicapped riding program, and doing costumes and sets for local theater productions.

How much annual income makes a family rich? Is it enough to make, say, $250,000 per year? Well, ask anyone who is living on about $20,000 per year. Or does it take $1 million every year to be considered high income? I would feel rich if I got $1 million to last the rest of my life.

The part about the surtax of 5 percent on people who make more than a million every year would include most members of Congress, many of whom refuse to sacrifice anything for the best interest of the majority of Americans.

Obama's jobs bill may create 1.9 million new jobs. That is not enough to put all the unemployed to work. Maybe after average Americans have some money in their pockets, that might cause a surge in consumer demand. But many members of Congress will not vote for the Jobs Bill because of pure self-interest. Congress prefers to cut all spending on investments into the future of America, including deep cuts into the education budget.

I am happy to see that Congresswoman Giffords looks more like she did before the shooting. She has been able to grow quite a bit of hair, and that is a big, positive step, coming from another woman who had her hair shaved to allow for brain surgery. I know it all too well. She was able to go to the White House and put a pin on her husband's chest as he retired from the military and NASA.

My Uncle Wayne Buckle took his deep religious faith seriously, and believed it was his duty to fight for social justice. He even marched with Martin Luther King Jr. in his big march on Washington, D.C., protesting the widespread poverty in the African-American community. He even got arrested with MLK, and proudly went to jail for his cherished values.

I am very proud of him. He was a member of a Brethren church in Falls Church, Va., and was a leader of that congregation. His faith drove him to take action to advance what he believed to be the most important principles of Christianity. He had no interest in labeling other people as unacceptable sinners, and he always lived up to the highest moral principles in his life.

He was a bit upset that I served alcoholic beverages at my wedding reception. Not that it was a booze-soaked event. Far from it. No one urged him to take a drink. But he saw no reason to interfere with other people's choices about that. I think it would be a much nicer world if many people behaved as he did. I don't think any Garrett County residents believe more deeply in their religion than he did.

Along with my father and brother Scott, he lived the faith and didn't just pro-

nounce it. I wish I was 100 percent sure of the exact words on my brother Scott's grave stone. But the idea is, "Any kindness I could show to someone who is suffering, I must do it now, because I probably will not pass by here again." That is how Uncle Wayne, my father, and my little brother Scott chose to live their lives. All are deeply inspiring to me, and I am proud to be marching with them toward a better world.

I realize very well how exhausting it is to actually engage in deep, serious thinking. But I feel I have to do it because there is little sign that many other people bother to do so. I try to use this column to stimulate people to use their brains and think about things that are really important.

I rarely get a decent night of sleep, because my brain cells are still engaged in assembling information that I was exposed to, then trying to connect all of the data into a meaningful message, and maybe make even a small, positive difference in society.

How depressing that the media are already pushing holiday shopping.

The college students gathering in our pasture cover a wide range, since besides my daughters and their WVU friends, the group includes Scott Bass and his friends from the University of Maryland, Emma Bass and other students from Towson University, and maybe Darryl and Elliott Glotfelty, who have now graduated from Towson. Several of Garrett County's University of Maryland students and various local colleges are friends of the cousins.

My new dog Jackson is a quite young blue tick hound. I'm not sure how old he is, but he is so much more high energy compared to my poor old Boo. He is a little overwhelming. But he is perfectly aware that I am his new mistress, and he wants to be as close as possible to me. So he is always crowding me on the couch and on the bed. One time, he even crowded me so much that I fell off the bed.

He clearly takes his responsibility to protect me dead seriously. When anyone drives up, he starts barking loudly and relentlessly. And his bark is very loud. My new friend Sandy Glotfelty, widow of my distant cousin Denny, has a bit older, medium to large male dog, and when they get together it is mass confusion. Both believe they should scare off the other dog from getting too close to his girl.

Yesterday when we were trying to load me into Sandy's vehicle, suddenly they both jumped in with a whole bunch of very muddy paws, and jumped back and forth from the front seat to the back seat. It could only be called pure mayhem. But when we left them here, they stayed around, so both were waiting eagerly for our return. They were very happy to see us.

Jackson is very similar to the dog that belonged to Elvis Presley. "You ain't nothin' but a hound dog, cryin' all the time..." But Elvis said, "...and you ain't no friend of mine." I disagree with that part of his song. But he has a troublesome habit of chewing up the book I am currently reading. Since he did it to two borrowed books, I had to buy replacement copes of them.

Apparently, Jackson won many fans in the college-age crowd around the campfire in our pasture. They named him, "Most Valuable Partier." But it wore him out. He slept like a rock last night, which is pretty unusual, because most of the night I hear his claws clicking around, and sometimes he goes into a fit of major barking.

It is pretty much a perfect Autumn day today. There are only scattered colored leaves on the trees. And Brenneman's Grove is the best place to experience Garrett County's Autumn Glory, but the colors are far from their peak. Maybe it will be about a week after the festival.

Those couple of recent low hits on Roethlisberger seem to have caused some pain in him, but not enough to affect his performance against the Tennessee Titans. With only a few minutes left to play, the Steelers led 38-17, and it looked like it was in the bag. So a couple of not so great games were not the end of hope for a good season for the Steelers. And that is how it ended: 38 to 17 – a decent win.

Well, the weekend that I waited for when Meredith and Caitlin would come home for a quick visit actually turned out even better, because Claire also showed up. So for a few days, I had all of them with me. But as darkness is falling, I am once again alone, and no one will be here tomorrow morning.

Rev. Randy Nairn was supply pastor at the three churches of the Bittinger Lutheran Parish on Sunday. Pastor Randy Richardson attended the Evangelical Lutheran Church in America Association of Attorneys meeting in Philadelphia last weekend as a representative of the synod.

Pastor Richardson will be continuing with the series of classes on religions of the world, beginning with Buddhism. Classes will begin next Wednesday, Oct. 19, at 7 p.m. at Emmanuel. Everyone is welcome to attend.

It's a Good Week to Think about Retirement Savings

You may not see it posted on your calendar, but Oct. 16 – 22 is National Save for Retirement Week. This annual event, endorsed by Congress, is designed to raise awareness about the importance of saving for retirement — so you may want to take some time this week to review your own strategy for achieving the retirement lifestyle you've envisioned.

If you're not convinced of the need for an event such as National Save for Retirement Week, just consider these statistics, taken from the Employee Benefit Research Institute's 2011 Retirement Confidence Survey:

- The percentage of workers not at all confident about having enough money for a comfortable retirement grew from 22 percent in 2010 to 27 percent — the highest level measured in the 21 years of the Retirement Confidence Survey.
- 56 percent of respondents say that the total value of their household's savings and investments, excluding the value of their primary home and any defined benefit plans (i.e., traditional pension plans) is less than $25,000.
- Less than half of the respondents say they and/or their spouse have tried to calculate how much money they will need for a comfortable retirement.

These numbers are obviously troubling — and they indicate that most of us probably need to put more thought and effort into our retirement savings. What can you do? Here are a few suggestions:

- Determine how much you'll need in retirement. Try to define the lifestyle you want during retirement. Will you travel the world or stay close to home? Will you work part time or spend your hours volunteering or pursuing hobbies? Once you know what your retirement might look like, try to estimate how much it might cost.
- Identify your sources of retirement income. Take into account your IRA, 401(k) or other employer-sponsored retirement plan, Social Security and other savings and investments. How much income will they provide? How much can you withdraw from these vehicles each year without depleting them?
- Calculate any retirement shortfall. Try to determine if your savings and investments will be enough to provide you with an income stream that's adequate to meet your retirement needs. If it isn't, develop an estimate of the size of the shortfall.
- Take steps to close savings "gap." If it doesn't look like you'll have enough to meet your retirement needs, you may consider adjusting your savings and investment strategy. This may mean contributing more to your IRA, 401(k) and other retirement accounts. Or, perhaps your investment mix may need to be reviewed to find a better balance growth potential with risk. Or you may need to take both of these steps.
- Monitor your progress. Once you've put your investment strategy into place, you'll need to monitor your progress to make sure you're on track toward achieving your retirement savings goals. Along the way, you may have to make adjustments, if there are changes in your objectives or your specific situation.

Taking these types of action can be challenging, so you may want to work with a professional financial advisor who has the experiences and resources necessary to help you identify and work toward achieving your retirement goals. In any case, though, National Save for Retirement Week is a great time to consider your course of action.

Health Coalition Seeking Increase In Tobacco Tax

by Jessica Talson
Capital News Service

The Maryland Citizens' Health Initiative has launched a campaign to raise taxes on all tobacco products in Maryland. Cigarette prices would increase by $1 per pack, and other tobacco taxes would increase at a corresponding rate.

More than 150 faith, community, and health organizations have already endorsed the proposed tax, including the AARP, the National Association for the Advancement of Colored People of Maryland, and the American Cancer Society

The tobacco tax revenue would fund various state health-related programs, including tobacco control programs and improved healthcare access for Maryland families.

"Not only is this good policy, it's good politics," said Vincent DeMarco, president of the Maryland Citizens' Health Initiative. "We all will benefit."

Tobacco lobbyist Bruce Bereano disagrees, and said the tax hike on tobacco is discriminatory and unwarranted.

"Smoking is legal and lawful among adults in Maryland. If that's going to continue and be left as a personal decision among adults, then let's stop hassling and intimidating and jerking around adult smokers," Bereano said. "Enough is enough."

Maryland last raised taxes on non-cigarette tobacco in 1999. Cigarette taxes have been raised several times since then, most recently by $1 in January 2008.

The tobacco tax campaign comes only a few months after the Health Initiative successfully lobbied to raise the tax on alcohol in April.

DeMarco said that raising the cost of tobacco saves both lives and money. Smoking rates in Maryland declined by 32.6 percent between 1998 and 2009, which was double the national average. DeMarco said the decrease in smoking saved more than 70,000 lives and hundreds of millions of dollars in health care costs.

The current tax increase would not be the end of the campaign. Tobacco tax advocates would like Maryland to become a smoke-free state.

Bereano contends that raising the tobacco tax actually costs the state money because smokers leave the state to buy tobacco.

"It's not going to stop smoking in Maryland ... [The smokers] are just going to be driven farther from the state of Maryland to buy their smokes, and they'll buy their bread and butter and other things there. Maryland will lose revenue; it makes no sense fiscally," Bereano said.

Bereano said the people who may get hit hardest by the tax are people in cities who don't have personal transportation and cannot go elsewhere to buy tobacco.

DeMarco said the Health Initiative will continue to advocate for the tobacco tax if the legislature does not pass the increase in next year's session.

"If the legislature doesn't pass it, we are ready to make this a top issue in the 2014 election," DeMarco said.

THANK YOU!

On July 16, 2011 at 3:50 a.m., our lives were drastically changed due to a house fire that destroyed our home. Since that time there have been many people who have come to our rescue in so many ways.

First of all we would like to thank our son BJ Upole. He is our hero!! If it would not have been for him waking up that morning, his brother Barry, his sister Brayleigh, nor myself would be here right now. He had full responsibility of going through the fire and smoke to save us! You truly are our hero!!

Second of all, we would like to thank my stepfather Dale Hutzel who risked his own life by going in the house and actually putting out the fire with a water hose before the fire companies got there. It was totally amazing that he was able to get the whole fire out with only a water hose!

Thanks to my brother and sister-in-law Eddie and Amanda for coming as soon as they got the call! That meant a lot to us all!

Thanks to Gorman, Bayard, Oakland and Deer Park fire companies, Southern Garrett Rescue Squad, and the Garrett County Sheriff's Office for responding to our call. Also to Deputy State Fire Marshal Jamie Rodeheaver who was at our house by 6:30 a.m. that morning. We would also like to thank Garrett County Memorial Hospital, Dr. DeLo, Dr. Domenick, and all the staff and nurses for the kindness they showed us while we were all being treated for smoke inhalation. They went out of their way to make us all feel safe and secure!

After that morning there have been so many people who have helped out and been there for us in so many ways: food, money, clothing, etc.

We would like to thank everyone who stopped by the day of the fire to offer their love and support, and to bring us clothes. It was greatly appreciated!

We would also like to thank my Mom and stepfather, Millie and Dale Hutzel, for allowing us to stay in their home for 7 weeks. They gave up their space and their beds just for us!

We would also like to thank Buck Liller Construction, and all of his crew who started working on our house within only a couple weeks after the fire and had it ready for us to move back in within only 2 months after the fire!

Thanks to Prestige Cleaning Company and Bergman Cleaners for the few personal items they were able to save.

We would also like to thank my dad and step-mother, Larry and Nancy Meeks, for driving 5 hours the day of the fire just to be with us and give us their love and support and staying here for a few days to be with us. Also, a big thanks to my mom and stepmom for taking us all to Wal-Mart the day of the fire and buying us all clothes and things we needed!

CALLING ALL MEN:
Your attention and action are required in this community-wide Men's Bible Fellowship.

The statistics on fatherless children are devastating because the family is the building block of society. One important place to rebuild families is through fathers who stay and lead and love. Men, God is calling you to rise up with strength and with leadership in your homes, with your families and with your children.

Tired of just being just a good dad..?
Children with absent dads might as well be "fatherless"!

Fathers, don't be left out of this ground-breaking interfaith fellowship for men. **Monday nights at 7pm**, facilitated by Dr. Ben J. Lahay, whose doctorate is in Marriage and Family Counseling. Our theme will be Courageous and the study will last 6 weeks starting on 10/24/2011 at 7pm. Space is limited, so please contact the church by either phone or e-mail to reserve your spot in this Men's Fellowship!

Endowment Fund Established To Benefit Community Of Terra Alta

An endowment fund designed to serve the Preston County community of Terra Alta has been announced by Robert Burns, executive director of the Tucker Community Foundation.

Several members of the recently disbanded Terra Alta Economic Development Corporation (TAEDC) agreed to continue the organization's mission by establishing the Terra Alta Economic Development Corporation Fund. In addition to providing additional resources for the community, the fund provides an opportunity for donors to add additional support.

According to Rich Hopkins and Debbie DeLauder, both former officers in the organization, TAEDC had become inactive, prompting the last standing board of directors to consider other options. By establishing an endowed fund with the Tucker Community Foundation, the historic value of the donated principal is protected and invested for growth and income, the two explained.

The Terra Alta Economic Development Corporation Fund is to be used and distributed for the purpose of the charitable economic development of the Terra Alta area, which is defined, in general, as the whole of the town and surrounding area. Economic development includes activities related to job creation, job retention, and general improvements to the business climate of the area.

The Tucker Community Foundation currently manages more than 80 endowed funds that serve eight counties. Endowed funds are pooled to maximize the investment opportunity and keep administrative fees low.

In addition to Hopkins and DeLauder, Ima Thomas and Mary Jo Gregg also serve as fund advisors.

To donate to the TAEDC Fund, persons may mail checks made payable to TCF – TAEDC to P.O. Box 491, Parsons, WV 26287.

For more information about this fund or the Tucker Community Foundation, persons may call 304-478-2930.

District Court Launches Live-Chat, Telephone Options For Self-Help

The District Court of Maryland has launched free, online live-chat and phone-in self-help services for people across Maryland who need assistance with civil legal issues before any of the District Court's 35 locations.

The new services are an extension of the court's walk-in self-help center in Glen Burnie, which helps people who are representing themselves in small claims, landlord-tenant, and other civil matters in district court. Through a contract with Maryland Legal Aid, four full-time attorneys, a paralegal, and an administrative assistant provide basic information, legal assistance, and help in finding and completing court forms. As their cases proceed, users can ask for further help in preparing for a court proceeding or get additional assistance. If people need more help, the staff may refer them to mediation, other legal organizations, or the private bar. The self-help services are free.

"Few people who come to the district court are represented by an attorney, but that doesn't mean they don't need help," said Chief Judge Ben C. Clyburn of the District Court of Maryland. "Our challenge is to serve the needs of the many self-represented court users who may appear at any district court location throughout the state, and provide that service in a fiscally responsible way. Budget and space limitations make it difficult to create walk-in centers in all our locations at this time, so we decided to create a 'virtual self-help center' by providing online and phone access to the resources that are already available at our walk-in center in Glen Burnie."

Users of the online self-help service can chat live with a program attorney or contact an attorney with questions by phone at 410-260-1392. The main web site address is www.mdcourts.gov/district/selfhelpcenter/home.html. The district court's online self-help service is available Monday through Friday, 8:30 a.m. to noon and 12:30 to 4:30 p.m. during regular court hours.

The Maryland Access to Justice Commission estimates that each year nearly 350,000 people appear in district and circuit court proceedings involving basic human needs cases. These Marylanders, mostly individuals and families with low incomes, come to court without the benefit of counsel and usually without help from the existing voluntary legal services system.

Glen Burnie's walk-in center has helped more than 10,000 self-represented litigants since it opened less than two years ago, and in August alone helped a record 626 walk-in visitors. The online self-help service is also proving to be popular. It was launched without fanfare in the middle of September, and has already responded to more than 660 requests from clients seeking help, according to Clyburn.

"Although many people do not realize it, the right to be represented by a lawyer in court applies primarily to criminal cases and does not apply in most civil matters," said Wilhelm H. Joseph Jr., executive director of Maryland Legal Aid. "Our partnership with the District Court of Maryland helps close the immense justice gap that exists for low-income Marylanders seeking resolution with their critical civil legal problems."

In the near future, District Court Self-Help Services also plans to add e-mail access, as well as Skype for live, web-enabled video conferencing.

Historical Society To Re-Enact 19th Century Stories

Re-enactors will be Sam McClintock (pictured), Nancy Mitchell, Joan Whetsell, and David Glotfelty, Addison.

You don't have to be a genius to save money with smart power strips.

It's shocking. Almost all electronic devices continue to draw electricity even after they are turned off, costing U.S. households approximately $100 per year. But by using a smart power strip, you can completely disconnect the power to electronics that are not in use. The smart part is that you can pick one device to control all the others. So you're not wasting energy on things you're not using.

For easy steps to control the size of your electric bill, visit energysaveMD.com or call 1-877-928-8928.

Bittinger dated February 28, 2007, and recorded in Liber 1291, Folio 524 among the Land Records of Garrett Co., MD, with an original principal balance of $232,000.00 and an original interest rate of 6.625% default having occurred under the terms thereof, the Sub. Trustees will sell at public auction at the Circuit Court for Garrett Co., located at 203 S. 4th St., Oakland, MD, at the East Alder St. entrance, on

OCTOBER 25, 2011, AT 1:30 P.M.

ALL THAT FEE-SIMPLE LOT OF GROUND, together with any buildings or improvements thereon situated in Garrett Co., MD, and more fully described in the aforesaid Deed of Trust.

The property, and any improvements thereon, will be sold in an "as is" condition and subject to conditions, restrictions and agreements of record affecting the same, if any, and with no warranty of any kind.

The property will be sold subject to a prior mortgage, the amount to be announced at the time of sale, if made available to Substitute Trustees.

Terms of Sale: A deposit of $23,000 in cash, cashier's check or certified check is required at time of sale. Balance of the purchase price, together with interest on the unpaid purchase money at the current rate contained in the Deed of Trust Note from the date of sale to the date funds are received by the Trustees, payable in cash within ten days of final ratification of the sale by the Circuit Court. There will be no abatement of interest due from the purchaser in the event additional funds are tendered before settlement or if settlement is delayed for any reason. TIME IS OF THE ESSENCE FOR THE PURCHASER. Adjustment of current year real property taxes will be made as of the date of sale and thereafter assumed by the purchaser. All past due property taxes paid by the purchaser. All other public and/or private charges or assessments, including water/sewer charges, ground rent, whether incurred prior to or after the sale, and all other costs incidental to settlement to be paid by the purchaser. If ratification or settlement is delayed for any reason there shall be no abatement of interest. The sale is subject to post-sale audit of the status of the loan with the loan servicer including, but not limited to, determination of whether the borrower entered into any repayment agreement, reinstated or paid off the loan prior to the sale. In any such event, this sale shall be null and void, and the Purchaser's sole remedy, in law or equity, shall be the return of the deposit without interest. If Purchaser fails to settle within ten days of ratification, he agrees to pay attorneys' fees in the amount of $750.00, plus costs, if the Trustees have moved to resell the property. Purchaser waives personal service of any paper filed in connection with such a motion on himself and/or any principal or corporate designee, and expressly agrees to accept service of any such paper by regular mail directed to the address provided by said bidder at the time of the sale. If Purchaser defaults under these terms, deposit shall be forfeited. The Trustees may then resell the property at the risk and cost of the defaulting purchaser. The defaulted purchaser shall not be entitled to any surplus proceeds resulting from said resale even if such surplus results from improvements to the property by said defaulted purchaser. If Trustees are unable to convey either insurable or marketable title, or if ratification of the sale is denied by the Circuit Court for any reason, the Purchaser's sole remedy, at law or equity, is the return of the deposit without interest. Seller agrees to pay Sub. Trustees a fee of $395.00 for their review of and consent to any motion to substitute purchaser.

MARYLAND DEPARTMENT OF THE ENVIRONMENT
WATER MANAGEMENT ADMINISTRATION
NOTICE OF TENTATIVE DETERMINATION
Garrett County

Application for State Discharge Permit 11-DP-3756, NPDES Permit MD0071307:

The Town of Oakland Water Department, 15 South Third St., Oakland, Maryland 21550, applied for a new permit to discharge an average of 0.033 million gallons per day (MGD) per cycle, of treated wastewater from potable water production at the Broadford Lake Water Treatment Plant, located at 300 Glass Drive, Oakland, Maryland 21550, to Broadford Lake, which is designated Use I-P waters, which is protected for water contact recreation, aquatic life, and as a public water supply.

The Department is proposing to issue a new discharge permit with the following effluent limitations: total suspended solids, 20 mg/l monthly average concentration, 30 mg/l daily maximum concentration; total recoverable aluminum, 4.0 mg/l monthly average concentration, 6.0 mg/l daily maximum concentration; pH maintained between 6.5 and 8.5; and total residual chlorine, at the non-detectable level. Because there is no net increase in suspended solids discharged into the Little Youghiogheny Watershed from the Broadford Lake Water Treatment Plant, this facility was not included in the EPA approved Total Maximum Daily Load (TMDL) of Sediment in the Little Youghiogheny River Watershed.

A public hearing on the tentative determination will be scheduled if a written request is received by **October 26, 2011**. The request should be sent to the **Maryland Department of the Environment, Water Management Administration, 1800 Washington Blvd., Baltimore, Maryland 21230-1708, Attn.: Mr. Stephen Luckman, Chief, Municipal Discharge Permits Division** and must include the name, address and telephone number (home and work) of the person making the request, the name of any other party whom the person making the request may represent, and the name of the facility and permit number. Failure to request a hearing by **October 26, 2011**, will constitute a waiver of the right to a public hearing on the tentative determination.

Written comments concerning the tentative determination will be considered in the preparation of a final determination if submitted to the Department, to the attention of Mr. Luckman at the above address, on or before **November 5, 2011**. Any hearing-impaired person who requests a hearing may also request an interpreter at the hearing by contacting Mr. Luckman at (410) 537-3671 or 800-633-6101 by written request to the above address at least ten working days prior to the scheduled hearing date.

GCCAC HEAD START ACCEPTING APPLICATIONS – The Garrett County Community Action Committee Child and Family Development Division has begun its Head Start and Early Head Start programs, but is still accepting applications. GCCAC early-childhood programs serve children between the ages of 6 weeks and 5 years old. Head Start and Early Head Start are federally funded programs that offer educational opportunities for children. The organization names "increasing the number of children entering school ready to learn" as one of its primary objectives. Those interested in completing an application or in knowing more about the early childhood programs may call 301-334-9431, ext. 126, or 1-888-877-8403 (toll free). GCCAC has Head Start centers in Accident, Broad Ford, Center Street, Crellin, Dennett Road, Friendsville, Grantsville, Kitzmiller, and Yough Glades. Early Head Start classrooms are located in Grantsville and at the Overlook Judy Center. Earns Master's From Walden

Melissa Ann Savage of Grantsville recently earned a master's in education degree from Walden University. She was among more than 4,700 students from 39 countries at Walden's 46th commencement ceremony in Minneapolis on July 30.

President Bill Clinton, founder of the William J. Clinton Foundation and 42nd president of the United States, spoke to the graduates and received a doctor of humane letters, honoris causa, from Walden at the ceremony.

Savage completed the master of science in education program with a specialization in integrating technology in the classroom. She is employed by the Garrett County Board of Education and resides with her husand Tim and their four children, Larissa, Hunter, Skylie, and Mekelle.

Walden graduates earn bachelor's, master's and doctoral degrees designed to meet the needs of working professionals. Most students work full time while completing their online degree programs.

Sines Represents County At Girls State, Nation

Elizabeth Sines, a senior student at Southern High School, was sponsored by the local American Legion Auxiliary, Unit 71, to attend the recent Girls State, located in Salisbury.

The "citizens" of this fictitious state conduct mock caucuses, elect their own leaders, write bills for debate, and run a legislative session.

"It is an intense week of leadership, patriotism, and community service," a spokesperson said. "Fierce political campaigns are held to pass legislation and elect party officials. The top two American Legion Auxiliary Girls State participants from each of 49 states earn the privilege to attend the elite Girls Nation event in Washington, D.C."

In addition to receiving the Outstanding Citizen Award, Sines was elected senior senator, representing Maryland at the national level where the focus was on federal legislative processes.

At Girls Nation, the senators attended legislative forums, met distinguished guest speakers, and visited Arlington National Cemetery, Walter Reed Hospital, and memorials in the Washington, D.C., area. The highlight of the week was the opportunity to meet President Barack Obama at the White House.

"The visit with wounded soldiers at Walter Reed Hospital profoundly touched my heart," Sines said. "The Girls State and Girls Nation programs are truly nothing short of life-changing. It was an honor to represent the beautiful state of Maryland. I feel more prepared to plan a future in the political field. I highly recommend that students take advantage of the opportunity that Girls and Boys State programs offer."

PRESENTS FLAG AFTER GIRLS STATE TRIP – Elizabeth Sines, a resident of Oakland, recently attended Girls State on a trip sponsored by the American Legion Auxiliary, Unit 71. An honors student, Sines went on to participate in Girls Nation as well. See story. The student is pictured at right as she presents a United States flag to Jann Swiger, president of the auxiliary.

The spokesperson said the program prepares women for careers in politics and public service.

"The program provides the opportunity for students to plunge head-first into democracy, develop sharp leadership skills, and create the foundation for informed and responsible world citizenship," the spokesperson said.

A MOST APPROPRIATE ACT – As the ribbon was cut on the new Dove Center facility this week, about 40 doves were released into the sky, where they circled for a short time, creating a fitting scene for the opening of the new domestic violence resource center in Oakland, and then flew on their way. The doves were a surprise to the event organizers, planned secretly by the Dove Center's clinical consultant, Jack Zealand of Cumberland. Zealand engaged the services of On the Wings of a Dove, owned by Michael and Carson Reinhart. The persons in attendance were offered the chance to hold the doves prior to the release. Apparently the birds fly right back to their Cumberland roost after these engagements. "It was beautiful," said Debbie Holler of the Dove Center, who held one of the birds. "And we were so surprised by it." The new facility, located along Memorial Drive, has seven bedrooms with four shared baths (including one handicapped accessible one), a general kitchen, living room, children's study area, laundry, and all administrative offices. The facility provides storage space, private offices for administrators and counselors, and safe, secure shelter for victims of domestic violence and sexual assault. It is the result of decades of planning and work on the part of several key players, some of whom were honored at the event. See additional photos and information in this section of today's issue. GC Commissioners Vote Against Hiring Western Lobbyist

The Garrett County commissioners this week informed officials in Allegany, Frederick, Washington, and Carroll counties that they will not participate in a plan to hire a lobbyist to represent western Maryland interests in the 2012 General Assembly session.

Allegany County commissioner Michael McKay suggested the plan during a Maryland Association of Counties (MACo) meeting a few months ago. The cost of the endeavor was estimated at $5,000 per county.

Garrett County administrator Monty Pagenhardt said it was unclear to the local officials if a lobbyist would pursue several issues or just one.

"There are too many uncertainties," he said about the plan.

He noted that the five western counties might not have the same level of interest or all be in agreement on such issues as Marcellus shale drilling.

Local commission chairman Gregan Crawford announced his opposition to the idea last week, and the commissioners voted unanimously not to participate in the plan.

"They simply thought there were too many unanswered questions and concerns about hiring a lobbyist," Pagenhardt said.

He noted that Crawford, is on the MACo board of directors and the MACo Legislative Committee.

"He is very involved in all legislative matters, and Garrett County is represented very well by his efforts," Pagenhardt said.

"I CAN SWIM!" may be precisely what is on the mind of obviously elated Broad Ford Elementary School kindergartner John Slone, and it is also the name of a program just kicked off at the new Garrett College Community Aquatic & Recreation Complex (CARC) in McHenry. The goal of the "I Can Swim!" program is to teach all kindergarten students in the county to swim, as well as provide them with a variety of water safety training. While in the pool area, children are never left unsupervised in any way, as demonstrated above by instructor Kathy Higgins. The instructors support each child during the lesson, never losing touch. See the Garrett College News Beat page (C-1) for more information.

Local Man Charged With First-Degree Rape And Assault

An Oakland man was arrested by Garrett County sheriff's deputies on rape and assault charges on Tuesday.

James Leroy House, 49, was charged with first-degree rape, first- and second-degree assault, and numerous other sexual offense crimes. Charges stem from a 9-1-1 call received by Garrett County Emergency Management that claimed a domestic dispute and possible rape was in progress at a Mayhew Inn Road residence.

Upon arrival at the residence, deputies could hear a disturbance and screams coming from inside the home. Deputies forced their way inside and were confronted by House, who was taken into custody. An adult female, also found inside the home, alleged that House had tied her up and raped her. A search and seizure warrant was later executed at the home.

House was taken to the Garrett County Jail to await a bond hearing before a District Court commissioner.

County Commissioners Allocate $50,000 To "I Can Swim" Program

The Garrett County commissioners have allocated $50,000 for "I Can Swim." In cooperation with the Board of Education, Garrett College developed the program with the goal of providing swimming and water safety training to every kindergarten student in the county.

Commissioner Jim Raley proposed the allocation during the commissioners' public meeting on Tuesday afternoon.

"To me, as a nonswimmer, I know how important the program is," Raley said.

He said he had thought about the allocation for some time, but Gene Helbig's letter to the editor in last week's *Republican* "brought to light" the importance of I Can Swim.

Helbig, who lost his grandson Jack to a water accident, begged readers to donate to the program. Helbig and his wife Cathy recently presented a $1,000 check to I Can Swim. Their donation will enable 10 students to take swimming lessons.

Raley also noted that college officials were not afraid to implement the program, despite the lack of secured funding.

"What they did was forge ahead and said, 'We're going to do this," Raley said.

Commissioner Bob Gatto, also an nonswimmer, approved Raley's proposal.

"I can see the whole county benefiting from the I Can Swim program," Gatto said. "I support the motion."

Commissioner Gregan Crawford also approved the allocation.

The county's donation will come from the unassigned fund balance in the fiscal year 2012 budget. Raley noted that recent developments, such as the sale of a county-owned facility in the Southern Industrial Park, make the al-

County Commissioners Approve McHenry Water System Policies

The Garrett County commissioners on Tuesday unanimously approved new fees and policies for the McHenry Water System District. Included in the document are hook-up time frames and payment schedules for hundreds of property owners who are required to connect to the public system.

"[We've] crafted, I think, the most equitable, blanket policy possible for the McHenry Water System," said commission chair Gregan Crawford. "I'm sure there are people who will certainly take issue with that, but we're still under a state mandated code. . . . Regardless of the history of who did what portion and when, what extension was done by whom, who paid for what, or what the intentions were, this is our system and we own it, and the responsibility lies with us."

The previous board of county commissioners held a public hearing on Dec. 7, 2010, on expanding the district to numerous areas around Deep Creek Lake, including Marsh Hill Road, the McHenry Business and Technology Park area, and Sweet Rewards Development.

No written or verbal commentary about the proposal was received at that hearing, and the district boundary changes were approved. The current commissioners held a similar hearing on the issue at Garrett College on March 19. That event also drew little public response.

Shortly thereafter, however, the commissioners received numerous objections to the mandatory connection

Controversial Redistricting Bill Passes State Senate And House Of Delegates

by Jessica Talson
Capital News Service

ANNAPOLIS – The Maryland House of Delegates passed a Congressional redistricting bill Wednesday that drew criticism from both Republicans and Democrats, who said it dilutes minority voting power and ignores geographical and political lines.

The Congressional redistricting bill put forth by Gov. Martin O'Malley passed 91 to 46 in the House. The Senate approved the bill 33 to 13 on Tuesday. The bill will go back to the Senate today for approval of technical amendments, such as correcting typos.

The new Congressional districts would slice away the more conservative part of District 6, represented by veteran Congressman Roscoe Bartlett, R-Frederick, making it marginally more Democratic. If a Democrat is able to defeat Bartlett, Democrats would gain a seat in Congress and would hold seven of the state's eight Congressional seats.

After the House vote, Bartlett issued a statement saying the new map does a poor job of representing minorities and rural residents. But he said the new map would not scare him into retirement.

"It is disappointing that Maryland residents who chose to live in communities and counties with concentrations of minorities and agricultural areas were sliced and diced in the governor's map to dilute their votes and their influence on members of Maryland's delegation

Alleged Jail Escape Conspirator Indicted By Federal Grand Jury

A federal grand jury in U.S. District Court in Baltimore last Thursday afternoon indicted 35 defendants for conspiracy to participate in a racketeering enterprise known as the South Side Brims Bloods gang (SSB Bloods), conspiracy to distribute drugs, and gun violations.

Among those named was Richard Demoan Hall Jr., 27, Cumberland, who was indicted, in part, for his alleged role in helping Deandre Kelly escape from the Garrett County Jail in January.

The indictment alleges that from 2005 to the present, the SSB Bloods have operated from western Maryland to the lower Eastern Shore, comitting violent criminal acts, including murders, shootings, home invasion robberies, drug trafficking, and witness intimidation. This indictment was the culmination of a long-term joint investigation by federal, state, and local authorities throughout Maryland.

The indictment was announced by U.S. Attorney of Maryland Rod J. Rosenstein, Special Agent in Charge Richard A. McFeely of the Federal Bureau of Investigation, and numerous agencies across the state, including the Garrett County Sheriff's

Wisp Owners File For Chapter 11 Reorganization; Ski Season Assured

D.C. Development LLC, the owner of the Wisp Resort, announced over the weekend that it, along with certain of its affiliates, has filed voluntary petitions in U.S. Bankruptcy Court for reorganization under Chapter 11 of the U.S. Bankruptcy Code.

The filing is a result of the alleged default on approximately $30 million in loans the LLC obtained from BB&T Corp. of Winston-Salem, N.C., for the construction of a golf community atop Marsh Mountain at the Wisp.

The downturn in the real estate/housing market and resulting sluggish sale of building lots in the development are what ultimately led to the filing, according to the LLC partners.

"This was a necessary decision brought on by our difficulties with BB&T, the lender on the Lodestone Golf Club properties, when homesite sales surrounding the new golf course did not meet expectations," said Karen Myers, one of the D.C. Development partners. "Chapter 11 protection will enable these entities, including Wisp Resort, to conduct business operations as usual while we restructure our relationship with BB&T and develop a long-term reorganization plan."

Myers noted that the filing creates opportunity for the LLC to stabilize the future of the Wisp Resort.

"As I stated in a mini-press conference in August, our least preferred option of dealing with these financial issues is the sale of Wisp Resort," she said, "so this Chapter 11 filing reiterates our commitment to our employees

Biking Trio Completes 15-Day Trek From Florida To Bittinger

by Brenda Ruggiero

A road trip from Venice, Fla., to Bittinger may not seem very unusual, at least not when it is made by car. But when the trip covering 1,213 miles is made by bicycle over the course of 15 days, it becomes a lot more challenging.

A group of friends completed such a trip last Friday, Oct. 14. The men included Tim Bender of Accident, Titus Beitzel of Bittinger, and Ken Miller of Venice, Fla., formerly of Grantsville. In "real life," Tim is self-employed at BYCO Enterprises, Titus is the manager of operations at Pillar Innovations LLC, and Ken is a pilot for NetJets Inc., flying business jets from Canada to South America.

"Two years ago, I thought it would be a neat idea to bike from my house in Florida to my property in Maryland," Ken said. "I saw more people biking in Florida and I saw more people traveling long distances, and that is what gave me the idea. I started talking about my idea, and some friends were interested in joining me. We didn't train together, but kept comparing ideas and experiences."

Tim noted that he had the urge to do some kind of trip, and when Ken told him he was looking for someone to go with him, he was game.

"I loved the idea of a challenge that could be difficult to accomplish, yet still an adventure and physically demanding," he said.

Titus felt the same way about the trip.

"It was a personal challenge for me," he said. "I wanted to know if I could push myself physically and mentally this far."

Once the men decided that they would make the trip, over the next 18 months they shared information about bikes and gear to take. Each trained in his own way by riding up to 100 miles a week. Next, Ken picked out

NOW *THAT'S* A PUMPKIN CHUCKER! Leave it to Phenix Technologies of Accident to design an incredibly sophisticated chucker for use in the second annual Pumpkin Chucking Contest held Saturday just north of Oakland as one of the events of the annual Autumn Glory Festival. Phenix successfully defended its title for both accuracy and distance in the competition. This air cannon, designed and constructed by several Phenix employees, launched 8-10 pound pumpkins over 500 yards. The six-man Phenix team consisted of Mike Chaney, Lloyd Oester, Andy Teter, Ben Vitez, Jason McCroskey, and Joe Thomas. They noted their appreciation for sponsors Lake View Auto Parts, Pleasant Valley Tarp, and Beitzel Excavating. See photos of other launchers on A-2.

ONE LONG BIKE RIDE – Three men, two of Garrett County and one a former resident, made the somewhat surprising plan to take a bike ride. Not just any bike ride, though; this one started in Florida and ended in Grantsville. A feature story about the trio's experiences is included in today's issue. The group is pictured above as they neared Grantsville along U.S. Route 40.

Lt. Gov. Brown Endorses O'Malley's Proposed Gasoline Tax Increase

by Greg Masters
Capital News Service

ANNAPOLIS – Lt. Gov Anthony Brown said Tuesday that a gas tax increase could help Maryland fund needed infrastructure projects and create jobs.

His testimony before a joint hearing of the Maryland House and Senate came one day after Gov. Martin O'Malley said he would strongly consider a recommendation to increase the state's gasoline tax by 15 cents a gallon as part of a jobs plan.

"We need to expand our investments in Maryland's aging and overburdened infrastructure," Brown said, adding that jobs are the state's "most pressing need."

O'Malley said Monday that he will consider the gas tax increase and other revenue-raising recommendations by the Blue Ribbon Commission on Transportation Funding, which will issue its final report on Nov. 1. The increased gas tax is expected to be one of the recommendations.

"Certainly the gas tax is one way of funding the massive, underfunded transportation infrastructure needs that we have today," Brown said, after his testimony.

The gas tax increase would likely be phased in over three years, with a 5 cent-per-gallon increase each year, said Donald Fry, president and CEO of the Greater Baltimore Committee and a member of the Blue Ribbon Commission.

The commission has also discussed increasing public transit fares and raising the cost of vehicle registration and emissions inspections as ways to address the deficit in the state's Transportation Trust Fund.

"It's not going to be one source. It's going to be a combination of sources," Fry said.

Maryland's Transportation Trust Fund was created in 1971 as a dedicated source for transportation needs, but in past years the fund has been used to help balance the state's budget.

Prince George's County executive Rushern Baker, Montgomery County executive Ike Leggett, and Baltimore mayor Stephanie Rawlings-Blake testified at the Tuesday hearing about infrastructure needs in their jurisdictions.

"All the easy options are gone. Let's just face it," Baker said. "So now it's down to tough options. But we need to do it. Looking at the options I've seen out there, an increase in the gasoline tax is probably the best one that's available to us right now."

Rawlings-Blake said she frequently hears about poor road conditions from community associations.

"Communities in Baltimore City have certainly been weighed down by our efforts to get on the other side of the Great Recession, but they also understand the needs," she said.

Republican delegate Justin Ready of Carroll County issued a statement Tuesday criticizing the gas tax component of O'Malley's jobs plan and past raids of the Transportation Trust Fund.

"The root cause of our Transportation Trust Fund deficit is constant raiding of the fund to spend on non-transportation projects," Ready said, in his statement.

Conservative groups have also criticized the idea of using tax increases to fund infrastructure projects.

"It's an absolutely disingenuous idea because the money for these transportation projects should already be available. About a billion dollars has been stolen out of the Transportation Trust Fund over the years," said Nick Loffer, Maryland grassroots director for the conservative organization Americans for Prosperity.

"Gov. O'Malley is asking people to pay twice," Loffer said.

AT THE END OF A LONG JOURNEY, three traveling friends were greeted in Bittinger by their families and numerous other well-wishers. Pictured above, from left, are Sheila and Ken Miller, Titus and Beth Beitzel, and Cheryl and Tim Bender. See feature story.

CROSSING THE FINISH LINE – Three friends recently completed a 1,213-mile bicycle trip from Venice, Fla., to Bittinger. Pictured above, from left, are Titus Beitzel, Tim Bender, and Ken Miller as they cross the finish line at the end of their trip. Below, Titus and Ken work to fix one of 11 flat tires that were experienced along the route. See feature story for details.

a time when he thought the weather and temperatures would be best.

The men's gear included spare tires, extra tubes, and small bike tools.

"Another valuable tool was our phones," Ken said. "We used them for navigation, hotels, finding bike shops, and getting weather forecasts."

The men tried to keep things as light as possible for the trip.

"I took two changes of clothes, insulated water bottles, and clothes and shoes for the evenmgs," Ken said. "I had rain gear which was also a wind breaker. I chose lightweight clothing that would dry quickly because we hand-washed our clothes every night. I became an expert at using a hair dryer and air conditioning to dry my clothes."

Overall, the men averaged 80 miles a day.

"We averaged 86 miles a day before we got into the mountains, which included one day where we didn't start until 11 and one midday stop for work on a bike at a shop," Ken said.

The men noted that they rode in single file drafting off of the leader. They rotated every 10 miles to keep pace and energy levels steady.

"We struggled with strong head winds the entire trip," Ken said. "For example, while I was pulling for 10 miles, I spent 437 calories – recorded through my heart rate monitor – and a heart rate of 130. The next 10 miles when I was drafting, I spent 207 calories with a heart rate of 108.

"This is only one example of how we worked together as a team. We each had the same goal: No stopping to smell the roses. We wanted to complete the trip within 17 days. We actually finished in 15 days, or 14.5, since we finished at 12:30!"

Over the 15 days, overnight stops were made in Dade City, Fla.; Ocala, Fla.; Baldwin, Fla.; Brunswick, Ga.; Savannah, Ga.; Summerville, S.C.; Georgetown, S.C.; Charlotte, N.C.; Warsaw, N.C.; Rocky Mt., N.C.; Petersburg, Va.; Fredericksburg, Va.; Winchester, Va.; and Cumberland before finally arriving at their destination of Bittinger.

In all, the group experienced 11 flat tires, and were able to fix them in about five to seven minutes. Titus also had several spokes that needed replaced, and Ken had to replace the entire rear wheel and hub assembly, which caused a delay.

"We were stiff and sore mostly for the first week, then had mild stiffness for the rest of the trip," Tim said. "I can't believe we didn't have more flat tires considering all the junk we ran over on the berms."

Weather was also a big factor in the trip.

"The first day, we had a 102 heat index that nearly caused heat stroke for one of us and severe dehydration for all of us," Ken said. "We had water and Gatorade by the gallon and we couldn't drink enough to replenish what we were sweating out. That night, a cold front came through and provided the head wind that we had to fight for the rest of the trip."

For the most part, the weather was clear.

"We had nice blue skies until the last three days," Ken said. "Then we had heavy rain and gusty winds. We all actually hydroplaned on the wet roads while descending one of the mountains near Winchester, Va. The very last day was the worst of the bone-chilling cold as we entered Garrett County. We looked forward to climbing each hill, because the descents were so cold, our feet and hands went numb."

Because of severe winds, the men altered their route between Myrtle Beach and Wilmington, N.C., around the eighth day of the trip.

"Before we altered our route, I began to question if we were really going to accomplish our goal," Ken explained. "The distance did not seem attainable in the amount of time we had – we all needed to get back to work. By changing the route, the road conditions were markedly improved, and we were protected from the winds by the woods in the state forests that we traveled through. Our spirits were all lifted from the progress that we made on day nine, and we began to break it down to where we thought we could reach Garrett County two days earlier than expected."

Tim noted that he was unsure of the outcome during the first week as well.

"My left knee developed some bad pain, and for three days I wore a knee brace and drafted behind Titus and Ken, doing most of the peddling with my good leg," he said. "The pain went away, and I was able to help pull the team again.

"We also had some bad head wind in North Carolina, and after we didn't make our target destination, we were bummed out. It just didn't look like we could make it in the time we had. Then we noticed some different routes that took us away from the coast, and we had one more good day of riding. That really seemed to lift our spirits. We knew our goal and had decided to press towards it until our time was up, regardless of how far we got. We encouraged each other and continued as a team."

The group encountered lots of well wishers along the way.

"Many people were interested in where we came from and where we were going, and wished us safety," Tim said.

Some spectators also offered advice to the men.

"One night, a Southern Belle told us, in her sweetest southern drawl, 'Ya'll might want to take some Advil tonight. I heard one of ya'll grunt when you got on them bikes'," Ken said.

Titus also told about an amusing experience that he had.

"We wore shoes that clipped onto our pedals," he said. "We had to twist our feet to the side to unclip them from the pedals when we needed to stop and put our feet down. I pulled into a gas station in South Carolina and unclipped my left foot, but when I stopped I was leaning toward my right foot and couldn't get it unclipped in time. I ended up lying over on my side in the parking lot with the bike betwen my legs. A fellow was sitting on the bench outside the gas station, and asked, 'Did you guys have a hard day? Because you look pretty rough.'"

The entire trip was a team effort, according to Ken.

"Titus and Tim were the best team mates I could have asked for," he said. "My biggest supporter for this endeavor has been my wife Sheila. From the very first time I mentioned the idea, she had a 'go for it' attitude, and always wanted me to do anything or buy anything that would help to ensure a successful ride.

"And to all who came to send us off and those who welcomed us back, thank you. In the very beginning, I just wanted to ride my bike from Florida to Maryland, never dreaming it would get this much attention. But the support and well wishes from friends along the way was a real shot in the arm for us."

Tim is also thankful for the support of his family.

"I was blessed to have had the opportunity to ride on this trip, and especially thank my family for their support in my absence," he said.

While there are no solid plans yet, Tim noted that he would love to do another hike or bike trip again.

Titus has different feelings about the matter, however.

"This got the bike-riding bug out of me for a little while," he said.

Brown Endorses

sion may also recommend a constitutional amendment or other measure to ensure that the Transportation Trust Fund is only used for transportation purposes, Fry said.

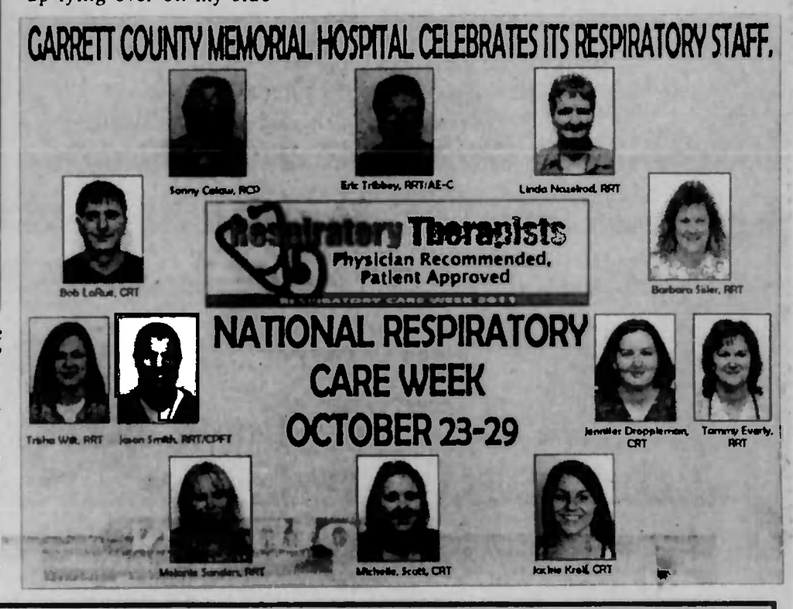
"The motorists have a right to know and trust that that's how their money's going to be spent," he said.

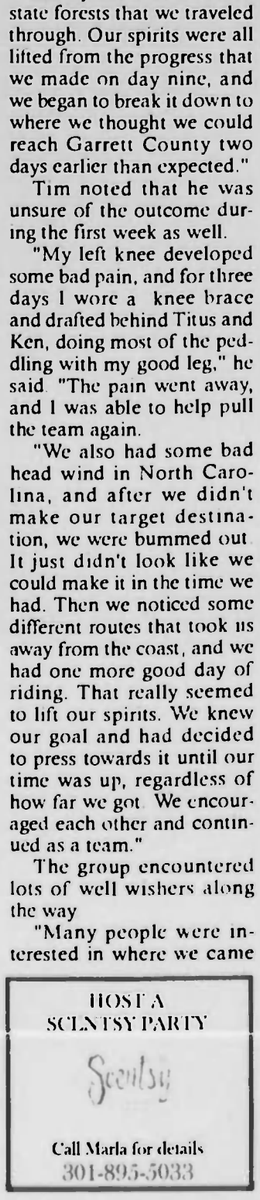
Loffer was part of a rally in Annapolis Tuesday in which Americans for Prosperity and members of Maryland's Tea Party movement spoke out against a proposed redistricting map and higher taxes.

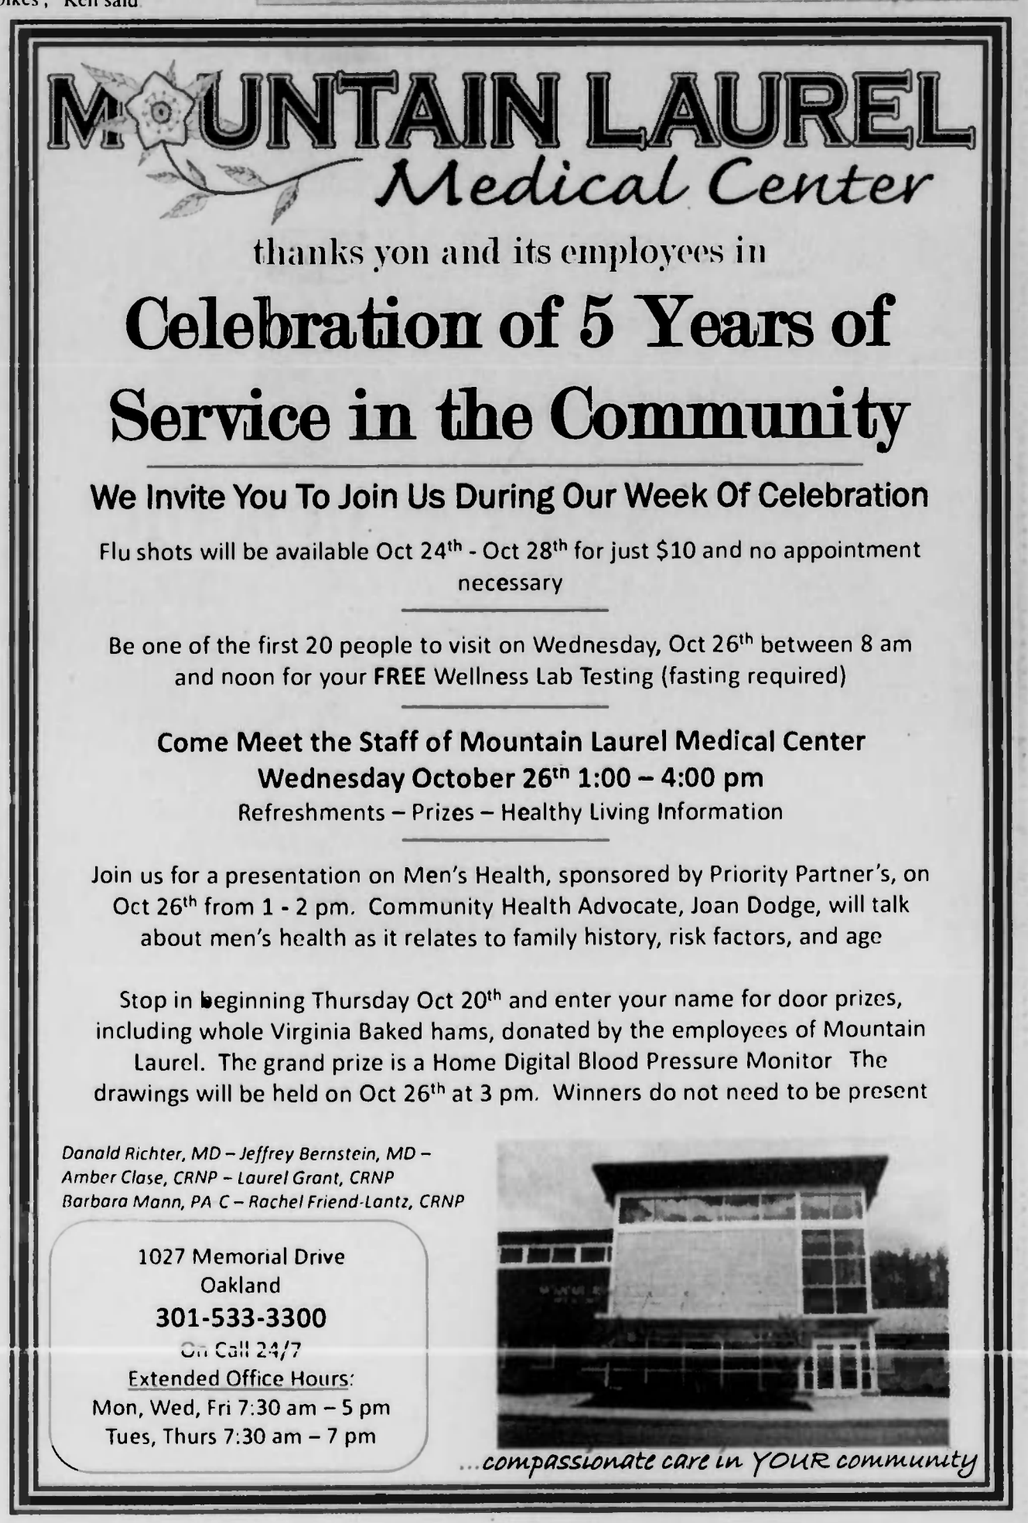
"If Gov. O'Malley were serious about creating jobs, he would get rid of the yearly billion dollar-plus deficit by cutting spending, which would get the yearly threat of taxes off the table and give certainty to businesses to create jobs," Loffer said.

O'Malley spokeswoman Takirra Winfield said the "larger question" concerns the long-term effects of not addressing infrastructure needs.

"How many bridges can we live without? What are the risks of not taking action now to restore our infrastructure?" Winfield said.







It's All About Politics...

The absolute epitome of political gamesmanship, of decision-making by elected officials that is based not on what is in the best interest of their constituents, but what will best promote their own political agendas, was demonstrated this week by Governor Martin O'Malley and the Maryland Senate and House of Delegates.

The governor decided a while back that redistricting, a restructuring of the eight legislative districts in Maryland, was needed. So his people went to work on the project, with the end result being a major change in District 6, of which Garrett County is a part. This involved a "surgical removal" of a large segment of our district, primarily in Frederick County, and the "implantation" of a relatively large section of – get this – Montgomery County.

The original intent of the districting was to place people with generally similar environments, needs, lifestyles, and interests together so that whoever represented a given district as an elected official could support or oppose legislation based upon the general, relatively common make-up of the people in his or her district.

Well, the needs, lifestyles, environments, and interests of those of us who reside in Garrett County could hardly be any more different from those of folks who live 150 miles away in mostly urban Montgomery County. In no way is that intended to be a negative judgment of Montgomery Countians; it is simply an objective statement on the truth of the matter. But the proposal literally breezed through both state houses in just two days this week.

So it is crystal clear that this was all about politics and had nothing to do with what is best for the citizens of Maryland, and particularly those in District 6. That's because District 6 has been represented by Roscoe Bartlett for the past 20 years, and Roscoe is one of only two Republican congressmen in the state. He has been re-elected by a landslide over and over again. One of the specific differences between citizens of the now former District 6 and residents of Montgomery County is that the latter is heavily Democrat. The gamesmanship, then, will likely result in the loss of one of two Maryland GOP members of the U.S. Congress, namely Mr. Bartlett, which is precisely the goal of the governor.

Even those who do not care for Rep. Bartlett's politics should be opposed to this kind of manipulation by the Democratic-controlled Maryland state government. It would be no different – no better – if the tables were turned and Bartlett were a Democrat in a Republican-controlled state. Such sleazy behavior only serves to produce unbalanced districts and noncompetitive elections, and simply adds to the extreme polarization that makes government today so ineffective and stagnant.

To the Editor:

This past Saturday we attended our son's last football game of the season. For the entire season, before each game, we would all stand, remove our hats, place our right hand over our heart, and sing the national anthem.

But at this last game between the Oakland Rams and a Keyser team, on the most profesional field I have ever seen in Keyser, they didn't sing the national anthem. The Rams' parents were tricked to attend three hours early and we were forced to pay an entrance fee, so we just decided to watch the game before ours between the Northern Steelers and Keyser middle school. We noticed they didn't sing the national anthem. I joked around with some of the other parents that "with all the money they have for such an awesome field, they should have Christine Agularа singing."

So when it was time for the Rams to play, we noticed they were skipping the national anthem again, and going straight to the coin toss. We parents, grandparents, aunts and uncles, friends and other family members – citizens who love our country, our children, the wonderful sport of football, and the time-honored tradition of singing the national anthem – sprang to our feet, removed our hats, and sang one of the best renditions of the national anthem I have ever heard. Because it was sung from our hearts. Yeah, some parents didn't know all the words and some sang off key, but we never stood stronger and sang louder or prouder than that Saturday night when our American rights, traditions, and freedoms were being ignored.

I am so proud to be living around such awesome people, in an awesome community.

Sincerely,
James Goodall Jr

I stopped for gas at a local gas station Friday near Grantsville. I used my bank card and put $34.51 worth of gas in my car. Two days later I got on the Internet to check my bank account. To my horror, I had $151 less in my account than what I thought I should have.

I stopped at my bank Monday to inquire about this discrepancy. I was told that the gas station had put a $151 hold on my account, in addition to the $34.51 purchase that I made, and I was not the only one having this problem with this gas station.

The teller informed me that they do not put holds on accounts – businesses do. She did remove the hold for me. I called the station and spoke to the manager, who told me that they do not put holds on bank accounts, the banks do, then hung up on me.

Getting upset with the blame game, I decided to take this issue to a higher level. I called Delegate Beitzel, who gave me the phone number for the Consumer Protection Agency.

I was told to find out how I used my card (as a debit or credit) and what protection my bank has for customers in cases such as this. I used my card as a debit card (it should not matter how I use my card, credit or debit), and that my bank has no protection for their customers to stop this practice of holding money.

If I overdraw my account because of this, I am responsible for the overdraft charges, even if I am not aware that a business has put a hold on my account. I am filing a grievance with the Consumer Protection Agency because I feel my rights have been violated. No one should be allowed to put a hold on my bank account without my knowledge (there was no sign on the pump stating that they would put a hold on my account), and also the amount of the hold was outrageous ($151.00 for a $34.51 purchase).

If this has happened to you, I urge you to call the Consumer Protection Agency at 410-528-8662 or go online to www.oag.state.md.us/consumer. Enough is enough! We need to stop this.

Suicide is a national health problem that takes an enormous toll on families, friends, co-workers, schools, and the entire community. Sadly, every minute of every day, someone attempts to take his/her own life, and every 15 minutes, someone dies by suicide.

We need to know more about suicide and ways to prevent it. We also need to educate the public to recognize the symptoms of depression, especially in teenagers, as they are a particularly vulnerable group.

The American Foundation for Suicide Prevention (AFSP) is conducting one of its Out of the Darkness Community Walks at Hampshire Park in Romney, W.Va., on October 23 to raise much needed funds for prevention and education. Registration for the walk will begin at 1 p.m.

Please come out and walk with us. Help us take suicide "out of the darkness" and into the light, where it is hoped a cure for depression and mental illnesses can be found so families and communities will not have to suffer the tremendous sadness and loss that suicide inflicts.

The Garrett County Manta Ray Swim Team is approaching its 30th anniversary in 2012. The team was created for the youth of Garrett County and its surrounding communities to foster in our children a healthy lifestyle. We began with only 14 swimmers in 1982, but have blossomed to 60-70 swimmers during some of our summer seasons.

Through the years, the pools at Alpine Lake, W.Va., Kingwood City Pool, W.Va., and the Wisp Resort in Mellenry warmly received us and we, in turn, felt immense pride in practicing at these pools for competition meets at the Cumberland YMCA. We have swum competitively against other teams and have carried home many multiple first-place and runner-up awards over the past 29+ years!

The Manta Rays and their proud families are pleased to announce our inaugural winter season, with practices set for Mondays, Wednesdays, and Fridays, beginning next Monday, Oct. 24, at 4:30 p.m. at the Community Aquatic and Recreation Complex, the *new* home of the Manta Ray Swim Team. Try-outs will be held at the beginning of each practice until November 11.

I speak for many parents with children, once fearful of the water, who found swimming as the sport in which they flourished, a place, under the careful tutelage of coaches such as Dusty Huxford and many others, where every child's self-esteem, confidence, competitive spirit, and team pride are bolstered through the sport of swimming. Bring your child to try-outs and enjoy year-round swimming at a state-of-the-art aquatic center! Please visit our website at www.manta-ray.org for additional information.

Preparing for our first entry in the Autumn Glory parade, Friends of Deep Creek Lake reached out to local businesses for assistance. In so doing, we were again reminded of wonderful opportunity we have to work and live here.

Karen and Harry Carpenter, owners of Flying Scot Boat Company in Deer Park, responded to our request for a sailboat for our entry. It turns out their business, known throughout the world for producing the Flying Scot sailboat, has never been asked to participate in the parade. We were struck that this important local business had never been invited to the parade.

The Carpenters and their crew spent several days preparing a boat, dressing it out with flags and a shortened mast. The boat just sparkled when it left the shop floor, and Karen and Harry looked like proud parents!

Jason (Moose) Johnson drove the tow vehicle, with his 5-year old daughter Silvia, serving as co-pilot. Silvia reminded us of how exciting a hometown parade can be. Like Christmas, I think 5 years old is the perfect age for both participant and viewer of the Autumn Glory parade. Their excitement and the sense of magic resonates an innocence we adults have lost. Silva was our "perfect princess," waving and smiling the whole route. It appeared that she already knows half the people in town!

Moose mentioned he would need extra time to wipe down the boat to remove all the dust before the parade because, "I built it." The pride and personal connection with a locally made product was awesome. We have lost this pride of producing things, knowing they are made with the hands of our neighbors. When the manufacture tradition is maintained, as it has been by the third-generation Flying Scot owners, it is a powerful community connection.

Yes, autumn is glorious. Pride by local manufactures of producing a high quality product is glorious year-round. As we make choices about what to buy, this connection with our neighbors' labor is critically important to maintain and celebrate.

Maybe we should have a Spring Glory parade to celebrate locally made items and the labor of our neighbors.

I read your editorial in *The Republican* dated September 22 and agree totally. The scientific data confirms that the costs of ending whitewater releases far outweigh the perceived benefits.

Particularly in this day and age, we all need to be conscious of the fact that we are all connected and that things done in one area have an effect on the environment in another area. We have learned over centuries that, in this regard, the Earth is much "smaller" than was originally believed.

It is incredible that some folks believe that the issue with the Yough releases could be decided without regard to the larger picture – the environmental and financial effects on a large population.

We travel to the upper Yough as often as we can. We have always made it a policy to patronize local businesses wherever we go. Speaking from the perspective of over 40 years of whitewater paddling experience in the U.S. and other countries, the whitewater on the upper Yough is quite exceptional. I have proudly introduced my son to the upper Yough as well.

Please continue to spread the word and do what you can to preserve this valuable resource.

To the Editor:

You made several glowing errors in your editorial concerning the water level in Deep Creek Lake, and also several exaggerations.

I have a home on Heron Cove, also going by the name of Farmuse. Have you ever been to our cove? You said "5 days" lost boating. How about six weeks! In 2009 and 2010 (also other years) our boat had to come out prior to Labor Day. We missed the beautiful months of September and early October.

There are many tree stumps in these coves. When the water level goes down so early, the boats must come out.

I am not a full-time resident, but I am a big time taxpayer! I pay high taxes because I have a "lakefront" home. I do not have a lakefront home except for 5-6 months.

Friendsville "loses all that business." I question your word *all*, an exaggeration! When you write an editorial it is important to first get all the facts.

By the way, I have a great deal of respect for all the full-time resident friends I have made over the years.

Let's *all* enjoy the lake,

Patrick J. Santelli

To the Editor:

Wow, in the 134-year history of *The Republican*, I'd wager that the Sept. 22, 2011, editorial titled "An Unreasonable Request" about concerns over the Youghiogheny River and the effect of curtailing water releases from Deep Creek Lake is the best ever penned, at least judging by readers' reactions!

Amazing – Over 40 letters covering over four pages in response, and this from two countries, 14 states, and Washington D.C., as well as many organizations!

Also, I continue to love "Ask the Everyday Scientist." There is nothing like it in any other newspaper I've read from anywhere in the country, and I've read hundreds of different papers from 30-40 different states over the decades.

Has anyone ever suggested collecting all of the "Everyday Scientist" columns into a book? I bet it could become a popular science textbook in various high school and college classes, if not a popular end eventual classic in the non-fiction press.

Sincerely yours,

To the Editor:

The Upper Yough has a special place in every paddler's heart. It certainly is my favorite run. I make the three-hour drive from Baltimore every chance I get.

Why is it so special to us? The Upper Yough is more than just a beautiful stretch of whitewater. It's a place where we catch up with old friends and make new ones, while supporting the local economy. A typical day starts with coffee and a sandwich at a Friendly Club. After our Upper Yough run, we would stop by Agnes and Mike's Riverside Hotel for soup and salad. Sometimes, we would head to Deep Creek Lake for dinner and camp out at the state park, then paddle at ASCI the following day.

Western Maryland offers many attractions and activities, but it's the Upper Yough, with its predictable, scheduled releases, that attract paddlers. The Upper Yough is the primary reason that many of my paddling friends – Pat Hamlin and Peter Bross to name a few – bought properties near the river. For the very same reason, my family and I are also considering purchasing a property in Garrett County once I'm finished my residency training.

Please do not limit access to this wonderful resource that brings so much joy to the paddling community and maintains the economic vibrancy of Friendsville and Garrett County.

Sincerely,
Cuong T. Nguyen, M.D.

To the Editor:

The Brookfield dam/Upper Yough release controversy highlights the self-centered, self-interest culture manifest in society today.

I am a homeowner at Deep Creek, a lake user, a white water kayaker, and a sometime fisherman. The diversity of available activities is what attracted me to purchase a house in Garrett County in the first place, and I feel strongly that one group's interests should not carry more weight than another's. Therefore, the current campaign by the back-cove owners to limit the number of releases already agreed to seems selfish in the extreme.

I have not done the math, but if you sat down and worked out the number of boating hours available to back-cove owners, even in drought years, and compared that with the number of hours available to whitewater paddlers (only 3 hours, 3 days a week during peak availability), the desire to limit current releases seems even more ludicrous.

Further, the number of people participating in whitewater paddling, ralting, and fishing vastly out-numbers the back-cove owners impacted by drought years. So if anything, I submit that the number of current releases

Letters

Continued from Page A-4

from the dam does not reflect the majority interest.

The Upper Yough is a jewel in the crown of Garrett County. I am horrified that limiting dam releases that provide life to the river and fish population and to the town of Friendsville is even being considered. We should treasure and not kill that asset in order to satisfy the needs of a vocal few who are inconvenienced by variability in the climate.

My solution for back-cove owners? Have the Brookfield dam owners cut back on releases for electricity generation and compensate them for the lost revenue through a boat slip tax or equivalent on all lake users. Someone has to pay to curtail the water releases, and it should be those making the demands.

Sincerely,
Dr. Allan Darling
North Potomac

To the Editor:

The cry was heard all around the land (well, at least in Garrett County), "The paddlers are coming, the paddlers are coming!" Finally an issue for the righteously indignant!

Apparently the only place to paddle in the whole country is on the water released from Deep Creek Lake? Or it would seem so, from the historic number of letters! I hope no trees were cut near the Yough to print the outrage.

I am sure the Friendsville business owners are all now wintering on the French Riviera from the paddlers' lavish spending – and as for those wealthy lake property owners (who pay 60% of the revenue of Garrett County), the audacity of those people! To buy property, build nouses, hire contractors, regularly patronize local restaurants and business, and on top of all that, require virtually no government services. They must be really selfish people.

I propose a novel idea on problem solving. How about all concerned parties try working together to solve real issues with real solutions.

Now I don't want the letter-writing, righteously indignant to spend all their time on paddling issues and ignore significant issues facing everyone. So to all you paddle heads, listen up!

This is not a "Do Nothing Congress" as some have stated. What we have are the best representatives that money can buy, and they are actually doing something. They are dismantling every environmental safeguard they can, as fast as they can. The U.S. House of Representatives of the 112th Congress has voted 92 times targeted at reducing environmental safety, voted 61 times to dismantle the Clean Air Act, and voted 71 times to block actions that prevent pollution. It goes on to the tune of a total of 168 votes that favor industry over the interests of the citizens and our environment.

When you hear politicians talk about stifling regulations, they are really spokesmen for the polluters who pad their coffers and keep them in office. How many votes were taken on the jobs bill?

You guys worry the faucet being turned off, but you have bigger problems coming your way.

Here's one Tea Party sign they sorta got rite [sic]: "Respect are country."

Remember, you are part of the solution or part of the problem.

retired carpenter

To the Editor:

I am writing regarding whitewater sports and a statement in your editorial of Oct. 13: "The water in, and flowing out of, Deep Creek Lake is owned by the state of Maryland, meaning it is equally owned by all citizens of the state."

Let's put your statement in perspective. The local Maryland Department of Natural Resources (DNR) and its administrative entity, the Lake Management Office (LMO), are, to my understanding, solely supported and financed by several thousands in dock fees which are provided by the lake residential and commercial properties.

It is also my understanding that no other Maryland tax income is allocated toward the upkeep and management of the lake. Whitewater sports are seasonal, and, as on the Shenandoah, Potomac, and Cheat rivers and at Ohiopyle, no entity is required to release water for their activities at the detriment of those who pay substantial real estate property taxes and dock fees to keep Deep Creek Lake viable.

So if, according to your statement, "...it is equally owned by all citizens of the state...," then the state of Maryland and all of its citizens have the obligation to provide the funding necessary to keep the lake viable and alive by controlling the erosion, particularly that from the county road ditches that flow across private property and the lake buffer strip, controlling the invasive Eurasian watermilfoil (EWM) weed, and to conduct comprehensive studies and additional funding needed for dredging the shallow coves.

I question the merits of the government of the state of Maryland that pours millions of dollars in public taxes to protect the shores of Ocean City, before and after storm sand erosion, and not provide any funds to keep Deep Creek Lake from virtually dying of age, pollution (sewer over flows), erosion (particularly from the county roads), and the EWM, which is to me unconscionable.

Pursuant to your statement above, "...it is equally owned by all citizens of the state...," then it is time for all of the citizens of Maryland, and in particular Friendsville residents and its limited whitewater enthusiasts, to pay their fair share to the state of Maryland and Garrett County to protect the lake. If it were not for the thousands of lakefront and lake-access residential and commercial property owners paying millions in real estate taxes and dock fees, possibly the lake would have died years ago.

Ralph Schmidt

To the Editor:

I write as president of the Youghiogheny Chapter of Trout Unlimited in response to a recent proposal by the Deep Creek Lake Policy and Review Board to end a DNR trout management policy that has successfully maintained quality trout fishing in the Yough for almost two decades.

The Yough Chapter of TU was involved from the beginning in supporting DNR fisheries efforts to establish a year-round fishery for trout in the Yough, and we continue to endorse their efforts. Historically, the Yough trout fishery can be traced back to many years before Deep Creek Lake was constructed. Deep Creek itself supported wild trout before it was impounded, but its flow of cold water to the Yough ended around 1929 with the construction of the dam. Through DNR's efforts, with support from TU, a year-round trout fishery was restored in the Yough in 1993.

TU is not simply a collection of trout anglers. It's a national organization that has contributed countless hours, energy, and money to help develop and sustain trout resources. Foremost, TU strives to support trout conservation efforts. But we also recognize the economic benefits of healthy trout populations to local economies.

The North Branch of the Potomac was recently found to contribute $3.1 million annually to the local economy. That study was conducted by an independent consulting company, Downstream Strategies of Morgantown, W.Va.

Although not part of that study, the Yough is a very important trout fishery as well. When coupled with other local trout rivers, like the Casselman, Savage, and North Branch, the overall economic benefits of trout fishing are very significant to the local economy. As a professional fishing guide for over 15 years, I can attest to the popularity of our trout rivers, including the Yough, among anglers who often travel hundreds of miles to fish here.

The permit conditions that guide the operation of the Deep Creek Lake power plant were the product of negotiations between all affected stakeholders. TU, commercial raft companies, paddlers and boaters, anglers, DNR, and lake property owners all contributed to the discussions that led to the current permit. Although it is unfortunate that some DCL property owners have purchased home sites in very shallow cove areas that hinder boating later in the summer season, the overall benefits of the current operating permit are undeniable. Those conditions should not be modified to appease a small group of property owners.

Youghiogheny Chapter

HONORING THOSE WITH DOVE CENTER VISION – This week's ribbon-cutting at the new Dove Center facility in Oakland included the mention of several individuals who have helped the new building come to fruition. Three women involved in the decor and landscaping of the facility were recognized, and presented with flowers. Judy Finkel and Odette Lueck were thanked for their work on the interior design, and Linda Buchannon, who could not attend the event, was cited for her landscaping work. Pictured above from left are Heather Hanline, executive director for the Dove Center, Jan and Judy Finkel, and Lueck. Shown below with Hanline is Phyllis Trickett, who was cited for her long-ago wish for a shelter for victims of domestic violence. Trickett was a founder of the Garrett County Commission for Women, which made as one of its main goals the establishment of such a facility. She was given the honor to cut the ribbon. The new facility officially opened in mid-September, and Dorothy Tuel, president of the Dove Center board of directors, said the transition went smoothly. Tuel mentioned that the new center is "very peaceful." Photos by Don Sincell.

Adorable Adoptables

HOUSED AT THE LOCAL ANIMAL SHELTER this week, left to right, are a male tan dog without a collar that was picked up in Loch Lynn; Blitz, a "Heinz 57, whose owners moved and left him behind; Shadow, a black/tan mix that was dropped off by his owner, who is a student and cannot afford to keep him; and a nice male tabby that was picked up as a stray along Hutton Road. "He is so friendly, he must belong to someone, and we hope they come to get him soon," said a Garrett County Humane Society spokesperson about the feline. "These and others – including the happy, furry dog featured in an earlier 'Adoptables' and three medium-size black dogs – are available for adoption. Last week, several of the featured dogs were adopted and many were taken to rescues by HART. Two sibling orange-white tabbies were adopted together, but there are still some homeless cats here." For more information, persons may call the Garrett County Animal Shelter at 301-334-3553. Located along Oakland Sang Run Road, the county-operated facility is open Monday through Friday. Southern States Local Annual Meeting Slated

Southern States Cooperative will review its operations at a series of local annual meetings, including the upcoming meeting for members of Southern States Oakland Cooperative Inc. This event will be on Thursday, Oct. 27, at the Pleasant Valley Comunity Center, 975 Joni Miller Road, Oakland, beginning at 7:30 p.m.

The cooperative's management will use the meeting to report on local and company-wide operations, as well as projected budget results for next year. Local board members will be elected, and retiring board members will be recognized.

Board nominees include Carl Bachtel, Kenton Bender, Jim Richard, and Robert E. Schmidt.

"The annual meeting is the best single opportunity to outline our plans for the future to our membership and discuss our progress in meeting our financial goals," noted Tom Hart, manager of Southern States Oakland Cooperative Inc.

Founded in 1923, Southern States now has more than 300,000 farmer-members and serves members and non-member customers through some 1,200 retail outlets.

Twilight Meeting To Discuss Cover Crops Scheduled

A twilight meeting including a demonstration on various cover crops will be held at the farm of Evan Schrock on Thursday, Oct. 27, from 6 to 8 p.m. Representatives from Homestead Nutrition in New Holland, Pa., will be on hand to answer questions about various cover crop mixes.

While most farmers may select a typical cover crop such as rye, other options such as tillage radishes, crimson clover, and phacelia are available for cover crop plantings. These cover crops provide benefits in addition to soil erosion control. Tillage radishes penetrate deep into the soil, creating cavities for water filtration, improving the soil drainage. Legumes such as clovers, vetch, and phacelia provide nitrogen for next year's crops.

The Schrock farm is located at 90 Lynndale Road, Oakland. Persons with questions or needing directions may contact the University of Maryland Extension Office in Garrett County at 301-334-6960.

YOUNG WRITERS TO PRESENT THEATER PERFORMANCE – The Young Writers Workshop of the Ruth Enlow Library will present a One Maryland One Book Reader's Theater performance at 7 p.m. on Friday, Oct. 28, at Our Town Theatre (OTT) in Oakland. This performance is inspired by *The Absolutely True Diary of a Part-Time Indian* by Sherman Alexie – the Maryland Humanities Council's 2011 selection for One Maryland One Book (OMOB). Now in its fourth year, OMOB is designed to bring together people across the state through the experience of reading the same book and then participate in book discussions or other related programs. "The Reader's Theater performance at OTT will be one of exciting and original work written and staged entirely by Garrett County young people ages 11–15," noted Kate Power, workshop facilitator. Left to right around the table are Leon Dubansky, Elijah Friend, Grace Dubansky, Maia Willo, Garry Mogge, and Ava Roberts. Missing from the photo is Calleigh Calhoun. Although the performance is free, reservations are required by contacting Power at 443-904-7053 or shepherdpower@gmail.com. Funding for this workshop and performance comes from the Maryland Humanities Council and the Garrett County Arts Council, with additional support from Our Town Theatre and the Towson University Graduate Reading Program.

DAVID GOES TO SCHOOL – Students at Accident Elementary School were recently shown an informal play based on *David Goes To School*, a book by David Shannon. The skit used this work of literature to help AES students review school procedures, to promote positive character, and to familiarize the students with the Accelerated Reader program. Those who participated in the sketch are shown above, left to right. In the front row are Luke Canan, Ava Ashby, and Lyndsay Fuller. In the back row are Sarah Smith, "Dave," and Harley Rhodes. Rush Services donated $500 to support the Accelerated Reading program and to provide prizes for students. Students who demonstrated self-control were able to participate in two special drawings. Those pictured below were recognized at a character education assembly and received McDonald's meal certificates. The grand prize winner won a coin set donated by First United Bank and Trust. In the front row are Landon Hook, Skylie Savage, Jacqueline Patton, Katie Allen, and Jacob Brenneman. In the middle row are Olivia Glotfelty, Caleb Spiker, Cole O'Neil, and Allysa Johnson. In the back row are Emma Carr, Emily Taylor, Logan Miller, Ian Eggleston, and Emileigh Gale.

Mountain Lake Park Native *Refresh*-ing Film Festival Circuit

Ben Kroll of Mountain Lake Park has been making waves with the animated film *Refresh*. A senior animation major at Huntington University (Ind.), Kroll, and two others, co-created the film, which has most recently received buzz at the Toronto International Student Animation Festival.

According to a press release, *Refresh* deals with the disparity between people who are privileged and those who live without. In a non-partisan fashion, the film simply asks its audience to take a hard look at how people use limited resources and if there is any way to help those with less.

"I came up with the idea after feeling a need in my heart to help those without clean water," said Sean Cruse, one of the film's co-creators.

"Water is essential for life, and I believe in Jesus' message of helping those in need."

Prior to being featured in Toronto, *Refresh* was selected to play in four other festivals this year, the Stop Motion Magazine Film Festival in Los Angeles, the Philadelphia Film and Animation Festival, the Tallgrass Film Festival (Wichita, Kan.), and the Columbus International Film Festival (Ohio).

"Making festival pieces was one of the goals we set for ourselves when building the digital media arts program," said Steve Leeper, associate professor of digital media arts.

"It has taken a few years, but we're finally starting to see films like *Refresh* reach a wider audience. This is a significant milestone for us. We tell our students from the beginning that being an artist and finding an audience is what we do now, not just something to think about off in the future."

The county administrator e-mailed the chairmen of the other western commission boards about the local officials' decision yesterday and offered a possible alternative to the lobbyist plan.

"I informed the Board [of Garrett County Commissioners] that in the past, the five western Maryland counties met at a quarterly rotating location, and I remember this was very informative and beneficial . . . agendas and issues of importance for each county were compiled and discussed," Pagenhardt wrote. "I know that Garrett County would be open to getting back onto such a plan. I would ask that you run this by your boards and see what they think."

Pagenhardt described those meetings as a "sounding board" for the western Maryland counties, but noted they have not taken place in about 10 years.

and customers. Further, this filing will give us the breathing room needed to continue to seek new investors for the companies – an important aspect of our future growth and reorganization.

"We can assure everyone – our customers, homeowners, suppliers, employees, and our community – that Wisp Resort will remain open for business as usual and continue to be the region's premier skiing resort."

Tim Prather, general manager of Recreational Industries Inc., the entity responsible for all Wisp Resort operations, said that the opening of the 2011-12 ski season is "on schedule" for November 25 or soon thereafter, as weather conditions permit.

"Our guests can continue to rely on us for our genuine mountain hospitality, unrivaled ski surfaces, and our commitment to continuing our tradition of delivering smiles to every guest," said Prather. "Our business neighbors throughout the tri-state region may also continue to rely on us to provide the source of tourism dollars upon which they depend."

According to Prather, the Wisp Resort employs about 650 people during the winter season, and approximately 225 during the summer months.

It was reported by Prather in August that, despite the financial problems associated with the Lodestone project, the resort is "on track" to reach $16 million in gross revenue this year, with an estimated net profit of $5 million.

Husky Boys End Regular Season With Wins Over Falcons, Sentinels

The boys' varsity soccer team of Northern High School wrapped up its regular season this past week with an easy, 5-1 win over visiting Frankfort last Thursday and a big 3-1 upset of Fort Hill on Tuesday, also at the Cove.

The Huskies will take a 5-6-1 overall record and a 6-3-1 mark into the playoffs next week.

In the win over the Falcons last Thursday, the Huskies put their first goal on the board about 5½ minutes into the match when Jordan Evans connected off an assist by Ryan McCann.

Matt Tice made it 2-0 with a goal off a feed by Alec Smoot with just 28 seconds remaining in the first half.

Smoot got a turn to score less than a minute into the second half of action when he scored off an assist by Jared Fike at the 39:22 mark.

Frankfort finally got on the board with just 7:35 to play in the match, as Nick Gaglio scored off an assist.

But the Huskies added two more goals in the final six minutes, with Fike scoring on a penalty kick at the 5:58 mark, and Evans recording his second goal of the night off another assist by Fike with just two ticks left on the clock.

The Huskies finished with a 17-6 lead in shots, and a 6-3 advantage in corner kicks. Aaron Beitzel turned away three Falcon shots on goal, and Cameron Spence was credited with six saves for Frankfort.

The loss gave the Falcons a 4-9-3 overall record for the season.

Evans provided another two-goal effort in Tuesday's major victory over second-ranked Fort Hill. They came back-to-back in the first half of action, giving the Huskies a 2-0 lead at the break.

Evans scored off an assist by Fike at the 17:30 mark, and then added an unassisted goal with 8:03 to play.

A successful penalty kick by McCann put the Huskies on top 3-0 with 37:27 remaining in the match.

The Sentinels' only goal of the night came at the 31:41 mark and was scored by Ryan Diehl off a feed by Alex Parker.

The Huskies finished with a 19-17 edge in shots on goal, while the Sentinels had a 7-4 advantage in corner kicks. Beitzel and Fort Hill keeper James Johnson each had nine saves.

The Northern junior varsity was also victorious in the first match, also recording a 3-1 margin of victory. Jeff Beal had two goals for the Huskies, and teammate Blake Meyers earned the third one. John Blank assisted on two goals. Scoring the lone goal for the Fort Hill jayvees was Brian Norris.

Huskies Top Keyser, Meyersdale, Bishop Walsh; Swept By Rams

A clean sweep was suffered by the Northern High School volleyball team last evening while hosting cross-county rival Southern. The loss came on senior night for the Huskies. Prior to the defeat the Huskies were riding high, having won three straight against road opponents Keyser on Tuesday (Oct. 11) and Bishop Walsh last Thursday, before taking a win while hosting Meyersdale on Monday. Scores in those matches were 3-1, 3-2, and 3-0, respectively.

Kaitlyn Yommer had 14 service points, six aces, and four kills in the match against Keyser. Game scores for that outing were 13-25, 25-19, 25-20, and 25-21.

Kayla Porter led Northern with 11 points, six aces, three kills, and 13 digs. Teammate Amanda Monahan had six points, two aces, and nine assists.

For Keyser, Carrie Riggleman had 11 points, two aces, two kills, and 21 digs. Elizabeth Yaider scored 19 points with four aces, nine kills, and 10 digs. Molly Cuthbertson had nine points, 14 digs, and 10 assists.

Keyser took both jayvee matches: 25-7 and 25-9. Northern's junior varsity squad was led by Lillian Sweitzer (two points, two aces, and two hits) and Rhiannon Dodge, who had one point, one ace, two kills, two digs, two assists, and five hits.

Hosting Bishop Walsh, the Huskies won after five sets: 18-25, 25-19, 22-25, 25-14, and 15-8.

Northern received a triple-double from Porter, who had 23 points, 12 aces, 10 kills, one assist, and 22 digs. Four-year player and senior Breanna Mallow had eight points, three aces, nine digs, and 13 assists, while Tori Devine tallied six points, two aces, 13 kills, and three digs.

Other productive Huskies in the match were Ashley Brenneman, with six points, five aces, 11 digs, three kills, and one assist, Monahan, with six points, three aces, four kills, two digs, and 17 assists, and Yommer, who had seven points, six aces, five kills, and six digs.

Northern also collected the junior varsity win over Bishop Walsh, winning two of three sets by margins of 22-25, 25-22, and 15-5. Husky player Dodge had 17 points, eight ace, six kills, eight hits, three digs, and six assists, while Jordyn Folk contributed five points, one ace, three kills, and five hits, and Nicole Stanczyk added four points, one ace, two digs, and seven assists.

Following the game with Bishop Walsh, Northern treated Meyersdale to a clean sweep. The Huskies dispatched their opponents by scores of 25-13, 25-22, and 25-18.

Porter racked up eight points for Northern and also had two aces, two kills, and 15 digs. Mallow matched Porter's production of points with eight of her own and also had two aces, two kills, with nine digs. Teammate Brittany Williams added seven points, two aces, and three kills, while Brenneman contributed seven points, seven digs, and seven kills.

Meyersdale took both junior varsity games: 25-18 and 25-14.

In that match, Northern received production from Dodge, who totaled five points, three aces, four kills, four digs, and a pair of assists. Brianna Buckel added four points, two aces, one kill, two digs, and one assists.

In last night's matchup with intra-county rival Southern, the Huskies were swept by scores of 25-14, 25-20, and 25-13.

Northern was paced by Brenneman, who had nine points, eight aces, four kills, and six digs, while Porter recorded 10 digs, three points, two kills, and one ace. Yommer had five points, three blocks, two aces, two digs, and one kill.

Sara Sweitzer led the Rams with 12 points, and Natalie Arnold finished with 11 points and one ace. Southern's Alicia Horner added nine kills and seven assists, and Corinne Fike had eight kills.

The Huskies, however, won the jayvee match, 2-0, by scores of 25-22 and 25-22.

Dodge led the way to that victory with six points, three kills, three digs, and two assists. Kayla McKenzie added six points, four aces, two digs, and one kill. Stanczyk had six points, two aces, and one assist. Sweitzer had six points, two digs, and one ace.

Southern was led by Mikayla Bush, who tallied nine points and two aces.

Additionally, it was printed in *The Republican* last week that the Huskies played against and lost to the Campers of Allegany. That report was incorrect.

Northern High School will conclude its regularly scheduled season with two-straight road matches. The first will be played at Salisbury on Monday, before the Huskies travel to Mountain Ridge on Tuesday. Both games are scheduled to begin at 6 p.m.

Rams Topple Campers At Home, 5-0

The Southern High School girls' soccer squad got an early boost from Alli Shaffer, who put up two quick first-half goals on visiting Allegany Tuesday evening.

Shaffer's first goal came unassisted at the 33:00 minute mark. She scored again at 24:10 with an assist coming from Kristen Yant. Those two scores made it 2-0 at the half.

Jill Yant opened the second period by booting a goal off an assist from Lexi Botterbusch. Not to be outdone, Lindsay Crabtree and Alicia Roth scored goals of their own. Both came unassisted with 33:57 and 22:48 on the clock, respectively. Those efforts made for the final score of 5-0.

Southern led in shots 12-4 and in corner kicks 9-0. Martin made four saves and Rachel Wormack had seven for Allegany.

The Rams won the jayvee game as well, 1-0, with Sarah Hutton scoring on an assist from Lara Paxton.

Southern (8-4) plays at Mountain Ridge this evening (Oct. 20), with the first game beginning at 6 p.m.

Huskies Claim 8-0 AMAC Record After Beating Mtn. Ridge, BW, And Allegany

The Northern High School girls' soccer team solidified its No. 1 ranking this week after completely dominating its last three opponents: Mountain Ridge, Bishop Walsh, and Allegany.

Mountain Ridge, an away game played last Thursday, proved to be the closest, 1-0, of the three matches, though the Huskies prevailed after Sydney McFarland hit the net with the game's only goal.

In Tuesday's game at Bishop Walsh, Northern's win, 4-0, never seemed in doubt, as it cruised to victory.

In their next win, the Huskies more than doubled their offensive production from their previous outing, bashing Allegany, 9-0, in a lopsided affair in Accident. That victory ended Northern's regular season with an overall record of 11-2-1.

Though the Huskies could have lost their last few games and still claimed the Appalachian Mountain Athletic Conference championship (their lead was greater than the number of games left in conference play), the team has wrapped up the season with a perfect 8-0 in-conference record. Northern now awaits Sunday's playoff draw and is expected to receive top seed and a first-round bye.

At Mountain Ridge, Alex Diehl made 10 saves in her goal-denying effort for the Huskies. It was this win that guaranteed the top AMAC spot for Northern, which has had a stranglehold on its No. 1 ranking since beating the Miners, 3-1, on Sept. 21.

In their recent match with Mountain Ridge, the Huskies were able to overcome the Miners at 12:55 of the second half, with the game's lone goal coming from an unassisted boot by McFarland.

The Miners attempted more than two times as many shots in the game as the Huskies, getting off 14 to Northern's six. Mountain Ridge also held an 8-0 edge in the number of corner kicks.

Mountain Ridge's Chelsea Muir made five stops for the Miners, but would have liked just one more.

Northern has not allowed a goal since a 3-0 loss to Southern (billed as a non-conference match) on Sept. 27.

Georgia Edwards was involved in both goals of Mountain Ridge's 2-0 jayvee win. Edwards scored unassisted for the first goal, then fed Caroline Brown for the second.

Against Bishop Walsh, McFarland led the offense again, scoring two of the Huskies' four goals in that match. Diehl made four saves.

McFarland and Callie Vernon scored unassisted goals in the first half. The second half remained scoreless until goals by Madi Gallagher (21:03) and McFarland (2:35) set the game's final score, 9-0.

Northern led in shots, 20-

Tenacious Huskies Nearly Pull Off Upset Of Unbeaten Mountain Ridge

Despite being out-numbered by approximately a 2-1 margin, the Northern High School varsity Huskies nearly upset undefeated and heavily favored Mountain Ridge last Friday on the Miners' artificial-turf field in Frostburg.

The Huskies jumped out to a 14-0 lead in the first quarter, led 14-12 at intermission, and were on top 20-18 going into the final stanza, but the Miners rallied for a pair of touchdowns in the fourth quarter to record a 34-26 victory and stretch their unbeaten streak to 7-0 for the season.

It was just a year ago that the Huskies (3-4) upset the previously undefeated Miners at the Cove, 26-14, in the regular season, but were then edged by the same team in the playoffs, 16-9.

Not only did the Huskies travel to Frostburg with just 23 dressed players, but two of them were sidelined during the game with injuries, as receiver Kyle Rodeheaver sustained a broken hand and lineman Sean Kamp reinjured a knee late in the third quarter.

It took the Huskies just four plays to take the lead, as Alex Baker broke through the Miner defense and raced 65 yards to the end zone. Justin Durst booted the conversion.

Then on Northern's next drive, Baker connected with Cody Rodeheaver on a 25-yard aerial to put the ball on the Mountain Ridge 7-yard line. Mason capped the drive a few plays later with a 1-yard dive for a touchdown. Durst's conversion kick gave the Huskies' a 14-0 advantage with 4:35 to play in the first quarter.

Led by WVU-bound running baek Jarrod Harper, the Miners rallied for two touchdowns in the second quarter, with Harper scoring on a 4-yard run at the 10:32 mark. The kick for the extra point was no good.

It appeared that the Huskies might take a 14-6 lead into the locker room at the half, but with just nine seconds left in the second period, Miner quarterback Dan Strietbeek hit Josh Fitzgerald with a 16-yard touchdown pass. The run for the two extra points was stopped by the Northern defense, leaving the score at 14-12.

The Miners took the lead in the third period when Josh Vaughn capped a drive with a 1-yard TD dive, and Justin Jeffries hauled in a Strietbeck aerial for the conversion, giving the home team a 20-14 edge with 4:17 left in the third.

The lead was short-lived, though, as the Miners were called for a personal foul on the ensuing kickoff, which put the ball on the Mountain Ridge 34. Josh Mason then broke loose for a 21-yard carry, and quarterback Chris Murdock followed with a 15-yard touchdown run. The three-play drive took just 1:13 off the clock. The conversion kick was blocked by Fitzgerald, but the score was evened at 20-20.

The Miners regained the lead for good in the first minute of the final quarter when Harper ran 25 yards for a touchdown. Evan Logue's successful PAT put Mountain Ridge up 27-20.

The Huskies cut the gap to one point, 27-26, when Mason capped a 16-play, 80-yard drive with a 1-yard touchdown carry with 4:51 to play. The pass for the conversion was picked off by Fitzgerald in the end zone, allowing the Miners to cling to their one-point edge.

Mountain Ridge tacked on an insurance touchdown when Harper scored on a 1-yard run with 2:50 to play Logue again booted the conversion for what would be the final point of the game, as the Huskies' final drive ended on downs with 1:19 to play.

Baker led the Huskies' ground game with 111 yards on 16 carries, and also completed eight passes for 191 yards. Mason rolled up 83 yards on 21 carries.

Harper led all rushers, gaining 155 yards on 23 attempts, with 98 of those yards being recorded in the fourth quarter. Vaughn added 62 yards on 14 carries.

Miner quarterback Strietbeck conneeted on 15 of 21 passes for 206 yards. His favorite target was Jeffries, who caught nine aerials for 131 yards.

"This was a great effort by our kids," said Northern head coach Phil Carr. "Most people probably counted us out before the game even started, but our players went tn believing they could win, and we almost did. Obviously we are disappointed with the loss, but eertainly not with our effort."

Carr was pleased that his defensive unit was so effective against Harper and the Miners' running game.

"We pretty much shut them down until the fourth quarter and forced them to go to the air," he said. "Late in the game they flanked all of their receivers wide, and we weren't able to get a lot of pressure on their quarterback."

Carr said a critical turning point in the contest was when the Huskies were down by just a single point and the offense was forced to punt. The ball was shanked and went only 8 yards, setting up the Miners' final touchdown.

"Our offense kind of left our defense hanging at that point," he said. "Plus we could tell that we didn't have Sean [Kamp] in there at that point to anchor our defensive line."

Coaeh Roy DeVore commented about the Huskies' effort, saying, "Even with [quarterback] Pat Sines out, they have a quality team with quality players and a great coaching staff. Their kids really get up for us every year. It has become a huge rivalry."

Carr said that Kamp is "questionable" for this week. Rosenberger has a cast on his hand and will likely play, but his receiving ability will be limited.

The Huskies will attempt to do something they have never done this Friday, and that is, defeat Allegany The Campers are struggling somewhat this season and have the same record as the Huskies (3-4). However, Carr is certainly not anticipating an easy go of it.

"If you use the word 'bad' to describe an Allegany team, it has a different meaning than the same word to describe other teams," he said. "They are still Allegany, with a great tradition, a big roster, good size, and lots of skill. We will have to play with the same intensity that we had last week to beat them."

Carr believes that his offense will be able to move the ball against the Campers, but is concerned about stopping their wing-T offense.

"They have a lot of young kids, but they are big and we are expecting them to try to pound it out against us," he said.

Alco is led offensively by junior quarterbaek Carter Imes (6-0, 200), who is a strong runner and an adequate passer.

Carr said he is glad that the game will be on the Huskies' field in what will likely be wet conditions, as the Campers are aceustomed to playing on artificial turf at Greenway Avenue Stadium.

"We played well against them last year, losing 20-16 down there," Carr said. "We have told our kids all week that they have the opportunity to do something no other Northern team has done – beat Allegany We are looking forward to it."

Carr noted that there will be a special pre-game activity called Paws for Pink, which will foster awareness of breast cancer. The kickoff is slated for 7 p.m.

Rams No Match For Top-Ranked Sentinels; Winning Streak Ends

Southern High's varsity football team had its winning streak end on Friday, after suffering a 62-6 loss at Fort Hill. The Rams, who had won their three previous games, allowed top-ranked and undefeated Fort Hill (7-0) to take total control of the game. The Sentinels racked up 424 yards of total offense and gained a first down on half of their 30 offensive plays.

One bright spot for Southern, now 3-4 overall, was the production of its quarterback Kurt Gangler, who went 16 for 33 passing and had 198 yards. The biggest of those passes, a 24-yarder to Logan Stewart for the Rams' lone touchdown and only points of the game.

For Fort Hill, Dylan Clay scored four touchdowns, – two rushing and two on pass receptions – while Garrett Clay and Jaron Watkins both scored two touchdowns. Watkins' came on return duty, as he took a 72-yard punt to the house early in the second quarter and then scored a touchdown on a 93-yard kickoff return to open the second half.

Garrett Clay rushed for 144 yards on five carries, with his touchdown runs covering 34 and 70 yards, all in the first half. Quarterback Mike Austin completed 8 of 10 passes for 133 yards and the two touchdown passes to Dylan Clay Dillon Darr scored for Fort Hill as well, with a 54-yard run in the fourth quarter.

The game opened on a high note for Southern, which utilized a hurry-up offense in the first possession, quickly moving the chains 54 yards to the Fort Hill 24. But, with the Rams threatening in the redzone, the Sentinel defense put up a wall and took possession, setting the tone for the rest of the game

Fort Hill opened its first drive with a 15-yard run by Garrett Clay on a second-and-nine from the 25. Two plays later Dylan Clay tossed a 25-yard pass to Micah May Garrett Clay finished the drive with a 34 yard touchdown run, putting the Sentinels up early at 7:39 in the first quarter.

Southern was forced to punt on its next possession, which set up another Fort Hill drive that ended with a 19-yard option play by Dylan Clay for a touchdown at 5:48.

The Sentinels got the ball right back on their 37 and used just six plays to score again, with Dylan Clay scoring on a quarterback sneak for touchdown number three (1:15).

With the Rams' offense baek on the field, the team was able to obtain a pair of first downs before again being forced to punt away It was on this play that Watkins dashed 72 yards for his first return for a touchdown at 10:13 in the second quarter.

After another three-and-out by Southern, Fort Hill would need just one play — this one a Garrett Clay 70-yard run for a touchdown — to make it 35-0 at 9:00 before the break.

In the Sentinels' next possession, quarterback Austin completed six passes before finding Dylan Clay in the endzone to make it 41-0 with 1:27 left in the first half.

Southern then responded with a six-play, 66-yard scoring drive, with Gangler completing passes of 28 yards to Stewart and 15 yards to Kevin Colaw, to put the ball on the Fort Hill 24

After getting the eall to go for it on fourth-and-four, Gangler found Stewart with a quick pass into the endzone for a Ram touchdown. The score came with 16 seconds left before halftime.

The second half opened with Fort Hill's Watkins carrying the opening kickoff 93 yards for six points. The point-after set the score at 48-6.

The Sentinels then scored on three plays in their opening drive of the third quarter. it was Dylan Clay who finished the drive, catching a 65-yard touchdown grab on a fade route.

The final score of the game came in the fourth quarter, as Darr broke through the Ram seeondary for a 54-yard endzone run.

Southern High will be on the road again this week when it faees host Mountain Ridge on Friday. Kickoff is scheduled for 7 p.m.

AREA ATHLETES AMONG LAKERS – As the Garrett College men's basketball team prepares for the Impending 2011-12 basketball season, three area athletes will among the Lakers on the court this season. Pictured from left are Ed Herpel, Matt Gibson, and Jordan Grady. See story.

Area Athletes Named To GC Lakers Roster

As the Garrett College men's basketball team prepares to start its 2011-2012 season, head coach Dennis Gibson has announced that three area athletes are among those on the Laker roster. Matt Gibson and Ed Herpel, both Northern High School graduates, will be joined by Allegany High School grad Jordan Grady when the Lakers take the eourt.

Gibson, *Penn Highland News* Player of the Year, averaged 20.7 points, 5.1 assists, and 3.1 steals per game. He connected on 78% of his free throws and 38% from three-point range. He led his team in nearly every statistical category except rebounding. He poured in 37 points versus Appalachian Mountain Athletic Conferenee champion Allegany High School, including seven three-point goals in a two-point loss. He is expected to contribute at the point guard position this year for the Lakers.

Grady, a 6-5, 230-pound forward, red-shirted last year for the Lakers because of a wrist injury, had helped lead the Allegany Campers to two straight Maryland state championship rounds, reeording 16.8 points and 12 rebounds per game. He also eompleted his freshman year with a 3.9 grade point average. Coach Gibson said he is vying for a starting position at the small forward position.

Grady was a first-team All-AMAC and first-team All-City (Cumberland) selection.

Herpel, at 6-1, 180 pounds, led his high school team in scoring with just over 15 points per game and was also a first-team All-AMAC pick. The former Husky sat out last year's Laker basketball season with a leg injury But last spring, being mobile again, Herpel competed as the top player on the GC golf team.

The full Lakers roster will be published within the next few weeks. For more information on athletics at Garrett College, persons may go online to www.garrettcollege.edu/athleties.

Div. II Steelers Fall To Keyser In Playoff Game

The Division II Northern Steelers saw their 2011 season come to an end this past weekend when they dropped a 20-8 decision to the Keyser Steelers in a Cumberland Area Youth Football League playoff contest.

The Keyser squad scored all 20 of its points before the Northern Steelers finally got on the board late in the final period.

Andrew Liller and Camden White scored on respective runs of 1 and 19 yards to give Keyser a 12-0 advantage at the end of the first quarter. The score remained unchanged until Keyser picked up a safety in the third period to up the lead to 14-0.

Dylan Thorne added an 8-yard TD run early in the fourth to make it 20-0.

The Northern Steelers avoided a shutout when Nate Durst scored on a 26-yard run, and Austin Evans booted the two-point conversion.

Jordan Day and David Bittinger each had a sack, and Keygan Broadwater picked off a pass to pace the Northern defense.

Northern finished with a 3-5 record. The Division I Steelers will face the Ridgeley Rams in a CAYFL semifinal clash this Sunday at 2 p.m.

National Wild Turkey Federation Chapter Slates Annual Hunting Heritage Banquet

The 17th annual Hunting Heritage Super Fund Banquet hosted by the Western Maryland Chapter of the National Wild Turkey Federation (NWTF) will be held on Saturday, Nov. 5, at the Avilton Community Center. Doors will open at 5 p.m. Preregistration is required because seating is limited.

"Come early to relax and enjoy social hour before sitting down for a delicious meal," said a spokesperson. "The NWTF Hunting Heritage banquets raise funds for wild turkey conservation, while combining a great meal with a chance to swap stories with other sportsmen and women. They're also a great place to meet new friends who share a passion for the outdoors, win valuable prizes, and purchase items unique to the NWTF."

By placing the highest bid or winning raffle games, attendees can go home with sporting art, unique hunting firearms, knives, wildlife calls, outdoor equipment, and much more.

Tickets include annual NWTF membership for $80 per couple or $55 for individuals. Early bird raffle ticket package incentives are available.

Included with a membership is a one-year subscription to *Turkey Country*, the NWTF's full-color publication that includes stories about conservation issues, turkey calling and hunting, the federation's education program, JAKES (Juniors Acquiring Knowledge, Ethics and Sportsmanship), Wheelin' Sportsmen and Women in the Outdoors outreach programs, and more.

The NWTF's 2,350 chapters and more than 400,000 members raise money through ticket sales, silent auctions, live auctions, and rallies. The money is combined with donations from corporate sponsors and individuals concerned about wildlife conservation.

The NWTF is a national nonprofit conservation organization that was founded in 1973 and has worked with wildlife agencies to restore wild turkey populations from 1.3 million wild turkeys to nearly 7 million today. Now, NWTF's volunteers raise funds and work daily to improve critical wildlife habitat, increase access to public hunting land, and introduce new people to the outdoors and hunting. Together, the NWTF's partners, sponsors and grassroots members have raised and spent more than $286 million upholding hunting traditions and conserving nearly 14 million acres of wildlife habitat, according to the federation.

To join the organization at the banquet, persons may reserve tickets by calling Bonnie Friend at 301-387-0010 or Joe Mills at 301-689-0204.

More information about the NWTF is available by calling 800-THE-NWTF or visiting www.nwtf.org.

SIBLINGS TAKE FIRST DEER – Andrea and Jacob Kimble, 12 and 7 years old, respectively, each had recent success while deer hunting with their father near Oakland. Andrea's seven-point buck (above) was downed on the second day of bow season, just one day after Jacob (below) took his eight-point. Both kills were made with a crossbow. The successful outings marked Andrea's first deer taken with a bow and Jacob's first deer ever. The young hunters are the children of William and Tina Kimble of Oakland. Andrea attends Southern Middle School, while Jacob is a student at Dennett Road Elementary.

and in the U.S. Congress," said Bartlett. "I filed for re-election in June, and approval of this map hasn't changed my plans to seek re-election to represent the residents of Maryland's Sixth District in the U.S. House of Representatives."

During the debate in the House, politicians from both sides of the aisle acknowledged the political reality of redistricting.

"I think it's fair to say we expect some aspect of gerrymandering in any redistricting, but this takes it beyond the pale," said Delegate Herbert McMillan, R-Anne Arundel.

Delegate Aisha Braveboy, D-Prince George's, the chair of the Legislative Black Caucus of Maryland Redistricting Work Group, said the plan dilutes minority votes by breaking them up into several districts. She also believes Marylanders were not given enough of an opportunity to study the map.

"Collectively, we know this process is flawed, and we have an opportunity to correct it," said Braveboy, who voted against the plan.

Four new redistricting maps were introduced as amendments during Wednesday's debate. Republicans introduced three of the maps that largely divided counties by geographical and political boundaries.

"What do the coal miners from Western Maryland and the farmers have in common with people in Gaithersburg?" asked Senate Minority Leader Nancy Jacobs on Tuesday. "The Democrats want to increase their numbers in Washington and they're attempting to do that at the expense of the Maryland people."

House Minority Whip Jeannie Haddaway-Riccio said that alternative redistricting plans that keep communities together were ignored by Democrats. All 12 Senate Republicans voted against the plan.

"There are several plans on the table that could help the citizens of Maryland," Haddaway-Riccio said. "You can have redistricting plans that don't put politics over people."

"It saddens me deeply that I must stand and speak against this bill. I am a loyal Democrat," said Sen. C. Anthony Muse, D-Prince George's, the only member of his party to vote no Tuesday. "I think minorities lose with this map."

Delegate Ana Sol Gutierrez, D-Montgomery, introduced a map that changed the proposed districts in Montgomery County. All of the amendments failed.

Delegate Emmett C. Burns Jr., D-Baltimore County, voted for the governor's map, but said that he felt conflicted between creating another majority-minority district and putting another Democrat in Congress.

"We have before us an interesting dilemma. I really am very pleased ... that my friends are interested in the welfare of getting us to the majority-minority districts," said Burns, referring to Republican opponents of the plan.

However, Democratic leaders felt that the new redistricting plan was fair to the voters of Maryland and supported minority interests.

House Majority Leader Kumar P. Barve told the assembly that no matter what type of plan is created, some people will be unhappy. He said that minorities are well represented and the districts are competitive. Barve believes the plan would survive any court challenge.

Barve also said that the geography of Maryland makes it difficult to make compact, neat districts like some of the big, square states.

Approve Policies

Continued from Page A-1

policy and hookup costs. State law mandates that businesses and homeowners connect to a public system if the lines come within a certain distance of their properties.

During the last seven months, Crawford noted, the commissioners conducted three Saturday morning hearings at Garrett College on the issue, receiving five hours of public comments from those events, plus numerous phone calls, letters, e-mails, and courthouse visits at other times.

As a result of those hearings and comments, Crawford noted, the county came up with policies that reduced and standardized the fees, improved the public hearing notification system regarding water and sewer projects, and amended amortization schedules and connection time requirements.

Crawford made the motion to approve the policies.

Commissioner Bob Gatto noted that discussions about the system policies was as open as possible for public comments and suggestions.

"I think we've done great on our end – the staff and everybody who did this work, Gatto added. "If we don't do something, then the state is going to mandate it and we'll fall under their guidelines, so I'll second the motion."

Commissioner Jim Raley reluctantly approved the policies.

"This [water system issue] did become ours in March, but kind of unbeknownst to me that it was problematic, because there was a hearing in December, where literally no one attended; there was a hearing in March, where literally no one attended," Raley said. "But ironically, when we opened it up to the floor – in April, May, whenever we had the next hearing – there were a lot more folks interested in this. So, that concerns me, because I thought what was on the table was what everyone wanted. I thought it was what the public wanted."

He added that this is probably the worst time ever to impose more government and cost factors on people.

"We continue to talk about the tap fee, the hook-up fee and all those kinds of things, but we forget about what it's actually going to cost the citizens to put it into their houses," Raley said.

He noted the cost to do so can be spread out over a 10-year period, but it will still be cost prohibitive for some people.

"I just hope that we've made every provision possible for those hardship situations that could exist," Raley said.

He added, however, that for others, the cost will not be a big deal because it is the price of doing business or developing properties.

"So, I have serious, serious reservations accepting responsibility for something that's really not my responsibility," Raley said. "You can say, 'You're the elected official now,' and I'll accept that. But what I won't accept are things that were done not under my watch – that my affixing my signature to says that I now agree with all this."

He acknowledged many compromises and concessions were made in developing the policies, but the plan is not perfect.

"If it were a perfect plan, I would have people calling and thanking me for putting the water system in place," Raley said. "Instead, I have people who are frustrated that they're going to now receive water that has chemicals in it."

He said he would sign the McHenry Water System policies, but reluctantly.

"I'm going to do so, because I believe that it is time that we have to move on," Raley said. "And for that, I'll accept the responsibility for the part that was my responsibility."

More information about the McHenry Water System policies is available on the county's web site at garrettcounty.org.

Grand Jury

Continued from Page A-1

Office and Garrett County State's Attorney's Office.

"This case reflects an unprecedented level of coordination among local, state, and federal law enforcement agencies employing the federal RICO statute to dismantle criminal gangs," Rosenstein said. "The covert investigation known as 'Cardinal Sin' started in 2009, based on allegations that the South Side Brims Bloods gang was establishing cells and wrecking havoc throughout Maryland. When criminals join together and threaten public safety, law enforcement agencies must work together to put them out of business. You cannot stop a group of criminals by pursuing individual members for isolated crimes."

More than 100 law enforcement officers were deployed last Friday morning to arrest the defendants charged in the indictment, which alleges that SSB Bloods gang members belong to a nationwide racketeering enterprise. Last March, hundreds of law enforcement officers assisted in the execution of 42 search warrants relating to the investigation at various locations throughout Maryland. The 71-page indictment and 135-page search warrant affidavit have been unsealed.

The affidavit alleges that in December 2009, Frederick Police discovered a roster of members both at large and incarcerated. Versions of the roster later were found in other locations, along with a gang handbook. During the federal investigation, gang members allegedly were recorded on wiretaps discussing the gang's hierarchy and rules, letters discussing gang business were intercepted, and Internet pages containing gang messages, photographs, and videos were found. Authorities also developed confidential informants who provided details about the gang's criminal activities.

The 26-count indictment alleges that the defendants were members and associates of the SSB Bloods, a violent gang with members operating throughout Maryland, including the cities of Cumberland, Frederick, Salisbury, and Baltimore; and Queen Anne's, Dorchester, Somerset, Wicomico, Talbot, Howard, and Anne Arundel counties. The indictment alleges that SSB gang members also operated in and around New York City, New Jersey, Virginia, South Carolina, and California.

The SSB Bloods originated from a street gang known as "the Bloods" that was formed in Los Angeles, Calif., in the early 1970s. As time passed, the Bloods spread to other locations and broke into individuals "sets." One such Bloods set based in Compton, Calif., was called Piru Bloods, which emerged into a subset known as the "Fruit Town Brims." The name is derived from a group of streets in Compton named after fruit trees. The Fruit Town Brims became established on the East Coast, including Maryland.

The indictment alleges that Andre Roach, 34, was granted permission to start the South Side Brims on June 17, 2005, and that Roach sent letters through 27-year-old Monique Hagler of Suitland, alleged to be the "first lady," or secretary, for the set. According to the indictment, Hagler also sent communications to gang members demanding payment of dues used to support members of the SSB and their activities, including criminal defense lawyers, firearms, bail, and to assist gang members recently released from prison to help them get on their feet. The indictment sets out in detail numerous acts taken by the defendants in furtherance of their racketeering scheme, including the distribution of powder and crack cocaine, Ecstasy, and other drugs, robberies, and home invasion robberies, and the use of guns in furtherance of these crimes.

The indictment alleges that the SSB initiation process involved being "jumped in" through a beating by other gang members. SSB members were required to commit acts of violence to maintain membership and advance in the gang leadership. Specific acts of violence alleged in the indictment include a murder, several attempted murders, home invasion robberies, witness intimidation, violence against gang members who violated gang rules, and other alleged acts of violence.

Each of the 31 defendants charged in count two with the drug trafficking conspiracy faces a maximum sentence of life in prison, and each of the 27 defendants charged in count one with the RICO conspiracy faces a maximum sentence of 20 years in prison. Hall and 12 other defendants also face from five to 25 years in prison, consecutive to any other sentence, for each count of possessing, using and/or carrying a firearm in furtherance of a drug trafficking crime or crime of violence.

CCC Museum Established At Swallow Falls By Local Scout

In a grove of hemlock trees above the main office of Swallow Falls State Park sits a small stone building. For years this former pair of bathrooms sat empty and boarded up, its fixtures and pipes removed. This building has now experienced a rebirth as the new Swallow Falls Civilian Conservation Corps (CCC) Museum, the Eagle Scout project of Colin Gooding of Boy Scout Troop 1 in Oakland.

Beginning in mid-July, a group of Boy Scouts from Troop 1 and other volunteers worked to transform the structure. They cleaned and scraped, poured a new concrete floor, and painted all the walls and ceiling. They installed new ceiling supports and built two new doors from lumber sawn at the Herrington Manor sawmill. In fact, with a few minor exceptions, all lumber used in the project had been sawn at the mill.

Gooding researched and installed the displays recounting the experience of the men of CCC Company 304 who lived in Camp S-59, which sat where the current playground now stands at Swallow Falls. Gooding also included information regarding the most common trees and prominent animals that visitors to the park might encounter. When the signs were installed the museum was ready for its grand opening, which occurred on Saturday, Oct. 8.

According to Gooding, this project was important because "the CCC is something that affected a huge cross section of the public." Even though these men were "largely responsible for the creation of many of our national and state parks," he said, "the general public has surprisingly little knowledge of their story."

And theirs is a story that needs to be told Gooding explained, as fewer and fewer of the "CCs" (as one veteran called them) are still alive.

"I'm honored to be able to commemorate these men," Gooding stated.

Donnie Oates, assistant manager of Swallow Falls and Herrington Manor State Parks, echoed Gooding's sentiments when he told the people assembled to open the museum that it would be a great asset to the park and would give visitors a chance to learn about the men who helped build both state parks.

According to Gooding, one of the joys of the project for him was the opportunity to hear the men's stories firsthand, from surviving relatives, and through taped interviews done some years ago. One such surviving CCC man was on hand for the museum's opening. Oakland resident Alfred "Blue" Marucci Jr. is a veteran of the CCC who lived and worked at the CCC camp at Swallow Falls in the late 1930s.

Marucci donated to the park a plaque that the swim team from the camp won in 1939 in a competition against teams from other area CCCs. Marucci was able to share some of his memories at the Swallow Falls camp. He pointed to the park's main parking lot and indicated that the camp's baseball diamond was laid out in that space. "We had a great baseball team," he said, "but a horrible field!"

Gooding also heard CCC stories through surviving family members. Ruth Sutherlin spoke of her father, Vernon Moran, who lived at the Swallow Falls camp. She gave Gooding permission to display pictures of her father and a copy of his discharge certificate from the CCC. Several quotes from Moran help tell the story of the men who lived at Camp S-59.

Although he felt that the project was difficult and frustrating at times, Gooding expressed that he still found it exciting, partially because of what he learned about these men while doing the research.

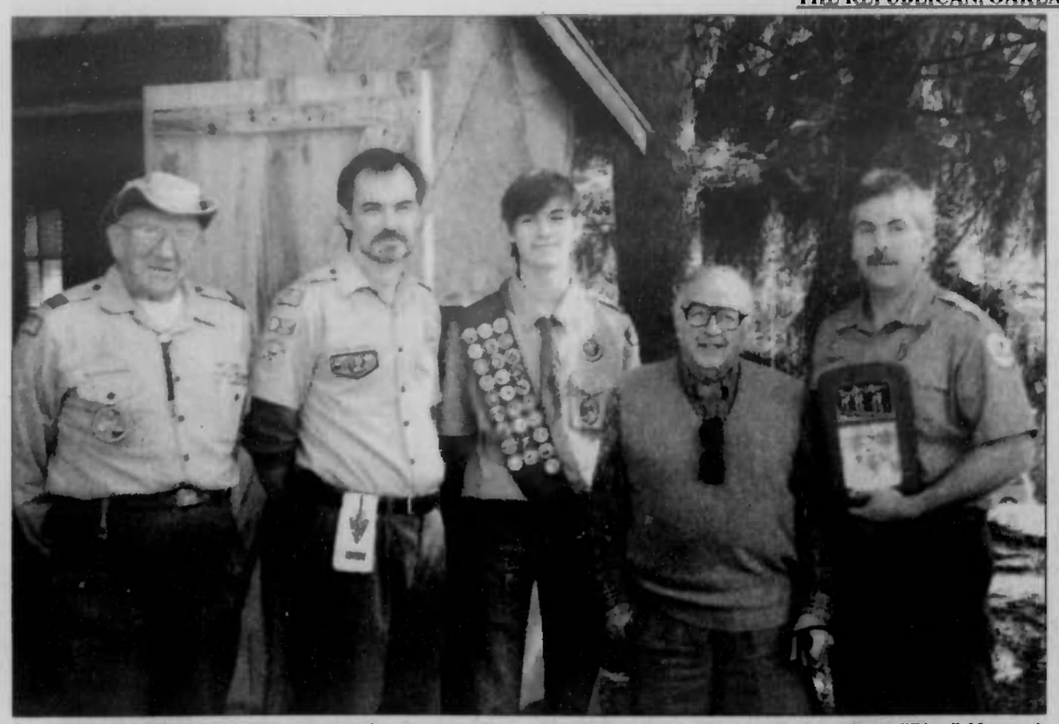
"I discovered so much more than I was able to find space for in the museum," he said. Gooding continued to say that he is thankful for each gift and each person who volunteered to help create the museum and help tell the CCC men's story.

Because of his project, Gooding has been invited by the Maryland Department of Natural Resources to attend the Nov. 5 dedication at Gambrill State Park of Maryland's first statue honoring the men who served in the Civilian Conservation Corps.

The museum is open during Swallow Falls park hours.

Boy Scout Troop 1, chartered since 1922, meets at St. Paul's United Methodist Church in Oakland on Thursdays at 7 p.m.

Those interested in more information about the troop may contact Scoutmaster Mark Miller at 301-334-3181.



SCOUT OPENS MUSEUM – The Civilian Conservation Corps Museum at Swallow Falls State Park opened on Saturday, Oct. 8, after much effort by local Boy Scout Colin Gooding. As his Eagle Scout project, Gooding transformed an unused facility in the park into the museum after doing extensive research on the history of the CCC. See story for details. Pictured, from left, are Paul Shogren, assistant Scoutmaster of Troop 1; Dr. Kevin Gooding with son Colin; Alfred "Blue" Marucci, CCC veteran; and Donnie Oates, assistant park manager.

BOE President Graduates From Leader Program

Thomas Carr, Garrett County Board of Education president, recently graduated from the Maryland Association of Boards of Education Leadership II Program.

Components of the program include completion of a leadership project, participation in several book-based seminars, leadership in MABE committees and activities, and completing coursework on topics including communication, policy development, school system budgets, facilitating meetings, legislative skills, and school system governance.

"Excellence in the classroom begins with excellence in the boardroom," stated Dr. Carl Smith, MABE executive director.

"Professional development is an important part of board service, expanding the members' knowledge of educational issues and deepening their understanding of the art and science of leadership."

Carr was recognized for his achievement at the 2011 Maryland Association of Boards of Education conference.

Founded in 1957, the Maryland Association of Boards of Education is a private, non-profit organization dedicated to serving and supporting boards of education in Maryland. Veterans Honor Sailors Who Died In U.S. Cole Attack

The Veterans of Foreign Wars Post #10077 Deer Park Rifle Squad and the American Legion Post #71 Oakland Honor Guard traveled to Antietam National Cemetery in Sharpsburg last week to participate in a memorial service.

The event honored Marylanders FM Patrick H. Roy and SN Craig B. Wibberley, both Navy men, who were killed on Oct. 12, 2000, when the USS Cole was attacked by terrorists in the Sea of Yemen. Fifteen others died in the attack.

"This memorial service is held every year on Oct. 12, and these veterans organizations are loyal to the memory of these brave military persons," said DeCorsey Bolden, first vice commander, Post #71. "It is our privilege to be a part of this moving ceremony."

The VFW Post #10077 Rifle Squad is commanded by Marvin "Red" Guthrie. It was formerly commanded by Claude Beckman, who died on Aug. 27.

Towers of Truth

Towers have been built by mankind since the dawning of time. Taller than they are wide, they reach up into the sky and provide a place of lookout and defense, a place to send signals, or a place to showcase architectural beauty and function. Cathedral towers were built to glorify God...to point us to the heavens and to thoughts of God and His love for us. In Psalm 122:7, David said... "Peace be within your walls and security within your towers." *Find God's peace and security at your house of worship this week.*

On Growing UP.

What does it mean to "grow up" and become an adult? This is certainly not an easy question to answer, although we usually know it when adulthood is lacking and someone is acting childishly There is a lot of growing up required of us nowadays and thus adulthood is being delayed by an extended period of adolescence. This leaves us with lots of twenty- and thirty-year-old Individuals who are living at home and taking on very few if any of the responsibilities of adults. To act as an adult first and foremost means to be responsible for one's actions and one's life and to stop expecting other people to take care of you. It also entails taking responsibility for where one is in life and refusing to blame our parents, teachers, or others for our lack of success. At some point, we all have to grow up and realize that our life is OURS and no one else's, and however much others may have contributed to it, only we can shape our own lives. Whether this is always true is debatable; parents and teachers do have an impact on children and the adults they will become. But, it is best for each of us to take responsibility for our own lives and start acting and believing as if we are the masters of our own fates. Perhaps that is what it really means to be grown up: to strive to mold and fashion our own lives and to live by our own standards and ideals. And, to do it with the faith of one who takes complete responsibility for every aspect of his or her existence.

"When I was a child, I talked like a child, I thought like a child, I reasoned like a child. When I became a man, I put childish ways behind me."

Why NBC has been 'Prime' on Saturdays

By Jay Bobbin
© Zap2it

Q: Why does NBC show reruns of Wednesday shows on Saturdays? Don't they have any new shows for Saturday? –Richard Deshrough, Dundee, Mich.

A:For some time now, unlike in the golden age of such weekend offerings as "The Mary Tyler Moore Show" and "The Golden Girls," the broadcast networks have considered Saturday to be a night of lower viewership that largely doesn't justify the cost of original scripted programming.

While repeats of such shows as Maria Bello's new "Prime Suspect" and "Law & Order: Special Victims Unit" have been used there by NBC lately, Saturday also has been a spot for the network to play off first-run episodes of series including "Chase" and "Outlaw." CBS is doing something similar with its freshman sitcom "How to Be a Gentleman," which it recently moved from Thursdays to Saturdays. Admittedly, though, those programs already had failed on other nights by the time they were placed on Saturday.

Q: When will we be seeing "Mike & Molly" again? Now that they have received recognition, I can't find it. –Ruth Rogers, Menomonee Falls, Wis.

A: Though the show did miss the opening week of the current television season, it's now back on Mondays on CBS, with Melissa McCarthy – whose recent Emmy win must be the "recognition" you're referring to – on display again. She also was a guest host of NBC's "Saturday Night Live" earlier this month, so she's been having quite a season thus far.

Q: I never seem to see any of Burt Reynolds' movies, or reruns of his weekly shows. Any idea if they'll come back?

Maria Bello

–Laura Alexander, West Palm Beach, Fla.

A: Actually, his "Smokey and the Bandit" comedies have been getting a workout on the Encore set of cable channels in recent months, while MGM HD has been showing "White Lightning" and its sequel, "Gator," fairly regularly. Reynolds also has something new on the horizon: He plays LeAnn Rimes' father in the new Country Music Television movie "Reel Love," which makes its debut Sunday, Nov. 13.

Q: When is "Million Dollar Money Drop" coming back on the air? When it went off several months ago, Kevin Pollak said, "See you soon." –Jean Marmie, Columbus, Ohio

A: There are multiple possible explanations for that closing salutation. That episode likely was taped before Fox canceled the show, so for all Pollak knew at the time, he'd return with it at some point, or since he has other activities, Pollak might have been saying that line on his own behalf. In any event, "Drop" has dropped out of the Fox lineup for good.

Strange BUT TRUE

• It was 19th-century American humorist Josh Billings who made the following sage observation: "Don't mistake pleasure for happiness. They're a different breed of dog."
• Those who study such things say that the immortal bard, William Shakespeare, used a grand total of 17,677 words in his works. (That must have been a tedious calculation.) They also say that fully one-tenth of those words had never been used in writing before.
• If you're like the average American, you eat approximately 10 pounds of chocolate every year.
• You might be surprised to learn that the first automobile insurance policy was sold way back in 1897. One Gilbert J. Loomis of Dayton, Ohio, was evidently concerned about the potential damage that could be done by his newly acquired car, so he got general liability protection in case driving his car resulted in someone's death or injury, or in case property was damaged. • High-quality opals can be more valuable than diamonds.
• If you are of a certain age, you might remember that in the mid-1960s, root beer-flavored milk was available for purchase. Then again, you might not; the marketing experiment was a flop and the product was pulled in short order. • When people who are blind from birth dream, they don't see images; instead, they hear and feel the dream. For this reason, it's said that their dreams can seem much more real. Those who become blind later in life do see images in their dreams, but the images fade the longer they live without sight.
• In the early 1900s, the average American got about nine hours of sleep every night. (I presume that statistic excludes the parents of new babies, who have been sleep-deprived since time immemorial.)

• On Oct. 29, 1618, Sir Walter Raleigh, English adventurer and favorite courtier of Queen Elizabeth I, is beheaded in London, under a sentence brought against him 15 years earlier. He had been released to establish a gold mine in South America. • On Oct. 27, 1873, an Illinois farmer named Joseph Glidden submits an application to the U.S. Patent Office for his design for a fencing wire with sharp barbs. Glidden's two-strand barb wire design changed the face of the American West.
• On Oct. 28, 1886, President Grover Cleveland dedicates The Statue of Liberty, a gift of friendship from the people of France to the people of the United States, in New York Harbor. Originally known as "Liberty Enlightening the World," the statue was to commemorate the Franco-American alliance during the American Revolution.
• On Oct. 24, 1901, a 63-year-old schoolteacher named Annie Edson Taylor becomes the first person to take the plunge over Niagara Falls in a barrel. Taylor reached the shore alive, if a bit battered, 20 minutes after her journey began. • On Oct. 30, 1938, Orson Welles causes a nationwide panic with his broadcast of "War of the Worlds" -- a realistic radio dramatization of a Martian invasion of Earth. The radio hoax included an announcement of a large meteor crash in New Jersey and the annihilation of 7,000 National Guardsmen.
•On Oct. 25, 1944, during the Battle of the Leyte Gulf, the Japanese deploy kamikaze suicide bombers against U.S. warships for the first time. More than 1,321 Japanese pilots crash-dived their planes into Allied warships during World War II.
• On Oct. 26, 1986, Red Sox first baseman Bill Buckner lets an easy ground ball dribble between his legs and roll down the right-field line during the 10th inning of the sixth game of the World Series. The game was tied and, thanks to Buckner's error, the runner on third had time to score, winning the game for the Mets and forcing a tiebreaking seventh game -- which, in the final innings, the Mets also won.

Collecting

Q: My wife and I own a collection of "Wee Forest Folk," about 200 figurines and most in excellent condition. I do not have a computer but need to know how much they are worth. -- Harry, Sun City, Ariz.
A: "Wee Forest Folk," a collection of miniature figurines, was introduced by Annette Petersen in 1972. The first was Miss Mouse (M-001) and originally sold for $8. The company, based in Carlisle, Mass., had released more than 400 different pieces by the time it reached its 25th anniversary in 1997. Made from molds of original clay sculptures by Annette and her son, William, and daughter, Donna, most were usually no taller than 1 1/2 to 2 1/2 inches. Current prices are Miss Mouse (1972), $8; Market Mouse (1978), $8; Miss Mouse with Straw Hat (1972), $8; Wood Sprite (1978), $8; and Two Tiny Mice (1979), $7.50. A company that sells Wee Forest Folk is Emerson's Gift Shoppe, 138 W. Bonita Avenue, San Demas, CA 91773. With the present sluggish economy, "instant" collectibles are becoming more and more difficult to sell.

Q: I have a complete set of 1919 National Geographic magazines in good to excellent condition. Are there are any buyers interested in these? -- Bonnie, Sioux Falls, S.D.
A: There isn't much of a market for National Geographic magazines published after 1900. As with most collectibles, there are always exceptions. For example, during the early years of the past century, Coca-Cola occasionally advertised in the publication, and many of these ads are desirable to collectors. Look through your magazines from 1919 to see if you have any of these advertisements. If you do, you might be able to sell those issues to a Coca-Cola enthusiast.

Reformation Serv. Set At Emmanuel Lutheran Church

A special joint Reformation Festival Service will be held on Sunday, Oct. 30, at Emmanuel Lutheran Church, Bittinger, beginning at 11 a.m. The public is invited to attend.

The guest preacher will be Rev. Dr. Ralph W Dunkin, bishop of the West Virginia/Western Maryland Synod of the Evangelical Lutheran Church in America (ELCA). Assisting clergy will be Rev Randolf Richardson and Rev Donald R. Thomas.

Participating congregations are Shepherd of the Hills Lutheran Church, Deep Creek Lake; the Accident Evangelical Lutheran Parish (St. Paul Lutheran Church, Accident; St. John Lutheran Church, Cove; and Grace Lutheran Church, Friendsville), and the Bittinger Parish (a shared ministry with Emmanuel Lutheran Church, Zion Lutheran in Jennings, and St. John of Meadow Mountain Lutheran Church, Swanton).

A pork and sauerkraut dinner will follow the service in the Bittinger Fire Hall.

Reformation Day is an important liturgical festival celebrated by Lutherans and Christians of many Protestant denominations, a spokesperson noted. It commemorates Martin Luther's posting of his 95 theses on the door of the Castle Church in Wittenberg, Germany, on October 31, 1517.

"While it had profound and lasting impacts on the political, economic, social, literary, and artistic aspects of modern society, the Reformation was at its heart a religious movement," the spokesperson said. "The Reformation was the rediscovery of the doctrine of justification; that is, the good news of salvation by grace through faith for Christ's sake."

For information, persons may contact Emmanuel Lutheran Church at 301-245-4202.

CELEBRATING 40 YEARS OF SERVICE TO THE COMMUNITY

GENEROUS DONORS TO "I CAN SWIM!" – Oakland residents Gene Helbig and Cathy Helbig recently contributed $1,000 to the "I Can Swim!" program that is now under way at the new Garrett College Community Aquatic & Recreation Complex (CARC). Their son Justin and his wife Kelly donated an additional $1,000 to sponsor the water safety education of young swimmers. The donations were made in memory of Jack Helbig, young son of Justin and Kelly who was a drowning victim last year. Serving all kindergarten children in Garrett County, this water safety initiative is offered free of charge as part of the school curriculum. To assure the viability of this program, Garrett County resident Susan Crawford created the "I Can Swim!" endowment in memory of her parents, Joan and Bill Crawford. Fred Learey, executive director of the Garrett College Foundation, has been working to ensure the sustainability of the program. "With the help of the community, we hope to build this endowment in order to perpetuate the 'I Can Swim!' program indefinitely," he said. Learey is also promoting "Sponsor a Swimmer," with each $100 contribution providing lessons to one child. To become a donor, persons are asked to telephone 301-387-3131. Pictured from left above are Gene, Kelly, and Justin Helbig, and Learey.

First "I Can Swim!" Kindergarten Students Complete Course At GC

The "splash-off" of the "I Can Swim!" program at the new Garrett College Community Aquatic & Recreation Complex (CARC) occurred last week, as 19 kindergarten students from Broad Ford Elementary School, accompanied by teacher Teresa Browning and aides Shannon Bittinger and Nancy Livengood, completed the four-day training in swimming and safety around all types of water.

"The children spend time in the CARC classroom and in the pool," explained Nancy Gale, who coordinates the project. "We are teaching the children about water safety and nutrition, using music, reading, games, and coloring. When the children have pool time together, there is only one child per instructor in the water at a time. When a child is actually in the water, he or she works one-on-one with the instructor. The children who are not working one-on-one sit on the pool deck and are being engaged with questions, and are supervised by the teacher, aide, and additional adults."

Gale extolled the high level of skill of the instructors who are working with these aspiring swimmers.

"Kathy Higgins, lead instructor, has been teaching swimming, water safety, lifeguarding, and many other aquatic programs as a certified instructor for over 20 years," said Gale. "She is highly regarded in her field, and has received nothing but compliments from our first-week participants.

"Gail Getty, the assistant instructor, has taught swimming on and off since her grown children were small. She recently recertified to be able to work with this program. She has also received many compliments, and is especially loved by the kids because of her warm personality."

With larger classes expected, a third instructor is being added to the roster. Josh Fitzwater is currently acting head lifeguard at the CARC and an adjunct instructor of swimming at the college. He has many years of experience teaching swimming, life guarding, and water safety.

At the conclusion of the "I Can Swim!" program, parents are invited to join their kindergarten students for lunch, to see a PowerPoint presentation of what the children did during the week, to observe the final teaching session, and to take part in an open swim with their children.

A donation of $100 will fund lessons for one kindergarten student. Anyone wishing to donate through the Sponsor a Swimmer program may call 301-387-3131.

The "I Can Swim!" initiative was developed by Garrett College in cooperation with the Garrett County Board of Education and in response to the request from Garrett College president Dr. Richard MacLennan that the new Community Aquatic & Recreation Complex offer free water safety and swimming lessons to the young children of Garrett County. Fred Learey, executive director of the Garrett College Foundation, stepped forward to structure a funding stream through donations to maintain the program.

"I CAN SWIM!" PROGRAM UNDER WAY – With the recent opening of the new Garrett College Community Aquatic & Recreation Complex (CARC) in McHenry, the "I Can Swim!" program got under way last week, with a group of Broad Ford Elementary School kindergartners participating. The goal of the program is to teach every kindergarten student in the county how to swim, as well as water safety. Pictured above with the students are instructors Gail Getty, left, and Kathy Higgins, right. The photo below was taken during one of the classroom sessions, with the students busily coloring the "No Diving" symbol as part of a water safety education session. In the photo from left are Evan Heath, Clanna Rizer, Gage Shamblen, Molly Nickle, Wyatt Parks, and Peyton Hoff.

Maj. Gen. Joseph Franklin (retired)

Leadership The West Point Way Is Lecture Topic

Major General Joseph P. Franklin (retired) will speak at Garrett College on Wednesday, Oct. 26, from noon until 1 p.m. as part of the Joan Crawford Lecture Series. Former commandant of cadets at West Point, Franklin will present an overview of his beliefs as expressed in his book, *Building Leaders the West Point Way*.

In his book and in his frequent lectures, Franklin outlines the 10 principles he considers most significant in educating a person to assume a leadership role.

"You don't have to graduate from the U.S. Military Academy to embrace its ideals or to benefit from the wisdom that is taught here," he said. "Competent – even inspiring – leadership is within the grasp of nearly everyone."

Following his own graduation from West Point in 1955, Franklin, a native of Cumberland, accepted a commission in the the U.S. Army Corps of Engineers. He earned master's degrees in both civil and nuclear engineering from Massachusetts Institute of Technology and taught the first nuclear engineer course at West Point.

Franklin commanded a combat battalion in Vietnam and later worked as executive assistant to the chairman of the joint chiefs of staff at the Pentagon. He was assigned in 1983 as chief of the Joint U.S. Military Group and senior U.S. defense representative in Spain.

Following his retirement from the Army in 1987, Franklin experienced a successful career in business, holding positions such as chief executive officer and board chairman. He and his wife Constance Marie Smith have four grown sons and nine grandchildren.

This lecture, which will be held in the Garrett College auditorium, is free and open to the public. For more information on the Joan Crawford Lecture Series, persons may telephone Beth Luers at 301-387-3020.

GCMH Plans To Hold Diabetes Prevention Clinic

November is National Diabetes Month, and Garrett County Memorial Hospital is making an effort to raise awareness about diabetes prevention and care. The hospital invites those interested to visit the Community Services Building at GCMH on Tuesday, Nov. 1, between the hours of 10 a.m. and 2 p.m. and speak with diabetes educator Kendra Thayer, RN.

Many free handouts and samples will be available and there will be a drawing for a free water-exercise class through the Wellness Department of GCMH. Refreshments will be available.

According to the hospital, nearly 26 million children and adults have diabetes in the United States and an additional 79 million Americans have a high risk for developing type 2 diabetes.

Garrett County ranks 14th out of 24 Maryland jurisdictions for the prevalence of diagnosed diabetes among adults, according to the Maryland Behavioral Risk Factor Surveillance Survey (2002-2006).

Diabetes is the fourth leading cause of death in the country, and the American Diabetes Association estimates that the total national cost of diagnosed diabetes in the U.S. is $174 billion annually.

According to GCMH, diabetes is a serious disease that can damage many parts of the body. It can lead to heart attacks, strokes, amputations, blindness, kidney failure and nerve damage. A GCMH spokesperson has stated that diabetes complications can be prevented or delayed by properly managing blood glucose, blood pressure, and cholesterol levels. Eating a healthful diet, being physically active, and not smoking may help lower the risk of diabetes-related complications.

A spokesperson stated that recent estimates project that as many as one in three American adults will have diabetes in 2050 unless steps to stop the disease are taken.

A new dehumidifier can save you $20 a year in energy costs.
Replacing an old dehumidifier with an ENERGY STAR® qualified dehumidifier can save you about $20 per year, or more than $220 over its lifetime. These dehumidifiers are more efficient than conventional models, so they use about 15% less energy. In fact, the energy you save over its lifetime could power an ENERGY STAR qualified refrigerator for five months.

Notes From Bittinger

by Joan Glotfelty Sussman

I don't know what is in the character of some young people that causes other kids to bully them. The bottom line is that it is simply obscene to have some kids choose to act against other kids, possibly leading a choice to end one's life to escape the relentless hate encountered every day from a peer group. Even worse is how people allow bullies to act hatefully. Too many people do not speak out when they see these kids' cruel behavior because they are too fearful that perhaps if they stood up for a victim of bullying they may become the next victim of that bully. I can't imagine how dreadful a job the bully's parents are performing as parents.

This is the anniversary of the Cuban missile crisis in 1962, when President Kennedy announced that the USSR had placed nuclear missiles in Cuba that were able to reach the American mainland. He responded by putting in place a naval blockade. The Soviet merchant ship carrying the missiles was finally ordered to turn back by Khrushchev. I wish I could go to Washington, D.C., to participate in the celebration and honor the legacy of Martin Luther King Jr. He was not just an American hero, but also an international hero and inspirational figure to the whole world.

Now, there are many efforts to divide America. The most rigid definition of the meaning of Christianity has gotten more rigid, and now one of the oldest forms of Christianity – Catholicism – no longer qualifies as Christian, according to some radicals. Really, no denomination except the most extremely conservative can qualify. So it would be impossible to believe that America is still a *Christian* nation, because so many forms are suddenly disqualified.

Why do we still have a silent majority? Why do so many Americans feel that they must be silent? Is this not a serious problem in our democracy? I don't believe that the majority of Americans believe that there is nothing wrong with today's America. But why are they afraid to speak out?

Is it right that Topeka, Kansas, no longer prosecutes men who are accused of domestic violence? Is that an example of the best family values in our land? Maybe Kansas people believe in the duty of a wife to submit to her husband, even if that includes allowing him to savagely beat her. How does that affect their children to see that kind of abuse? Maybe it is acceptable to them because they experience the same kind of treatment. "Spare the rod, spoil the child" is completely ridiculous. I never had to beat my daughters to gain their respect and obedience. I learned from my own parents, and I never wanted to do anything to cause them to be disappointed in me. I wanted desperately to please them and make them proud of me.

I can't find a single Republican willing to tell me who they support for their party candidate for president. I understand that. I couldn't hear my own voice saying that I support Rick Perry for our head of state, and I could never admit that I like Michelle Bachmann. I am not ashamed to admit that Obama has my full support, because he is a deeply moral man with the finest American principles, and he showed remarkable courage even when he faced a huge wave of unfair hate and condemnation.

I remember when my grandparents got elderly, and how my grandmother Glotfelty (we called her Babble) regularly called her longtime friend Leah Beitzel, who lived alone, just to make sure everything was all right with her. That is how communication used to work, and there is no reason that things couldn't function like that now.

I counted on that community connection when I suddenly found myself living alone. With so many people living pretty close by, I thought maybe I could survive alone. But I have been disappointed in my network. Out of the many people I thought I could count on, very few even bother to return a phone call from me. And it is pretty pitiful that so many people simply don't answer their phone. They just let the voice mail pick up.

Of course, that has no value for someone who happens to be in real trouble. Some people don't answer their phones to avoid telemarketing calls, and others simply are too lazy or prefer not to have anyone bother them. This is a pretty sad state of affairs. Probably most adults who have children just starting their independent lives would be more likely to answer their phone.

Well, it is the ides of October (Saturday), the day before the MLK memorial dedication. It turned out that they postponed the event because of Hurricane Irene, but now it is the perfect time for today's March on Washington for Justice and Jobs, two primary goals of King – not only social justice, but also economic justice for his people. Without the latter, the former is not very meaningful. The African-American community often suffers most deeply in bad economic times.

Traditional wisdom is ignored by those who desire to stop all government spending. That is so stupid, because it inevitably leads to much more serious and expensive problems. Can you imagine if Oakland's sewer system failed? Raw sewage would flood all those nice lawns, and would get into the public water system, too. So everyone would have to boil their drinking and cooking water, and who knows what diseases would emerge.

I don't think that is a major worry of those exclusive gated community homes of the most wealthy Americans. But still as a nation we ask them, "Pay your fair share for the overall well-being of our nation."

A worthy spokesperson for Martin Luther King Jr., Rev. Al Sharpton, spoke eloquently to the thousands of marchers on the Washington Mall. He said that, yes, they killed the messenger who spoke about the dream that is so important to all of us, but they didn't kill the dream. He is just a bit older than I, and there with him was one of King's children, one of the next wave of fighters for justice for all Americans.

BOE Begins Search For New Superintendent

The Garrett County Board of Education has begun its search for a new superintendent of schools. Facilitators from the Maryland Association of Boards of Education will host a public input session at Garrett College in Room 224 on Tuesday, Nov. 8, at 7 p.m. in the cafetorium.

The board, which will not be in attendance, will use the public comments to put together a job description for the new superintendent. The board has stated that this description will be posted by Sunday, Jan. 1, at the very latest.

The board asks that those who would like to voice their ideas and concerns begin by considering the following guidelines:

1. What are 2-3 things that make Garrett County a very special place to work, live, and learn?

2. What are 4-5 qualities/characteristics that would be beneficial in a new superintendent?

3. What are some challenges that a new superintendent will face in upcoming years?

Anyone unable to attend the public forum is encouraged to submit her/his comments in writing to kblumsack@mabe.org by Nov. 1.

The board expects that in late winter or early spring, selected representatives of stakeholders, such as teachers, administrators, support staff, bus drivers, the business community, parent associations, service groups, et al., will be invited to interview

NOW, *THESE* ARE *PUMPKINS!* Several "whopper" pumpkins were grown this year by Ed Friend on the DeBerry Farm north of Oakland (Friend's in-laws). According to the Maryland Department of Agriculture, the only official record for pumpkins is kept by the Maryland State Fair, and the current record is 713.5 pounds. Friend took his largest pumpkin to Southern States in Oakland to be weighed on that scale, where it topped out at 773 pounds. Official or not, it's a mighty big pumpkin! Pictured above sitting on some of this year's crop are Friend's children Nicholas (left), age 10, and Tallynn, age 6. The "smaller" pumpkin on the left weighs about 722 pounds. Friend noted that the pumpkins were grown from Atlantic Giant seeds, and took "a lot of fertilizer and a lot of water." They have "matured" just in time for Halloween, of course, which will be celebrated across the county. See story for various local festivals and parades. The traditional Oakland/Mtn. Lake Park Lions Club downtown Oakland parade and party at the Oakland fire hall are set for tonight, with line-up at the Ruth Enlow Library at 6:15 p.m. Time to dress up and eat candy!

Grand Opening Of CARC Brings Accolades From Public, Officials

by Peggy Santamaria

The grand opening of Phase 1 of the Garrett College Community Aquatic & Recreation Complex (CARC) provided a day filled with fun and festivities for the nearly 500 people who attended. The long-awaited community center is now a reality.

Garrett College alumni were invited to attend a pre-opening tour and breakfast. About 55 former students gathered to reminisce about the past and marvel at what is the latest stride made by their alma mater. Among the attendees were two who had made quite a trip to take part in these events. Marcelo Grisi arrived from Brazil, and Jim Pedicone drove 1,000 miles from Wisconsin to take part in this event.

The ceremonial ribbon cutting was preceded by messages of congratulations from local and state officials and dignitaries. Among those present and offering congratulations were Christopher Uhl from the office of Gov. Martin O'Malley; Robin Summerfield from the office of Sen. Ben Cardin; Julianna Albowicz representing Sen. Barbara Mikulski; Sen. George Edwards; Del. Wendell Beitzel; Garrett County commissioners Gregan Crawford, Bob Gatto, and Jim Raley; and Don Battista, CEO of Garrett County Memorial Hospital.

Garrett College president Dr. Richard MacLennan recognized the ground-breaking work of his predecessors Dr Steven Herman and Dr Jeanne Neff for their vision and determination to develop the concept of the CARC and find ways to bring it to fruition. He expressed deep appreciation for the foresight of former county commissioner Ernie Gregg in working to make this facility a reality and the determination of Sen. George Edwards to find the funds to do it. MacLennan also thanked the current county commissioners for all the support they have provided.

The county commissioners presented a check for $50,000 to the Garrett College Foundation to help sustain the "I Can Swim!" program, offered free to all kindergarten children in the county.

Throughout the day there

MSP Seeking Info On Attempted Foodland Burglary

Maryland State Police are seeking information regarding a reported burglary at the Grantsville Foodland early Sunday morning.

An unknown suspect(s) reportedly tried to gain entry into the business by using a blunt object on the rear door. A suspect(s) fled when the alarm sounded. Anyone with information is asked to contact the MSP McHenry Barrack at 301-387-1101. Tipsters may be eligible for a cash reward for information leading to the arrest and conviction of those responsible.

Prescription Drug "Take-Back" Event Slated Next Week

Garrett County agencies are again teaming up with the Drug Enforcement Agency to hold a prescription drug "Take-Back" event throughout the county. Persons may bring for safe disposal expired, unused, and unwanted prescription drugs that are potentially dangerous if left in the family's medicine cabinet, a spokesperson said. The event will be held on Oct. 29.

There will be six different collection sites on that day, with three locations each at the southern and northern areas of the county.

Collection sites in northern Garrett County will be at the Northern Garrett Rescue Squad in Grantsville from 10 a.m. to noon; Accident fire hall from 1 to 3 p.m.; and the Northern Garrett Rescue Squad in Friendsville from 4 to 6 p.m.

Collection sites in southern Garrett County will be at Wal-Mart from 10 a.m. to noon; Kitzmiller fire hall from 1 to 3 p.m.; and Bloomington fire hall from 4 to 6 p.m.

This initiative addresses a vital public safety and public

MSP Investigate Two Accidents With Injuries

Maryland State Police investigated two motor vehicle accidents with injuries last Thursday. Charges are pending in both cases. The following are unrelated.

Troopers responded to Chestnut Ridge Road near Minnick Road at approximately 8 a.m. Investigation revealed that Roy William Chappell, 33, Windber, Pa., had been traveling north in a 2005 Kenworth tractor trailer hauling coal. The vehicle overturned while traveling through several curves at a high rate of speed, spilling coal onto the roadway. Chappell was transported by Northern Rescue Squad to the Western Maryland Regional Health Center, Cumberland, where he was treated for minor injuries. Grantsville Volunteer Fire Department and a Maryland CVED unit also responded to the scene.

In a separate incident, troopers responded to Glendale Road east of State Park Road, Swanton, at approximately 9:30 p.m. last Thursday. Investigation revealed that Julianne Marie MacLennan, 17, McHenry, was traveling west in a GMC Envoy, when she swerved to avoid hitting an oncoming vehicle traveling east in the wrong lane. MacLennan's vehicle was forced off the roadway, where it overturned several times before coming to rest. The driver of the second vehicle stopped briefly and then left the scene without rendering aid. MacLennan was transported by Northern Rescue Squad

COMMUNITY COMPLEX BECOMES A REALITY – Saturday was a day for celebration and appreciation. After years of discussion, planning, and seeking funds, the Garrett College Community Aquatic & Recreation Complex (CARC) doors were thrown open and hundreds of people were welcomed to enjoy the amenities of this state-of-the-art facility. It was the grand opening of the CARC, and members of the community were joined by state and local dignitaries to recognize the efforts of all who helped make this community center a reality. Since no grand opening could be complete without the ribbon-cutting ceremony, a blue ribbon was stretched across the CARC entryway. The scissors were held by Garrett College president Richard MacLennan and Don Battista, CEO of Garrett County Memorial Hospital. The hospital operates a wellness center in the CARC. In the photo from left to right in the front are Linda Sherbin, president of the Garrett College board of trustees, Battista, and MacLennan. In back, in the same order are Sen. George Edwards; Garrett County commissioner Bob Gatto; Dr. Jeannr Neff, chair of Garrett College Foundation board; Dr. George Breisford, GC dean of student life; GC commissioners James Raley and Gregan Crawford; Chuck Hess, CEO, Hess Construction & Engineering Services; Christopher Uhl, representing Gov. Martin O'Malley; and Del. Wendell Beitzel.

20 Carved Bears To Be Auctioned At Nov. 5 Gala

The Western Garrett County State Park Volunteers Inc. (WGCSPVI) project that fostered 20 carved and painted wooden bears throughout the summer season in Garrett County is coming to a close. This new program, "Discover the Bears, Carve a Memory: Only in Garrett County," was launched in May to raise funds for educational projects to study the treetops at the Discovery Center at Deep Creek Lake State Park.

Many locals and visitors sought them all out. Those who found all 20 bears and completed the Bear Trail log book (over 350 to date) are eligible for prizes including a five-foot chainsaw carved bear, a flat screen TV, a GPS unit, or a park pass. To be eligible, completed guides must be registered at the Discovery Center.

"In addition to supporting the education projects, these beautiful, original natural wood bears have benefited many in our community," said a spokesperson. "Many have said they discovered places in Garrett County they did not know were there if they had not been searching for the bears."

The bears will be auctioned off and the Trail Guide prizes drawn at the Bearly-a-Gala event on Nov. 5 at Wisp Resort. The gala will provide the only opportunity for the public to ever see all 20 bears in one location.

The evening will include a chance to meet the artists and fostering businesses, as well as offer food and drink while entertainment will be provided by bluegrass artist Bob Yonke and regional recording artist John Mackin prior to the auction.

For those who cannot attend the auction but are interested in purchasing one of the 20 bears, a sealed bid form can be downloaded by visiting www.discoverycenterdcl.com. Bids can then be sent in.

For information about the gala and online ticket sales, persons may visit the web site or Discovery Center/Deep Creek Lake State Park on Facebook.

WGCSPVI extends thanks to the local businesses that fostered a bear, as well as the artists who created the bears. Honorary Committee co-chairs are Dr. Richard MacLennan, president of Garrett College, and Nicole Christian, president of the Garrett County Chamber of Commerce.

ACHIEVES EAGLE SCOUT RANK – Zachary Virts, Boy Scout of America, Troop 57, Swanton, was honored as an Eagle Scout for his recent achievements. A court of honor was held with family and friends attending. Zach's Scouting career culminated with the planning, fundraising, and reconstruction of the shelter at Snaggy Mountain in Potomac State Forest. He raised money for his project through community donations, with the support of family and friends. During Zach's six years as a Boy Scout, he has earned 36 merit badges and has taken part in numerous community service projects. He is a member of the Order of the Arrow and has held many offices in his troop over the years. He is a son of Randy and Lawre Virts, Swanton, and the grandson of William and Sharon Virts, Swanton, and Ross and Linda Glotfelty, Cranesville, W.Va., and the late Albert Fleming.

HOSPITAL UNFOLDS "MONSTER" GALA PLANS – The Garrett County Memorial Hospital Gala is scheduled for Saturday, Nov. 12, from 6 p.m. to midnight at Wisp Resort in McHenry. "The Gala Committee is working diligently to ensure this year's hospital gala is the best on record," said a GCMH spokesperson. "This year's theme, 'A Night in Vegas,' promises a lively evening full of fun, food, dancing, and entertainment." The evening's activities will include a live auction, silent auction, a game table, and live musical entertainment by Monster Band (pictured) from the Washington, D.C., metro area. This five-member band plays a variety of contemporary music, including hits from the 1970s, '80s, '90s, and today. "They are the band to have at an event like this because they are outstanding musicians and vocalists and are . . . just plain fun," said the Monster Band's agent. The dress code for the gala is "cocktail chic," which is described as normal cocktail attire, but with a more modern twist. "From cocktail dresses to pant suits for women, to business suits or jacket and dress shirt for men, the evening's dress code is intended to be classy, sassy, and comfortable, just like the event itself," said the spokesperson. This event is for adults of all ages. As part of the concierge services being offered at Wisp that event, transportation will be provided from participants' cars to the Lodge via escorted golf cart attendants; and, if needed, table service will be available for those who might have difficulty navigating the various buffet stations. The menu will once again include various hot and cold hors d'oeuvres, elaborate salads and starters, lobster, carving stations, desserts, and adult beverages. Tickets are currently on sale and can be purchased by call GCMH at 301-533-4041. The cost per ticket is $100 per person, of which $50 is tax deductible. Funds generated by this event will go toward the purchase of patient care equipment.

COMMISSIONERS PRESENT CHECK – A highlight of the grand opening of the Garrett College Community Aquatic & Recreation Complex (CARC) on Saturday was the presentation of the check for $50,000 from the Board of Garrett County Commissioners on behalf of the citizens of Garrett County. This money is to help fund the CARC "I Can Swim!" program, which provides free water safety and swimming lessons to all kindergarten children in Garrett County. The course was developed in cooperation with the Garrett County Board of Education. The Garrett College Foundation has taken on the challenge of raising funds to sustain the "I Can Swim!" project through "Sponsor a Swimmer." With the cost of each student in the program estimated at $100, the GC Foundation is seeking individual and group donors. Anyone interested in contributing to the fund may call 301-387-3131. In the photo from left to right are Fred Learey, executive director of the GC Foundation; Dr. Jeanne Neff, chair of the foundation board; Dr. Richard MacLennan, president of Garrett College; and county commissioners Bob Gatto, Gregan Crawford, and James Raley.

PLENTY OF PADDLING, SPLASHING, AND DIVING could be found in the pool during the grand opening of the Community Aquatic & Recreation Complex at Garrett College on Saturday. Above, adventure sports students demonstrate methods of safely handling a rolling kayak. The pool will be used to enhance teaching kayaking techniques. Below left, Kathy Torok and Stacy Miller of Garrett College demonstrate the art of scuba diving, which will also be taught in the pool in the future. At right, mascot Splash de CARC makes his debut appearance to the delight of children and adults who lined up to be photographed with him. Photos by Scott Stallings.

Arrested On DUI, DWI Charges Following Stop

A Virginia woman was arrested by Garrett County sheriff's deputies after she was stopped on Deep Creek Drive early Sunday morning.

Ali Laroussi, 30, McLean, was stopped after her vehicle was discovered to be traveling without taillights. The vehicle was then seen making an abrupt turn into a parking garage. She was charged with driving under the influence, driving while impaired, driving without rear lights, and failing to use the required signal in making a turn.

She was transported to the Garrett County Jail to await a bond hearing.

Man Arrested On Sex Offense, Assault Charges

A West Virginia man was arrested by Garrett County sheriff's deputies last Friday on several sex offense charges.

Michael Joseph Miller II, 25, Eglon, was charged with one count of sexual abuse of a minor, two counts of third-degree sexual offense, and three counts of second-degree assault. The charges stem from an allegation filed by a parent of a 14-year-old female and its subsequent investigation.

Miller was taken to the Garrett County Jail to await a bond hearing.

MSP Seeking Info On Theft In Grantsville

Maryland State Police are investigating the report of a theft that had occurred at the Flower Loft in Grantsville sometime Tuesday afternoon.

An unknown suspect(s) entered the business from an open rear door sometime between 1:30 and 1:45 p.m.. Once inside, while an employee was dealing with a customer, the suspect(s) removed $300 in cash from a purse on the desk. No suspect description could be provided. Anyone with information is asked to contact the MSP McHenry Barrack at 301-387-1101.

McHenry Man Sentenced For Sexual Offense

A 20-year-old McHenry man was sentenced in Garrett County Circuit Court last week to one year in the county jail for a third degree sexual offense. Judge Jim Sherbin then suspended 11 months of John Matthew Cosner's sentence and ordered that he be placed on probation upon his release from jail. In accordance with the law, he will also have to register as a sex offender.

Cosner was arrested and charged by Garrett County sheriff's deputies in October after investigators determined he had engaged in sexual activity with an underage female. Cosner pleaded guilty to the crime in August, and the court ordered a pre-sentence investigation report be completed for sentencing.

In an unrelated case, Timothy Shawn Groves, 46, Accident, was found not guilty in circuit court of second degree assault and related charges upon the election of the victim to assert her spousal privilege not to testify.

Groves was arrested and charged by Maryland State Police in April after they responded to the defendant's residence for a domestic incident.

In other court proceedings, Kristian Rose Bittinger, 28, Grantsville, admitted to violating her probation. Sherbin then revoked her probation and reimposed six months incarceration in the Garrett County Jail.

Bittinger was originally placed on probation by the District Court for a case in which she pleaded guilty to stealing a credit card

"While on probation, she violated conditions by being out of the state when she is alleged to have shoplifted in Somerset County, Pa.," the state's attorney said. "She also failed to complete substance abuse treatment as ordered."

In an unrelated case, Clifford Frank Elliott, 39, Oakland, admitted in Circuit Court to violating his probation. Sherbin then reimposed six months of the sentence that had been suspended and revoked Elliott's probation.

Elliott was originally placed on probation in August 2010 after pleading guilty to driving under the influence. While on probation, he violated his conditions by consuming alcohol and being charged and convicted of disorderly conduct.

In another Circuit Court case from last week, Ernest Ray Martin, 70, Oakland, pleaded guilty to obstructing firefighters in the line of their duties. Related charges were dismissed upon his plea. Sherbin then sentenced Martin to 30 days in the Garrett County Jail. The sentence was suspended, and Martin was placed on probation. During his probation, he must pay restitution of $589 to the Oakland Volunteer Fire Department.

Firefighters were dispatched to the Martin property south of Oakland in June for a reported illegal burn. Upon arrival, they were confronted by Martin, who ordered them from the property as he was burning casings from wire and other objects.

After confirming with the Health Department that this burning was illegal and unapproved, firefighters began to extinguish the fire and met with additional resistance from Martin. Garrett County sheriff's deputies were dispatched and applied for the appropriate charges upon completion of their investigation.

WHAT COULD'VE BEEN A DISASTER resulted in a minor vehicle accident at the intersection of Broadford and Harvey Winters roads Wednesday morning. No injuries were reported at the 8:20 a.m. school bus wreck that was the result of a vehicle crossing the centerline. Investigation revealed that Beth R. Mankin, 42, Deer Park, was operating a 2011 Toyota passenger vehicle south on Broadford Road, which for an unknown reason crossed the centerline into the path of a northbound school bus driven by Yvonne Marie Sines, 46, Oakland. The bus was carrying several students at the time of the collision. Although there were no injuries, four students were taken to Garrett County Memorial Hospital as a precautionary measure. Garrett County sheriff's deputies, Oakland Volunteer Fire Department, and Southern Rescue Squad all responded to the scene. Northern Rescue Squad was alerted, but then cancelled. Mankin was cited for failure to drive right of center.

Hoop Hope Hooray Dance Party Slated At SHS; Public Is In[vited]

The community dance project Hoop Hope Hooray, coordinated by Brenda's Body Shop to benefit the House of Hope, has involved more than 150 dancers "spreading the hoopmania" during the recent Autumn Glory Festival. The final event for the project will be the Hoop Hope Hooray Dance Party scheduled for Sunday, Oct. 30, from 2 to 4 p.m. at Southern High School.

The public is welcome and there is no admission fee, according to Brenda Brosnihan, coordinator. Spectators are encouraged to give a donation at the door, she said.

"The purpose during the [dance] party is to raise funds for the House of Hope," Brosnihan said. "Other funds are being raised from the sale of hula hoops and, we hope, from donations at the door during the dance party."

The dance party will feature entertainment and activities for the whole family, she said. Persons do not have to be members of Brenda's Body Shop to participate.

Along with the dance party workout, a special feature will be a hula hoop contest [with] participants competing in [three] categories: freestyle, leader, and freestyle.

"I'm so impressed with all the interest in hooping," Brosnihan said. "And the creativity of the decorated hoops has been so original and self-expressive."

One major focus of the event will be the performance of two mass dances, one with hoops and one without, she said.

"We have been rehearsing for two months and plan to videotape the performances for YouTube so participants can share the dances with family and friends living outside Garrett County."

Prizes will be awarded to the top fundraisers, who will be announced at the end of the day.

"With tough economic times, we are so thankful to all the businesses who contributed as sponsors [for the event]," said Brosnihan.

The House of Hope has been serving the emergency needs of the people of Garrett County since 1978, often assisting when rigid government funding guidelines restrict other area programs, she noted. The House of Hope never turns or accepts government funding of any kind, this ministry has always relied solely on the generosity of the community.

"This is a wonderful grassroots organization, which provides a variety of services," Brosnihan said.

The people of Garrett County and "many wonderful volunteers" make the House of Hope the success it is, she said.

"We appreciate the organization. They said they are "so very grateful" to Brenda's Body Shop and to all who are participating in Hoop Hope Hooray.

growth on Tuesday heard a proposal to double and eventually triple Marylanders' monthly water and sewer fee of $2.50 for Chesapeake Bay restoration.

Because of funding shortfalls, the workgroup also recommended extending Maryland's time frame to meet its bay cleanup goals to 2025, which is the Environmental Protection Agency's deadline, instead of the self-imposed deadline of 2020 that Gov. Martin O'Malley set last year.

While Maryland should continue to move at the accelerated pace set by O'Malley, no funding scenario would get the state to its goals by 2020, said John Griffin, secretary of the Maryland Department of Natural Resources and chair of the funding workgroup that made the recommendations.

"To suggest that, in the face of what we've seen here in this workgroup, we're going to get all this by 2020 ... [is] unrealistic. ... [W]e're being candid and transparent with the public," Griffin said.

In 2010, the EPA established a "pollution diet," known as the Chesapeake Bay Total Maximum Daily Load, for Maryland and other bay watershed states. Annually, Maryland must reduce nitrogen pollution from urban areas and septic systems by about 7.6 million pounds to meet the TMDL requirement for developed areas.

To meet the goal, the state plans to retrofit stormwater management systems and septic systems, as well as finish upgrading its 67 major wastewater treatment plants.

But the Bay Restoration Fund, created in 2004 to finance the treatment plant upgrades, faces a funding shortfall of about $385 mil[lion] ... need to the amount of revenue we're bringing in and the time frame we committed to doing it, it just doesn't match up," said Erik Fisher, a workgroup member and land use planner with the Chesapeake Bay Foundation.

The recommendation that Griffin made to the Task Force on Sustainable Growth and Wastewater Disposal would increase the average residential fee from $30 per year to $60 per year starting in the 2013 fiscal year and $90 per year in the 2015 fiscal year. Starting in fiscal year 2016, the fee would be indexed to inflation, with a 3 percent cap per year.

Fisher favored a higher increase in the bay restoration fee, with an additional increment to $10 a month, or $120 a year.

Thank You, Gentlemen...

One of the primary responsibilities of the Garrett County commissioners is to maintain the safety and the general well-being of the citizens of Garrett County. With that in mind, the commissioners should be commended for their recent decision to contribute $50,000 to the "I Can Swim!" program at the new Community Aquatic and Recreation Complex (CARC) at Garrett College. There may be some who criticize the decision, noting the challenging economic situation that continues to face the county; however, this contribution represents a significant investment in the young people of our county. It will be an investment that will literally save lives.

The goal of the program is to teach every kindergarten student in Garrett County how to swim and how to remain safe around water. Unfortunately, many of our children do not learn to swim. That is often because their parents were also never taught, coupled with the fact that there have never been public pools in the county, making swimming lessons practically unavailable. How ironic it is that so many of our citizens are non-swimmers when water plays such a major role in Garrett County life. The largest lake in Maryland sits in the middle of our county. We have some of the best whitewater rivers in the world, and one of only two man-made whitewater courses in the country. We have several other lakes and rivers in our state parks and elsewhere, plus we have scores of ponds. Bluntly stated, there are so many places in Garrett County and multiple forms of recreation in which people can drown.

It was courageous for two of our three county commissioners to publicly admit that they, too, are non-swimmers. They could have voted against such a donation to the "I Can Swim!" program, using the logic "I have gotten along just fine not knowing how to swim. There are far more important things on which we should spend money" Clearly, however, they recognize that knowing how to swim is indeed extremely important for each and every one of our children. Thank you, gentlemen.

The contribution from the commissioners, along with a number of others from individuals, businesses, and organizations, will fully fund the entire program for a couple of years, as it costs an estimated $100 to teach one child. So that's a great start. However, continued support for the program will be crucial for its long-term survival. So all residents are strongly urged to make a contribution or perhaps hold a special fundraiser for this purpose. Again, we are talking about something we can all do to literally save the lives of our children. How can any cause be more worthy than that?

American Red Cross desperately needs the help of blood donors at this time. Blood supplies are critically low, and patients are at risk for not receiving the blood transfusions they need. To the Editor:

Over the last 90 years some things have changed little in American life. Football is played with 11 men on a side, drivers still drive on the right side of the road, and a majority of church services are still held on Sunday

Although open for debate, I feel one thing that has changed is that in 2011 many individuals have almost every moment of their life scheduled in some activity. Some would say they have no choice. With all the modern conveniences as compared to 90 years ago, it would seem there would be more free time.

In 2011, many places are not places to be lived in, only slept in. The nurturing aspect of a home should not be discounted. The human spirit responds to love and hope. I believe without hope, we lead an empty life. Something we all need is human contact, especially with those in our families.

Examine if you can use technology less and human contact more I assure you there will be no regrets. Examine if there is hope in your life. Understandingly with the present economic conditions monetary hope may be unrealistic However, many of us can hope that a relationship can be strengthened

I personally know a family that has been fractured for many years. Now they are beginning to take steps to become a family again Nothing could be better Hope is alive in this family I encourage all through hope and love to make your home a place that is more than slept in.

To the Editor:

Here are two excellent ideas I got from a Florida "Letter to the Editor." The woman had two ideas of how to correct the Medicare problem.

1. Make every member of Congress change their current health insurance plan to Medicare.

2. Change every Medicare member to the health insurance plan that members of Congress have.

To get a public opinion of these changes, put them on the next presidential election ballot.

I add that Congress should purchase their own retirement plan, just as all Americans do, and put that on the ballot also.

How do you get these put on a ballot?

Sincerely,
Charlotte Harkins

To the Editor:

Concerning lake level management, the quarterly meeting of the DCL Policy and Review Board left me unimpressed.

Jess Whittemore presented his analysis of the MDE lake level and inflow data, which quantified the effect of whitewater releases as impacting the decline of the lake level by five days. He also demonstrated that the numbers of releases both for whitewater and temperature enhancement have not varied significantly over the years

Several board members spoke. Of note were the comments by the gentleman seated to the left of the chairman and another member. The gentleman on the left flatly stated that scheduled whitewater releases needed to be curtailed to pre-2007 numbers, which were "clearly adequate." He spoke of hardships of property owners on the lake whose boats had been grounded by falling water levels. He also misrepresented statements that Whittemore had made earlier and would not allow for rebuttal. The second gentleman presented himself as a businessman and demanded income and tax information from Friendsville whitewater outfitters. Several other board members made comments that intimated that whitewater boats were illegitimate since they are not registered and therefore are not taxed

Regardless of Whittemore's presentation, the PRB members continued to focus on whitewater releases as being the cause of low lake levels. It was also clear that they did not consider the economy of Friendsville to be significant, relative to that of Deep Creek Lake. They were unable to quantify the number of homeowners affected by low lake levels.

To summarize the sentiment of the Deep Creek Lake PRB would be to say that those with the most money should be able to buy whatever resources they choose. Another red flag is that they wish to shield further discussion of this issue from the public.

I am hopeful that Friendsville will continue to have equal representation. The DCLPRB should consider that they are asking to take a lot of business from Friendsville for very little benefit to lake homeowners. It doesn't require much thought to realize that if you choose to own property in a shallow part of any lake, you will need to deal with annual water level issues as part of that choice, and that is OK The Deep Creek PRB should receive a concise message from the state clearly stating that they are out of line in their persistence on this issue.

Sincerely,
Eric Henrickson
Morgantown, W Va.

To the Editor:

I believe your redistricting editorial is misplaced and deserves a rebuttal. Of course it is about politics; state legislatures do this sort of thing every 10 years. The process is awful, conflict ridden, and generally results in gerrymandered one-party districts. Your editorial would have better served the public if it argued for the creation of nonpartisan commissions to craft all future congressional districts.

You claim that the residents of the rural and urban counties stuffed into the new District 6 "could hardly be any more different." Really? Are we not all Americans and residents of the same state who want to see our country and state prosper and grow? We all want good jobs, responsive government, and a vibrant economy The differences are incidental. When political processes promote our differences, partisanship abounds and effective government grinds to a halt; to wit, look at our national political climate today

Despite the many issues raised by redistricting, I am hopeful that the law of unintended consequences kicks in. Our district will now be more competitive, and candidates from both parties will have to recognize the interests of a diverse demographic, economic, and political electorate.

Our congressman henceforth will have to be more moderate in his or her views, work to build consensus and earn our votes by acting in the best interests of our country and state, not just political party – exactly the kind of qualities that are sorely missing at the present time. The congressman's decisions to vote to raise or lower taxes, or to enhance or reduce social services will not be easy, and they shouldn't be

The new district will be approximately 40% white, with double-digit percentages of Asians, Blacks and Latinos – pretty close to the near future demographic of our country.

A more competitive district will impress upon both parties that every vote counts. Democrats in Garrett County should take heart in this fact, as should Republicans in Montgomery County. Hopefully, voter turnout will improve, surely a good thing in itself. If Garrett County votes became critical to "swing" close elections, congressional candidates will be obligated to pay close attention to our needs.

So I for one applaud this reconfiguration of District 6. After all, if it doesn't work we can regerrymander it again in 10 years!

Sincerly,
Jerry Campane
Oakland

To the Editor:

Taxpayers, bicyclists, and motorcyclists, be warned!

In a time of financial woes, Garrett County residents may find it disturbing to learn that not all decisions are made by our elected officials. Several months ago, county road crews made some minor repairs to Boiling Springs Road, which is a bituminous (asphalt) paved road between Deer Park and Eagle Rock Road. Just this week, road crews returned and have chip sealed (tar and chipped) 2.69 miles of Boiling Springs Road. This road was in good condition, especially after the recent repairs, and may have lasted another two- three years before requiring additional repairs or resurfacing.

So what is the big deal? After questioning the county administrator, who was unaware the work was being done, he referred to his "Garrett County Roads Department Four-Year Road Improvement Proposal" and was unsure as to the specifics of why an asphalt road was being chip sealed. He in turn contacted the Oakland roads garage and was informed that the work was ongoing. In addition, he was informed that the road was in fact in good condition and did not necessarily need to be worked on at this time. I was given a copy of the improvement proposal, and after review found that Boiling Springs was scheduled for paving in 2013. Again, it was to be chip sealed.

The county commissioners approved the proposal. But there is no definition of current road surfaces or conditions, so these decisions and determinations are being done by Roads Department management. Between 2011 and 2014, there are to be over 80 roads in Garrett County chip sealed, and there are several that are currently bituminous paved.

Again, what is the big deal – it's just a small waste of taxpayer money and a hazard to cyclists to avoid and motorists to cringe as small rocks bounce off their paint and windshields, until you look at the fairgrounds and see a million dollar paving project for a parking lot that taxpayers have to pony up $700,000 to complete. Having bituminous paving at the fairgrounds and chip seal on Boiling Springs seems a little backwards, but, then again, Garrett County does have its own bridge to nowhere.

To the county road crews: Continue doing the great job you do, regardless of the decisions of management! At least now you know why you work shorthanded and didn't get your raises.

The DNR Policy and Review Board hosted the most recent skirmish of the War of Waters on Monday night.

DNR Deputy Secretary Joseph Gill attended the meeting, informing us he has been involved in many natural resources conflicts over the years. Gill informed us he has come to find these conflicts "fun" – direct quote – and he had come to watch.

The DNR has generated this conflict setting lake and Yough natural users one against another. No one I know considers this to be fun. Neighbors battling neighbors over our recreational uses of our valued natural resources saddens me, unnecessarily splitting our small community.

All impacted want access to scarce waters as users, investors as well as fair cost sharing. DNR policy creates the conflict where we argue over which data set is more accurate, different interpretation over charts, debates of URB and LRB, ad nausea

AWOL in the War of Water are MDE and staff responsible for water level decisions, who have refused to come to PRB meetings, and the dam operator Brookfield Renewable Power, who is making money

The Policy and Review Board has been painted in these pages as arrogant, against whitewater rafting, acting to prevent all whitewater releases, and so forth. These charges convey the image the PRB has "power," which is far from the truth

The only role PRB has that of advising DNR secretary Period. We were informed the PRB could not respond to the Letters to the Editors with a letter. We are only empowered to inform the secretary of the attacks being leveled in these pages.

On Sept. 1, the PRB advised DNR secretary there was a serious water level problem and recommended he work with MDE Secretary on this matter Two months later, PRB has neither received a response from the secretary nor even a confirmation of receipt of the letter

So much for the PRB having power or influence with the secretary

What response could the secretary give us?

Under the DNR secretary's office is the Resource Conflict Resolution team. Activation of this team would facilitate a constructive engagement among all the stakeholders and avenue for formation of a policy framework for a "peace agreement" in the War of Wars. Such action would have demonstrated DNR

Friends Of DCL Announce Awards For Stewardship

Friends of Deep Creek Lake announced the recipients of their second annual Stewardship Awards during the recent Autumn Glory Festival Grand Feature Parade in Oakland

"These awards were created to acknowledge the special contributions made by individuals whose exemplary actions directly serve to preserve and protect the lake watershed," explained the group's director, Barbara Beelar.

Patricia and Paul Weiler, who have had a house at the lake for 39 years, received the Volunteerism Award for the willingness to devote their time and energy in a range of activities over the past year. They helped organize and then participated in the Maryland Department of Natural Resources Stream Wading Program last spring.

Most recently, the Weilers have devoted hundreds of hours researching and developing recommendations on the control for the invasive Eurasian watermilfoil, which is now infesting the lake.

The couple rode on the Friends of DCL Grand Feature Parade float, which was a Flying Scot sailboat.

"The Friends of Deep Creek Lake have discovered how important the contributions are of those special 'public servants' who through their work make a significant contribution to lake stewardship," Beelar said.

This year, retired Maryland Department of Environment water quality compliance specialist John Cook,received the Stewardship Award.

"When there was a question about water quality, it was John Cook who came out to investigate, take samples, analyze the situation and, when necessary, issue fines," Beelar said. "We worked with John on a number of sites. His dedication and commitment to environmental protection is very strong."

The Agricultural Stewardship Award went to the Ronnie Bowers family The Bowers family has long owned their farm along Steiding Church Road and has been actively involved with lake property owners since the 1950s.

"Last year, Ronnie and his son worked with the Soil Conservation [District] to develop an extensive plan to reduce farm runoff, which flows into the Hickory Ridge cove," Beelar said. "Everything was set, and then the federal funds dried up. The award is for their good intentions, with hopes that they will be able to implement their plan soon."

This year, the Friends of DCL board also chose to make a special recognition to Kenny Weaver and Keith Stipe for the work they did on the Culvert Assessment Project.

"These young men produced excellent work, upon which the county will begin to build new policies for county road culverts and road runoff that flows into the lake," Beelar said.

The organization welcomes nominations for the 2012 Deep Creek Lake Stewardship Awards. Persons may e-mail nominations to contact@friendsofdcl.org.

PRESCRIPTION DRUG TAKE-BACK EVENT SLATED – Commissioner Gregan Crawford is pictured left as he hands Sadie Lilier, alcohol and drug prevention specialist at the Garrett County Health Department, and Sheriff Rob Corley a bag of medications in preparation for the Drug Take Back Day on Saturday, Oct. 29. Expired, unused, and unwanted prescription drugs may be turned in at one of six collections sights around Garrett County. See story for locations and times.

health issue, according to officials. Medicines that are stored in the home are highly susceptible to diversion, misuse, and abuse.

"Rates of prescription drug abuse in the U.S. are alarmingly high," a spokesperson said. "More Americans currently abuse prescription drugs than the number of those using cocaine, hallucinogens, and heroin combined, according to the 2009 National Survey on Drug Use and Health. Studies show that individuals that abuse prescription drugs often obtained them from family and friends, including from the home medicine cabinets. In addition, many Americans do not know how to properly dispose of their unused medicine, often flushing them down the toilet or throwing them away – both potential safety and health hazards," the spokesperson said.

The event is free, and no identification is required. Only household medicines will be accepted. Sharps containers will not be accepted.

To the Editor:

Civics 101: "No religious test shall ever be required as a qualification to any office or public trust under the United States." (Article 6, section 3 of the U.S. Constitution). My friends, this is the *law of the land*, like it or not.

If you listen to the current presidential candidates today you would think they were running for a religious office, not a public office. Pray to stop the drought! Pray to get rid of health care! Pray to cure the gays! Pray to get rid of environmental protections! Is that what prayers are for?

Our country is not a Christian nation! It was not founded by Christians! For Christians! The founding fathers were freethinkers who relied on reason, not faith. They wanted to ensure that no religion could make the claim of being the official religion, as England had. Just think about the countries that are run by religion today?

The accepted traditional idea was that rulers' and kings' power came from God. The Declaration of Independence was a "revolutionary" idea! It was a radical concept that the power to govern would be granted by those being governed and not from God.

The Constitution that guides our nation, and was created by some of the best minds, never mentions the words Christianity, Bible, God, Jesus Christ. The founders were very aware of religion, and each had their own beliefs. Jefferson wrote: "There is one only God, and he all perfect" – "That there is a future state of rewards and punishments" – "That to love God with all thy heart and thy neighbor as thyself is the sum of religion."

Our last election was hijacked by the Koch brothers through their manipulations of the Tea Party, and that group has virtually stopped our government from doing anything. Will the Christian Right be any better? Women should be especially beware – your rights are about to be taken away

One last thought: The most moderate free thinking (qualified) presidential candidate in the current race is being ostracized for his religion. The other Mormon candidate disqualified himself by stating he believes in science and global warming. Such heresy!

Another one of my favorite Tea Party signs: "Get a brain! Morans."

Remember, you are part of the solution or part of the problem.

Adorable Adoptables

FOUR LOVABLE, YOUNG MALE TABBIES (below) are available for adoption this week at the Garrett County Animal Shelter. "They were born to a feral female," said a Garrett County Humane Society spokesperson about the kittens. "The person who found the felines kept them for a few months, but then decided she couldn't keep them." Also at the shelter are a medium size male yellow Lab mix (above left) that was picked up near Kitzmiller; a husky mix (center) that had been adopted before, but was recently picked up as a stray; and a medium size blonde colored longhair female mix, also picked up as a stray. "Last week, several dogs went to various rescues via HART, making much needed room in the dog kennels," noted the spokesperson. "There are still several other dogs available, plus three more young cats in three colors, and the nice tabby from last week is still meowing for a new home. This week there have been several serious neglect cases reported to the GC Humane Society: a dog that was left for days with its chain wrapped around a fence, a dog with its collar grown into its neck, and several dogs that weren't provided adequate shelter or food/water. If you own a pet, it is your responsibility to care for it. If you observe a pet or any other domestic animal without adequate vet care, food/water, or shelter, call the GCHS call line, 301-334-4470, and leave a message." For more information, persons may call the shelter at 301-334-3553. Located along Oakland Sang Run Road, the county-operated facility is open Monday through Friday. KATHERINE A. MILLER

Katherine A. "Kathy" Miller, 54, Stuarts Draft, Va., and formerly of Springs, Pa., went to be in the arms of the Lord on Sunday, Oct. 23, 2011, at her home.

Born Feb. 17, 1957, in Meyersdale, Pa., she was the daughter of Betty Miller, Springs, and the late Wayne E. Miller.

Kathy served for 20 years as hematology supervisor at Augusta Health. She also served two years as education coordinator for the Augusta Health School of Clinical Laboratory Science. She was a member of Springs Mennonite Church.

In addition to her mother, she is survived by one sister, Brenda Lichty, Salisbury, Pa.; and one brother, Greg Miller, Springs.

Friends will be received today, Thursday, from 4 to 8 p.m. at Newman Funeral Home, Salisbury.

A service will be conducted at Springs Mennonite Church on Friday, Oct. 28, at 11 a.m., with Rev. Owen Guengerich and Rev. Earl Yoder officiating.

Friends may call at the church one hour prior to the service.

Interment will be held in Springs Cemetery.

Reformation To Be Celebrated At St. Mark's Luth.

St. Mark's Lutheran Church in Oakland will celebrate Reformation Sunday at its 10 a.m. worship service on Oct. 30. The public is invited to attend.

The Reformation Sunday service will feature special music, including the choir, brass, and handbell choir. The choir is under the direction of Susan Peterson, and the handbells are led by Lynn Grimm. The organist and pianist is Michael Broderick. Those offering the brass music will be Joe Ashby and Royce Warnick.

The Protestant Reformation began when Augustinian monk and seminary professor Dr. Martin Luther posted 95 theses on the chapel door at the Castle Church in Wittenberg, Germany, on Oct. 31, 1517. Rev. C. Scott Robinson, pastor of St. Mark's, said the theses were actually proposed "talking points" for regular university discussion, written in protest of the church's sale of "indulgences," or forgiveness for past and present sins, then being sold by the church-at-large for cash.

The effort launched the Protestant movement, and today there are more than 68 million Lutherans in the world, even though, Robinson noted, Luther never intended to start a new church.

St. Mark's is located at the corner of Center and South Second streets, across from the Ruth Enlow Library. For more information, persons may call the church office at 301-334-2668.

Notes From Bittinger

by Joan Glotfelty Sussman

Could anything that bama does to stimulate ore jobs for the people of merica have a chance of tting any support from the epublican eongresspeople? o, because they hope to e the unacceptable employ- ent rate as a weapon against ır president. Even the regu- r essential Transportation ill is up to be re-funded ion. It will be just another eficit-debt debate. Let's face The highways and bridges e at least 50 years old. That why so many roads have ecome impassible in the aces that Hurricane Irene it the hardest.

America is a nation at ar and facing the worst conomic downturn since the reat Depression. Both wars ave cost so much money, but ey are clearly the result of ush-Cheney policies Both sted about a dozen years, ie majority of which were rior to Obama entering ie White House. And the merican people and our ational economy can't af- ord more cutting. Without ough Americans at work id earning a decent income, ey can't contribute much taxes. But still the top 1 ercent have never been taxed wer in the history of our ation.

It used to be that Bittinger id the rest of Garrett Coun- was just endless miles of rests. A tiny piece of that ntouched forest still remains a part of our woods, where ere remain a few hundred ncient hemlock trees and a w huge hickory trees.

That is still the environ- ent on Meadow Mountain. is less than our large state rest. There are still lots of ees, but not many virgin mber stands remain Most f our state forests already ad extensive timbering op- rations, and still do. And at spelled doom for the astern woodland Native merican tribes, like the one om which I have a bit of lood flowing in my veins, ie Shawnee Nation.

I am not against the Chris- an religion or an individual Christian, but I do resent one type of that religion trying to put it in place as our national religion. Or a political leader of our nation believing that the only acceptable form of Christianity is his/her type of that faith, even if it is true that our Founding Fathers hoped to include the Christian religion in the freedom to worship as individuals chose. The push to make the evangelical form of Christianity the only acceptable form violates the freedom of religion, even if it only applies to Christians.

For some reason, it seems that people who only value money don't understand the teaching of Christ, so they hold their money very close to their breast, not giving a dime of it to benefit the lowest ones. Remember that he said, "Whatever you do to them, you did to me." I believe the "liberal programs" like food stamps that help the most helpless are a direct action from Christ's commandments. Unlike pouring billions of dollars into weapons and wars

I was going crazy trying to remember a tiny detail about the founding day of America. I remembered the first name of the oldest member of the Continental Congress who went home, perhaps to die, but they needed his as the last necessary signature to pass the Declaration of Independence.

I knew with one hundred percent certainty that his first name was a very unusual name, Caesar, but I could not remember his last name, not even if someone offered me a million dollars to come up with it. My mental index of facts came up short, but I could easily name about 10 other men who signed that document.

So I did the only thing possible – I called the college library, and Linda Tomblin looked it up on the Internet. She easily found that it was Caesar Rodney. I am pretty sure he was from Delaware, close enough so he could get out of his death bed and travel back to Philadelphia in time. I was sure it started with the letter "R."

Very few knowledgeable Americans are not aware that John Hancock was the first signature. He wrote his name so large so that the short-sighted King George of England could read it. And since then, his name commonly means a signature. In other words, "I would put my John Hancock on that."

It is hard to believe that any American can't name at least one signer of the Declaration of Independence. Surely most people know that Thomas Jefferson wrote it. So he must have signed it. Beyond that, very few can name two or three other signers.

Can you believe that a female marathon runner gave birth only a short time after she ran in the Chicago Marathon? That boggles my mind. Because I know from my personal experience that labor and giving birth are enough of an exhausting process. It's hard to believe that a woman could run 26 miles, then go through that. Amazing. But this was the third time she had done a marathon while she was pregnant. Maybe she wasn't as late in the pregnancy the other times.

I don't know why I answer my phone, because it is only people who have needs, like the call I just got from the Council of Indian Nations. And I feel horrible that I can't help them. But I am as close to broke as you can get without actually being totally broke. I can't really spend any money right now, since the heating assistance program had budget cuts by the House of Representatives, and then it was cold enough in September that I had to get $200 worth of fuel. It is very depressing.

My best hope (admittedly not a great one) is that one of my Power Ball tickets might hit. But I guess I can hope and pray that I will win. As unlikely as that is, what else can I hope? I am completely exhausted from worrying, but that doesn't mean that I can get a decent night of sleep, because all those worries just push me into consciousness. So when 6 a.m. comes, I jump out of bed. Then for the rest of the day, I am in a fog of tiredness.

Since it is October, there are virtually no movies on exeept horror movies, which I simply hate. And I'm not a huge fan of football or hockey, so I can't escape into sports. And I barely can stand to watch much news, because it is filled with people saying some very negative and even hateful things about our president.

Even Reagan admitted that many unfair loopholes in our tax system allowed many millionaires to pay zero taxes. But I paid hundreds in federal taxes because I do not depend solely on Social Security. I do freelance work, like what you are reading now. But simply expressing myself costs me many hundreds of dollars. But I couldn't survive on my Social Security disability income. I already live on a bare bones budget. But one of my main expenses is books, which are food for my brain and spirit. I can't starve those.

We regularly experience many mass shootings in private and public settings, because someone can't express their anger about something. So they choose bullets, not words, to express themselves. That is very pitiful. Yes, it is hard work to clearly explain your point of view. Try to write your opinions about the various candidates of the Republicans. And try to write about what is wrong with America now. Or write about your feelings about our current president. And then examine what you wrote.

I believe there is a mass confusion on the Right. Just a shapeless rage. You could even write about your religious beliefs, and how they fit into the teachings of Christ. And not only consider what you hear from other people, but look in the Gospels. If you have the kind of Bible with the words of Christ printed in red ink, do they fit well at your church?

I can't believe that I just heard a proposal to open the door to foreign workers with advanced degrees, especially in math, technical, and science areas. If it is true that American businesses can't find well educated candidates for jobs in those fields, the main reason is that more American students do not go on to graduate school simply because they can't afford it, and they don't want to go even deeper into student debt.

If those big businesses are so needy for highly qualified workers, they can pay for advanced degrees for American students. And since NASA is finished, there must be many highly qualified scientists and technical experts who need to find a new job. Don't tell me they can't fill those jobs requiring masters degrees or PhDs with American workers. I don't believe it. But maybe a PhD from, say, India will work for less than an American with the same kind of credentials. I don't believe it, but I do believe those people from wretched nations would work much cheaper.

There is no reasonable evidence that Obama was not truthful when he said he chose Christianity as his religion because it fit in with how he wanted to live his life.

Eight area fiction authors will sign their books at a special one evening event, Page to Stage, on Friday, Nov 4, beginning at 6 p.m. at Our Town Theatre in Oakland.

THE GOAT WOMAN OF LARGO BAY
by Gillian Royes
C. 2011, Atria Books, $15; 306 Pages
Review by Terri Schlichenmeyer

You were so sorry. Of all the things you regret, this one is right at the top. The bad haircut, that horrible outfit you loved at the time, things lost or lent and never found – those are all unimportant.

No, you're most remorseful for the thing you didn't do. You missed saying words that would have meant so much to someone.

Regrets? You've lived through them, but in the new novel *The Goat Woman of Largo Bay* by Gillian Royes, the sorrowful omission of one woman sets off a chain of events that changes an entire island.

Jamaica, says Miss Mac, is 150 miles long and 50 miles wide. Weather on the island is warm, and there are two seasons: dry and wet.

It was the latter that nearly destroyed Eric Keller, an American who'd once owned a luxury hotel on a Largo peninsula. That was before the hurricane destroyed a bridge of land, leaving the hotel broken and inaccessible, a shabby island in its place.

And now there was something on that island.

Shadrack Myers, Keller's bartender and right-hand man, spotted the figure on the island and it was a woman, not the goat he thought he'd first seen. When he and Keller rowed out to make her leave, she informed them that she was staying, offering Keller money he couldn't refuse. She needed time, she said.

Shad could see that Keller was smitten with the woman, Simone, but it was obvious that she was harboring sorrowful secrets.

Secret-holding wasn't foreign to Shad. When he was just a teenager, he was involved in petty crimes and was sent to prison. There, a giant of a man saved Shad from assaults and they became brothers. But now Dollar Bill was sniffing around, hinting that Shad owed him a favor, asking for some information that Shad wasn't willing to gather.

He had his hands full, anyway.

Eric Keller was worried about Simone, and he needed Shad's help. Simone's brother had come to town to fetch her, two thugs were suddenly stalking her, and curious Largoites were being kept away through the power of obeah medicine.

She had only asked for time to heal. But time appeared to be running out.

Like a sun-warmed afternoon on a white island beach, *The Goat Woman of Largo Bay* is an unhurried novel that's perfectly piña colada sippable.

Or, you might get the urge to take big gulps of this book, too. That's because author Gillian Royes keeps the action going with Island patois, an authentic location, and a cast of characters that you'll surely enjoy meeting. I can't wait, in fact, to read the next book about Shad Myers, a Jamaican man who isn't highly educated, can't read well, and doesn't understand fancy words, but who possesses smarts and the kind of street cred you'd find in Jamaica, Queens.

I think, if you're looking for an easy-going, well-paced, non-violent mystery, you're going to like *The Goat Woman of Largo Bay*. Grab this book soon because if you miss it, you'll be sorry.

FSU Offering Fifth Annual Music And Writing Workshops, Nov. 5

The Frostburg State University Center for Creative Writing will host its fifth annual music and writing workshops on Saturday, Nov. 5, from noon to 4:30 p.m. in FSU's Dunkle Hall.

The program features three seminars designed to focus on the intersection between the arts of music and writing. The program is free and open to the public, with priority registration for FSU and local students. Sign-up is on a first-come, first-served basis, and space is limited in each workshop.

Gerry LaFemina will present "Music as Muse," exploring the musicality of language. He will discuss how people are already in tune with the rhythm of sentences and rhymes and the sounds of words. He'll ask writers to consider the music they love as inspiration, regardless of the genre.

LaFemina is a poet, fiction writer and musician. His most recent book is *Vanishing Horizon*, and he teaches at FSU as well as directs the Frostburg Center for Creative Writing.

Gina Powell will talk about "Lyric Writing." During this seminar, participants will listen to successful songs in a variety of genres to get a sense of how the lyrics relate to melody, music, and audience. Powell will discuss the process of writing new lyrics for existing or new music, and songwriters are encouraged to bring lyrics in progress or whole songs they feel aren't coming together, as well as their instruments, to work on the art of lyric writing.

Participants who have musical compositions but no lyrics are encouraged to bring them, as Powell will also discuss process and come up with some prompts to write new lyrics for existing or new music. Powell is a singer/songwriter and graduated with a degree in theater in 2004 from FSU, where she focused on acting and directing. She plays

Annual Recycling Sculpture Contest Set For Saturday

The Garrett County Department of Solid Waste and Recycling and the Garrett County Arts Council will sponsor the seventh annual "Rethink Recycling" Sculpture Contest from 11 a.m. to 2 p.m. at the Oakland Community Center. Judging will begin at noon.

The department and council encourage Garrett County residents to attend this free event, which will include light fare and beverages.

Garrett County high school students will present sculptures they have made from recycled or recaptured materials.

"These unique and imaginative sculptures are judged on creativity, workmanship, and use of recycled materials," said Kimberly Madigan, recycling coordinator.

The event is made possible through donations from corporate and nonprofit organizations, such as Coca-Cola Enterprises, the Junior Woman's Civic Club, Madigan's Auto Sales, Mtn. Laurel Garden Club, Ours Auto Salvage, Lakeside Creamery, Smiley's Pizzeria, Pine Lodge Steak House, Garrett 8 Cinemas, and the town of Oakland.

Six sculptures will be chosen to represent Garrett County in the state sculpture contest, to be hosted by the Maryland Department of the Environment in Baltimore on Nov 18.

After the state contest, many of the local sculptures will be on display at the Art Council's Gallery Shop in Oakland for a two-week show from Saturday, Nov 19, to Friday Dec. 2.

The "Rethink Recycling" Sculpture Contest is made possible in part by an Opportunity Grant funded by the Garrett County Arts Council.

For more information on the recycling programs available in Garrett County, persons may contact Madigan at 301-387-0322 or kmadigan@garrettcounty.org.

NORTHERN GARRETT MARCHING BAND

SOUTHERN GARRETT MARCHING BAND

Both NHS, SHS Marching Bands Heading To AC Championships

The competitive marching band season will culminate this weekend in Hershey, Pa., where the Atlantic Coast Championships will take place. Both Northern and Southern Garrett marching bands have qualified to compete in the multiple-state contest, and will head to the Hershey Park Stadium for the Group I contest on Sunday, which will involve 30 bands in that division.

The two local groups have competed against each other throughout the season, and have been "neck and neck," trading places by mere tenths of points at several competitions. The first contests were reported previously, but the rest of the season went as follows:

The two bands split up on Oct. 8, with Southern competing at Baldwin High School near Pittsburgh, Pa., and Northern taking part in two competitions, one at Williamsport in the afternoon, and the second at South Hagerstown High School in the evening.

"This was absolutely to best performance the guard has had this season," said Susan Bennett, NHS guard instructor, speaking of the Williamsport event. "Errors and mistakes were limited, and timing and coordmation were excellent. We are very proud of our guard."

Zach George, assistant band director and percussion instructor, said the communication between the percussion pit and drum line was "the best yet." George also noted outstanding individual efforts given by Garrett Yoder, Kai Senese, and Tyler Bittinger.

"I thought our afternoon performance was the best of the year, until later that evening," Salisbury said. "Our show at South Hagerstown was even better. It was better musically, better visually, and better with the coordination between the band and the color guard. The judges must have agreed. Our score increased to 77.95."

That evening, Northern won best music, best visual, best color guard, best percussion, and Shannon Miller won best drum major for the fourth time this year. The marchers had no direct competition in Group 1, but increased their score to 79.2.

At Baldwin High School that same day, Southern also improved its score and had a successful show. The group was up against Richie County and Steel Valley, and came in third place with a score of 78.85. Richie was 80.5 and Steel Valley was 80.2.

The band was under the direction of assistant band director Amy Friend that day, as Joshua Elmlinger, the director, was hospitalized at Garrett Memorial.

"I was unable to attend that week's performance due to a severe illness that resulted in a brief hospital stay," Elmlinger said. "However, I was able to hear the performance live and I reviewed the video of the performance. A big thank-you goes out to my staff who kept everything running smoothly in my absence, especially Amy, who managed the entire band and also had the added aggravation of receiving multiple texts from me that day

"Most importantly, I owe all of the students in my band a heartfelt thank-you. It was very difficult to miss the performance (the first I've ever missed), but it lifted my spirits to hear such a soulful performance by my kids. It is clear that they all poured their hearts into the performance, and despite my absence, held themselves to the highest level of performance while still delivering an exciting and entertaining show. It is a privilege to work with such caring, devoted, and noble kids. I love them all."

The next event was the local show, the 34th annual Western Maryland Tournament of Bands, hosted by the Southern Band Boosters at the high school's athletic field There were seven bands in all, including Southern, which because of hosting was not part of the competition but did receive a score in exhibition. Northern did not have official competition at this show in Group 1, but the scores were NHS with a 80.7 and SHS with 80. The other results of the local show were as follows:

Tygarts Valley, 1-A class, 81; Tucker County, 1-A, 72.20; Mountain Ridge, Group 2, 78.05; Petersburg Group 2-A, 80.50; Preston, Group 4, 76.40. Petersburg won the Best of Festival award, having the highest combined score of the Autumn Glory Grand Feature Parade and the band tourney.

Last weekend Northern and Southern headed to the Chapter I Championships at Liberty High School in Eldersburg. There the two competed in Group I consisting of six bands.

Southern came in 4th with a score of 81.8 and Northern was close behind with 81.7. Northern won the Best Auxiliary special award.

Because the eligibility requirements have changed from previous years, both bands now have the opportunity to take part in the ACCs because of their rankings. Being in the top 33 allows their participation, and Northern is at 27th place, and Southern is at 30th.

They will both compete on Sunday afternoon in Hershey.

Huskies Earn First-Ever Win Over Campers In Dominating Fashion

The Northern High School football team made a big statement on Friday with a performance that completely overpowered visiting Allegany. The 41-12 trouncing dished out by the Huskies was a doubly rewarding experience, as it marked their program's first-ever victory over the Campers.

"It's a big win for the kids and the school," stated Northern head coach Phil Carr.

"We're starting to piece together a team after suffering some injuries and are really playing well. We played Mountain Ridge well last week, and although Allegany is not your typical Allegany team, it's still a huge win for our program."

Northern is now 1-11 alltime in matchups with the Campers. It is a rare occasion when a team can be happy with an 1-11 record.

The determined Huskies started the game on a high note, scoring on a long run in their very first play from scrimmage when Josh Mason darted 67 yards into the endzone after finding a hole in the Camper coverage. With only 20 seconds elapsed, the Huskies found themselves up 6-0.

Northern was able to dominate the Campers with its running game all evening, with four of five offensive touchdowns scored on the ground. In that effort, Mason and Alex Baker combined for over 360 yards rushing.

With its first possession, Allegany fired right back. From their own 33-yard line, the Campers designed a Madison Wolford touchdown run for exactly as many yards (67) as Mason's. Wolford burst passed the defensive line and beat the Husky secondary to tie the contest at 6-6.

"That was the key point of the game for us actually," said Coach Carr.

"We were all a little shellshocked from how quickly everything had happened, and it would have been easy to tuck our tails, but we didn't. I told the kids right after Allegany scored that it's 0-0, and we just have to play like it was a brand new game."

The Huskies would soon rise to their coach's challenge. After being forced to punt on their second drive, Northern would take back possession after the Campers lost a fumble.

The Huskies then received a bruising run from Baker, who fought for extra yardage, reversing direction and finding his blockers for an impressive first down. Baker would finish that drive with a 4-yard run. Mason punched the ball through the defensive line for the following two-point conversion, notching the score at 14-6 with 4:32 left in the first quarter.

In the game, Baker rushed for 186 yards and scored two touchdowns, as well as one passing touchdown. He also led the defense with eight tackles.

Allegany was forced to punt on its third drive, but ended up getting possession right back after a Husky in the backfield bobbled the ball. Unlike the Huskies, however, the Campers were unable to convert turnovers into points. Allegany fumbled the ball yet again a few plays later.

Northern then made its way to the 12-yard line before Baker, operating from the quarterback position, hit a wide-open Cody Rodeheaver over the middle for the Huskies' third touchdown with 8:38 left before halftime. Quarterback Chris Murdock then hit Rodeheaver for the two-point conversion, making it 22-6, Huskies.

Though weather dampened the scoring drives of both teams through the second quarter, Northern running backs Baker and Mason both passed the 100-yard mark before the break.

The weather continued to slow both teams in the third quarter, but the Huskies, a run-first team, seemed to gain the advantage on the ground.

The next touchdown came after Northern moved the chains down to the 11-yard line where Mason got in for six more points. The Huskies' fullback had a total of 25 carries for 175 yards. Coach Carr was very happy with his team's running game.

"The offensive line was fantastic as a unit," said Carr.

"They did a great job of coming off the ball and dealing with the conditions to keep our running game going. Josh [Mason] also played a big part in the blocking game for us. Besides running very well his blocking was just as important, and I think anybody watching tonight's game would have recognized the job he did."

The Huskies managed to sting Allegany yet again in the third quarter when Rodeheaver stepped in front of a Carter Imes pass and went 15 yards for a pick-six, Northern's fifth touchdown. Rodeheaver also tied for a team-high eight tackles.

The Campers couldn't complete one pass all night, going 0-for-11, with numerous dropped passes and missed receivers along the way.

Allegany opened the scoring in the fourth period, getting its second touchdown of the game after a 24-yard drive that ended with Wolford running in from the 5-yard line to cut the lead to 34-12.

In an attempt to get themselves back in the game, the Campers successfully recovered an onside kick. Allegany failed again to keep momentum in its favor and turned the ball over after just four plays.

The Huskies would strike again in the final minutes of regulation when Baker broke free from 35 yards out for the game's final touchdown of the night. A successful point-after kick by Justin Durst cemented the final score of 41-12.

Allegany fell flat against a tenacious Northern High team all night. Though the Campers managed 203 yards of total offense the team failed to sustain many drives accounting for its loss by 29 points.

With its first win over Allegany now in the record books, Northern prepares to face Berkeley Springs this Friday when it will hold its Homecoming festivities. In their matchup with Berkeley Springs last season the Huskies overpowered the Indians in a 42-12 victory. Northern piled up nearly 500 yards in that outing and look to duplicate that success before facing cross-county rival Southern High School on Nov. 4. The Huskies will play host to the Rams in both teams' regular season finale.

HUSKIES RUN OVER CAMPERS – In a season stymied by injury, the Northern High School varsity football team has found a way to win. After losing their highly touted signal caller Patrick Sines early in their campaign, the Huskies, through necessity more than design, began using the run-heavy wildcat formation. The offensive scheme came in handy on Friday when Northern took its first-ever win, 41-12, over Allegany. In that game Huskies Josh Mason and Alex Baker both rushed for well over 100 yards – 175 and 186, respectively. It was Mason, however, who was named Player of the Week after taking over 48 percent of the votes. Though Mason had two touchdowns in the game, his coach Phil Carr felt it was his exceptional blocking that put him over Baker, who finished a respectable third place in the poll. Pictured above is Mason (far right, #5) taking a handoff from quarterback Chris Murdock (#1).

Southern Suffers With Slow Start In Road Loss To Mtn. Ridge, 35-7

It was another tough week for the Southern High School varsity football team, which fell to a record of 3-5 after suffering its second road loss in a row to Mountain Ridge, 35-7.

MTN. RIDGE (35)

The game was played closer than the final score would suggest, however, as the Rams were in it until the Miners surged in the final nine minutes of the fourth quarter, scoring three touchdowns to pull away from the visiting team.

The Rams seemed to be the victims of their own sluggish start, accounting for only 83 yards of offense in the first half. The third quarter was a different story for Southern, however, which got its offense in a groove and dominated the Miners with a 74-yard drive that ended in a 23-yard touchdown run for Derek Noble.

That drive didn't take the lead from Mountain Ridge, which never trailed the Rams, but it certainly sent a message to the home team that Southern had come to play.

The Miners were only up by a margin of 14-7 at the start of the fourth quarter, and won the game despite seven penalties, and three lost fumbles and an interception.

The game's first score came after Miner Jarrod Harper pounded the ball past a wall of Ram defenders for a 3-yard touchdown run with 4:33 left in the first quarter.

Mountain Ridge made it 14-0 in the second period after Dan Strietbeck found receiver Josh Fitzgerald for a 7-yard scoring pass with 5:00 on the clock. Strietbeck ended the game after completing 13 of 18 passes for 194 yards.

The third quarter belonged to the Rams, who mounted a 13-play, eight-minute offensive drive that ended with Southern's lone score of the outing – the 23 yarder by the fullback Noble. That score came after the Rams used their pro-style offense in a slow, clock burning 74-yard

Southern Ties Mtn. Ridge, Falls Against Fort Hill

In the first of two road games this week, the Southern High School girls' soccer team came to a draw with Mountain Ridge, 2-2, after two sudden-death overtime periods last Thursday.

The Rams then dropped a game while playing at Fort Hill, 3-1, on Tuesday.

Mountain Ridge was able to tie it after Annabclle Hegeman scored on a penalty kick with 3:49 left in regulation. That goal forced the two overtimes, which led to the draw for third-ranked Southern and second-ranked Mountain Ridge.

It was Southern that struck first in that match, however, when Alli Shaffer scored at 34:48 of the first half. Forty-three seconds later Miner Abby Beal tied it up with a kick into the Rams' net (34:05).

Southern's Kristen Yant would open the scoring in the second half, booting one in with 36:37 on the clock. It looked like the Rams would pick up the upset road win when Hegcman tied it with under four minutes in regulation.

In the match with Fort Hill, Southern's defense allowed the Sentinels to score two goals early. The first came at 31:55 when Leah Yurko booted one into the net unassisted. That goal was followed by a Yurko assist to Sentinel Alex Marini, who scored on a direct kick (29:41).

The Rams did cut the lead before the break when Jill Yant picked up an assist from Lindsay Crabtree to make it 2-1 with 5:07 on the game clock.

Fort Hill pulled away in the second half when Mariah James scored assisted by Yurko at 19:29.

Seventh-seeded Southern High will begin vying for the 1A West Region Championship today when it faces #10 seed Clear Spring in the opening round of the 2011 1A Girls Soccer State Tournament. If the Rams prevail in that match they will face #2 seed Brunswick, which receivcd a first-round bye. Tournament information may be found at www.mpssaa.org.

IT'S GOOD TO BE NO. 1 – The Northern High School girls' soccer team has the luxury of an opening round playoff bye after orchestrating a nearly perfect regular season. The Huskies ended their campaign with a six-game winning streak and an overall record of 11-2-1. The squad was also perfect in conference play (8-0, Appalachian Mountain Athletic Conference) and never lost a match at home. The first round of the 2011 State 1A Girls' Soccer Tournament will begin today. The Huskies will begin contending for the West Region Championship on Tuesday, Nov. 1, when they will host the winner of the Fort Hill/Hancock matchup. In the back row are: Callie Vernon, Ashley Murphy, Erica Kipp, Lexi Nicklin, Kirsten Rayner, Madi Gallagher, Emily Fratz, Gabi Daniels, Shannon Warnick, Kloey Werner, Amanda Paape, Brittany Carney, and Sydney Bennett. RAMS, ALCO TIE IN LOSS TO MOTHER NATURE – Two minutes into its final half of the regular season the Northern High School varsity boys' soccer team was forced to call it a draw, 0-0, with visiting Allegany when the rain began to pour last evening in Oakland. Conditions had been poor through the jayvee match and the first half before all involved decided enough was enough. The Rams finish the season 5-6-2 and will play on Tuesday at Smithsburg, 6 p.m., in round one of the Maryland 1A West Region playoffs. The Southern junior varsity squad earned a win in the earlier match, 3-2, behind an unassisted goal from Austin Graham, and two more by Ben Reichard. Lakers Name McCormick As Head Coach

Shawn Noel, Garrett College director of athletics, recently named Aundrea McCormick as the new head women's basketball coach and coordinator of student athlete academic welfare.

Prior to being named Laker head coach, McCormick was most recently the assistant women's basketball coach for the Runnin' Lopes of Lamar Community College in Colorado (a National Junior College Athletic Association Division I program). Before coaching at LCC, McCormick spent four years as the chief assistant coach at NJCAA D-I powerhouse Odessa College in Texas.

At Odessa, McCormick was involved in all components of the program. While assisting with all aspects of coaching, she established herself as a developer of post players.

Additionally, McCormick handled player academics, day-to-day player maintenance issues, a great portion of scouting, and the vast majority of all recruiting efforts at Odessa College.

"Although McCormick has excelled in all areas, her ability to identify and recruit top notch players has drawn the attention and praise of many," said Noel.

"While at Odessa, McCormick signed players who have moved on to play at NCAA D-I institutions, such as Mississippi State, the University of Louisiana at Monroe, Houston, Lamar, Elon (N.C.), and the University of Arkansas at Pine Bluff. During McCormick's time at Odessa, the women's basketball team was a regular in the NJCAA D-I national top 25 poll."

McCormick graduated with a bachelor's degree in kinesiology from the University of the Ozarks in Clarksville, Ark. She initially played on the team at Southwestern College of Kansas, then finished her playing career at the University of the Ozarks.

After her eligibility expired, she gained her entry into coaching by serving as a student assistant coach while she completed her degree.

"Aundrea is no stranger to the profession of collegiate coaching, as she is the daughter of veteran college and professional coach Rick McCormick," Noel concluded.

"Her father boasts a lengthy resume with many accolades, including winning an NJCAA national championship at Cedar Valley College in 2001. With this as her background, needless to say, McCormick's coaching and basketball age far exceed her chronological age."

"I am very excited and honored to be named the head women's basketball coach at Garrett College," McCormick stated.

"When I visited the campus I immediately felt both comfortable and connected. I was impressed by the scenic beauty of the area, the friendliness of the local residents, the potential of the college, and the potential of the women's basketball program."

Ram Football

offensive march.

If the third quarter belonged to Southern, then the fourth was under the control of the Miners.

Things started off well enough in that quarter for the Rams after junior defensive back Jordan Foulke recovered a fumble on a short Miner kickoff to give Southern control of the ball at Mountain Ridge's 45-yard line.

Four plays after a 29-yard pass from Kurt Gangler to Zack Knotts, the momentum shifted in favor of the home team when the Rams were stopped just shy of a conversion on a fourth-and-two play at the Miners' 20.

The officials had to take several looks to make sure they had correctly spotted the ball. Unfortunately for Southern, the refs went with their initial reading and the ball was turned over to Mountain Ridge.

"It was the turning point," explained Southern head coach Steve Savage. "Before that point momentum was on our side. We were moving the football and doing everything we wanted to do. The ref looked three, four, maybe five times, and made the decision it was short. But, certainly it broke the momentum."

Mountain Ridge quickly took advantage of the deflation felt by the Ram squad and Josh Vaughn jump started the Miners with a touchdown off a 34-yard screen pass.

Mountain Ridge's next scores came when Harper broke free on a 23-yard run and, for the final touchdown of the game, Vaughn powered into the endzone on a 3-yard run in the final minutes to get the score to 35-7.

The Rams' offense was plagued by turnovers throughout the game, including four interceptions.

Zack Knotts ran 14 times for 72 yards as Southern's leading rusher.

"We wanted to spread it out early, but poor field position kind of made it more risky than what it was worth," explained Coach Savage.

"So we played conservative early and in the second half with a change in field position we gave ourselves an opportunity to win the football game. I thought we did everything we wanted to do until that fourth-down play. It kind of took the wind out of our sails and we really never recovered.

"But our play is a million times improved from last week (a 62-6 loss at Fort Hill). That's all you can ask of the players – to keep coming back to work and keep getting better. That's what they did this week, and we're certainly going to try to do that over the next two weeks."

Southern now prepares for its next game this Friday as it plays host to Silver Oak Academy. That game is scheduled to begin at 7 p.m.

Ram Jayvees Blank Visiting Tucker County

The Ram junior varsity football team earned a victory Monday evening, 26-0, while hosting Tucker County.

Southern High School's Reese Haskiell scored two touchdowns in the game and Seth Kesner excelled on both offense and defense, pushing Southern to an improved record of 4-4.

Haskiell scored on a 6-yard run in the first quarter, then added a 7-yard touchdown in the second. Jeffery Eddington had a 1-yard scoring run earlier in the second quarter, which was followed by a failed run attempt on a two-point conversion play. Haskiell would have his second running touchdown in that same quarter, which was followed by another failed attempt at two.

Southern's final score came in quarter three when Kesner broke through the defensive line with a run from 1 yard out. The fourth quarter was scoreless.

Kesner was also credited by his coaches with a solid performance playing the inside linebacker position. Ram teammate Matt Wilson was cited for leading the offensive line throughout Southern's shutout performance.

The Rams will finish their season on Monday when they host intra-county rival Northern High School. Kickoff is set for 7 p.m.

Zumpanos Support FSU Baseball Tradition In Memory Of Aaron

by Liz Medcalf, FSU News & Media Services

Baseball has been central to the lives of generations of the Zumpano family, including father Gene and son Steve, who both played for Frostburg's Bobcat baseball team. Sadly, the life of the Zumpano who may have been the best of them all, Steve's younger brother Aaron, was cut short. He died in 1988 in his freshman year of college as the result of a car accident.

Today Aaron's memory is what is inspiring his family to support Frostburg State University's baseball team through the Aaron P. Zumpano Memorial Baseball Fund, which supplies funds annually to enhance the players' athletic experiences and meet the team's immediate needs.

"Baseball has given me some of the greatest gifts of my life," Steve Zumpano said, crediting the sport and his participation in it for his closest friendships, his career and meeting his wife. "It is my hope that current and future FSU baseball players have a similar experience, where those relationships with teammates and coaches continue to shape and influence them after college."

Steve, a member of FSU's Bobcat Hall of Fame, acknowledges that his younger brother was the more talented athlete, and had opportunities to play baseball at a number of schools. The brothers, both graduates of Northern High School in Garrett County, were three years apart in age, so they had few opportunities to play together as they were growing up. They were looking forward to sharing the field during Aaron's freshman and Steve's senior year.

"I have no doubt his career numbers would have been deserving of Hall of Fame recognition as well. He was that good," Steve said. "I was the centerfielder, but he was every bit my equal as a freshman."

This is the second year the fund has supplied monetary support for the baseball program. In the 2010 academic year, the money helped purchase an outfield fence cap for Bob Wells Field, which has improved player safety and enhanced the look of the field. This year's payment will be directed toward improvements in the locker room.

FSU Athletics, as part of the NCAA's Division III, cannot make use of student tuition or state funds, nor are athletic scholarships available to DIII athletes. That leaves teams to rely on only students' fees and private giving to meet their needs.

"Aaron felt strongly that sports and these types of relationships played an important role in his life," Steve said. "Baseball was the sport that we both loved the most. Our family's continued financial support of the baseball team, through the Aaron P. Zumpano Memorial Baseball Fund, is done in his memory to assist the team with current needs and to encourage and enhance these types of lifetime friendships in some small way as well."

His brother hadn't declared a major yet, but Steve suspects that his desire to help others would have led him to a career in education – assuming he didn't make it into professional baseball.

"Aaron knew that obtaining a degree was the most important goal as a student-athlete. If being able to play baseball after college as a professional was an option, then it would be a bonus," Steve said. "His interests were diverse, but he enjoyed people and helping others."

For more information about supporting FSU Athletics, persons may contact Leslie Reed at 301-687-4161 (866-241-3296 toll free), e-mail lkreed@frostburg.edu or visit http://www.frostburg.edu/foundation/ways-to-give.

Aaron, who played for the Bobcats in the late 1980s, died during his freshman year as the result of a car accident. Southern Girls Take Pumpkin Run First Place; Boys Earn Close Second

The Southern High School girls' cross country team bested Mountain Ridge and took team first place at the Pumpkin Run event held on Saturday at Southern.

The boys' squad also finished with a strong showing and ended the meet just one point behind the top finishing Mountain Ridge team, 33-34.

In the girls' meet, the Rams edged the Miners by three points, 31-34. Rounding out third through fifth place were Fort Hill with 77, Allegany with 101, and Bishop Walsh, which posted an incomplete score.

Ram Karisa Weissgerber took individual second place after finishing just 46 seconds (21:58) behind Mountain Ridge's Alexis Devault, who finished first with a time of 21:12.

Besides Weissgerber, Southern had six other runners finish in the top 15 in order to secure the top spot. Lauren Keefer was fifth with a time of 22:54, while the seventh through 10th spots were filled by Nicole Walch (23:30), Kambrie Bosley (23:31), Julia Weaver (23:31), and Samantha Gittere (23:32). Fall Turkey Season Opens Saturday In Western Maryland

The Maryland Department of Natural Resources (DNR) will open the state's fall turkey season from Oct. 29 to Nov. 5. Maryland only permits fall turkey hunting in Garrett, Allegany, and Washington counties, with a bag limit of one turkey per hunter.

"The turkey population in the fall hunting counties remains strong, and hunters should find plenty of birds if they know where to look," said DNR wild turkey biologist Bob Long. "Experienced hunters know that scouting and locating flocks can be a key part of hunting turkeys in the fall."

DNR surveys conducted this past summer show an average reproductive success in the region, which should translate into turkey numbers similar to last fall's, Long noted.

DNR reminds turkey hunters participating in both the fall and spring seasons that a bag limit change remains in effect this year. Hunters are still limited to one turkey of either sex in the fall; however, a turkey taken in the fall will not be counted toward the spring turkey season bag limit, as it did in the past.

DNR recommends that hunters wear a fluorescent orange hat while moving and tie an orange ribbon around a nearby tree at calling locations. Hunters should always be sure of their target and beyond, and never stalk or sneak up on turkey sounds, as it may be another hunter.

A more complete version of the turkey hunting regulations and registration procedures can be found in the "2010-2011 Maryland Guide to Hunting & Trapping" issued with each hunting license or online at dnr.maryland.gov/huntersguide.

Northern Steelers Win In Division I Semifinal Game

The Division I Northern Steelers took a win over the Ridgeley Rams, 28-6, in semi-finals play of the Cumberland Area Youth Football League.

Steeler Aaron Rodeheaver put his team on the board first, catching a 31-yard touchdown pass in the first quarter to make it 6-0. That score remained the same through the second quarter.

After halftime, the Rams tied it at 6-6 when Noah Bible dashed 67 yards on a run play that ended in the endzone. The Steelers answered that touchdown with a scoring run by Logan Yommer, who beat his defenders in a 56-yard play. The third quarter ended with a 14-6 advantage for Northern.

In the final period, the Steelers picked up two more touchdowns. Rodeheaver ran it in from the 21-yard line, making it 22-6, and on the last play of the game Kyle Beard recorded a 55-yard interception return to set the final score at 28-6.

For Northern, Rodeheaver tallied 13 carries for 74 yards, while Yommer accounted for 135 yards of total offense. Defensive standouts for the Steelers included Shay Shumaker, Saylor Wampler, and Clark Morin.

The Rams were led on the field by Timmy Friend, Seth Leedom, and Jacob Kessel.

The Steelers record now sits at 6-1, while Ridgeley is at 3-5.

The CAYFL will hold its Little Super Bowl games on Saturday, Oct. 29, at Northern High School. The Division II Championship game will pit the #1 seed Patriots against the #2 Ridgeley Rams. Gametime is set for noon.

The Division I Little Super Bowl will feature the top-ranked Northern Steelers as they face the #2 seed Keyser Steelers. This game is scheduled to take place following the conclusion of the D-II game. Officials have placed kickoff at approximately 2:30 p.m.

GARRETT COUNTY RUNS FOR IT – Four teams from Garrett County participated in the Tucker Community Foundation's Run For It event, a community-benefit race that annually raises support and awareness for local causes. Back in the race for its third year, Team Garrett Mentors On-The-Move (directly above) was led by Bonnie Swyter, team captain. The 17-member team had a strong showing, ending the day with $1,673 in race proceeds to donate to the popular mentoring program that serves more than 100 children in kindergarten through grade 5 of Garrett County's public school system. The team captured the $1,100 Best of Garrett County Award provided by Tucker Community Foundation, Garrett College, *The Republican*, and First United Bank and Trust. Also entering Run For It for the first time was Team Always Fit (below left) led by team captain Evie Harrison. Team Always Fit showed its support for the Garrett Mentoring program also. Team member Arthur Hanlin received a $100 2k Luck of the Draw Award, which will be donated to the mentoring program. Members of the Hickory Ridge Running Club (above right), led by Mike Jennings, raised support for general recreation opportunities in the Garrett County area. Garrett College team members (below right) walked and ran in support of the Garrett College Foundation, which provides scholarships. This was the first appearance in the event for the 13-member team led by Ann Wellham. Team member Scott MacLennan won a $100 5k Luck of the Draw Award, which will be donated to the GC Foundation. This year's Run For It generated more than $90,000 for the 24 teams and other causes represented. The annual program kicks off April 1 and culminates with a 2k/5k walk and run held the last weekend in September during the Leaf Peepers Festival in Davis, W.Va. Race proceeds benefit non-profits and charitable causes in the region served by Tucker Community Foundation. Furbearer Trapping, Hunting Seasons Begin In November

The Maryland Department of Natural Resources (DNR) announced on Monday the opening of the trapping and hunting seasons for several furbearers including coyotes, fishers, gray foxes, opossums, raccoons, red foxes, skunks, and weasels. The season for these species will open on Tuesday, Nov. 1, west of the Chesapeake Bay and Susquehanna River, and Nov. 15 in the remainder of the state.

"Furbearer trapping and hunting seasons are important wildlife management tools that help to keep wildlife populations balanced with our current land uses," said Harry Spiker, DNR's game mammal section leader. "These pastimes also provide valuable sustainable outdoor recreation for thousands of Marylanders each year."

In many counties, trapping season for aquatic furbearers such as beaver, mink, muskrat, and otter opens on Dec. 15, while nutria may be trapped or hunted year-round with a few exceptions in certain DNR wildlife management areas.

Trappers and hunters are reminded that a Furbearer Permit is required for individuals who hunt, chase, trap or pursue furbearers. Individuals who wish to trap furbearers must complete mandatory trapper education requirements unless they possess a Furbearer Permit or Certificate of Trapper Education prior to Aug. 1, 2007. For more information about Maryland's trapper education program, persons may visit dnr.maryland.gov/nrp/education/trappered.html.

Hunting seasons for furbearers vary by species and region. Complete bag limits, season dates and other hunting, trapping and chasing information can be found online at dnr.maryland.gov/huntersguide. The "2011-2012 Maryland Guide to Hunting & Trapping" issued with each hunting license contains detailed information about all of Maryland's hunting, trapping, and chasing seasons.

were demonstrations of activities that will be among the offerings at the CARC.

In the fitness studio, staff members were on hand to tell visitors about the state-of-the-art equipment available for use by members.

Children from the "I Can Swim!" program demonstrated the water safety and swimming skills they learned in their classes. This in one of many swimming programs at the CARC that are available for people of all ages

In the warm water pool, there was a demonstration of the Healthy Heart program, offered by Garrett County Memorial Hospital (GCMH). This is one of many therapeutic and wellness classes that will be held at the CARC. In addition to the pool demonstration, GCMH also offered health screenings throughout the day. The hospital will provide a full range of wellness therapeutic services at its center in the CARC.

Dancers from the Frostburg Dance Academy demonstrated various forms of dance that will be offered in the CARC multipurpose classroom. Currently, classes are scheduled that include sessions for children and adults.

The Garrett College robotics team, the Kraken Project, introduced its underwater robot that maneuvered before the surface to collect objects as it was directed to do by students at the controls. The robotics competition team is open to all interested students.

Scuba demonstrations previewed the skills that will be taught in new classes that will be available in the future through the CARC. Likewise, students from the Adventure Sports program performed kayak rolls as an example of the how the CARC pool will be used to enhance the curriculum.

Members of the Manta Ray Swim Team showed their stuff, as they churned through the water. The CARC pool will be available for group and team practices.

In addition to all the demonstrations and activities of the day, the CARC mascot, Splash de CARC, was on hand to greet children and pose for the photographer with them.

That would fit with Christ's message about helping the less able to help themselves. And surely you have read that part of the Gospel, clearly expressed in the Sermon on the Mount. Equally important to him are the laws spelled out in the American Constitution.

I just saw a story which rang a bell from my own life. The DNR trapped a female bear behind the Peat Bog, and she had a broken tooth, so naturally my brother Scott stepped in and pulled it for her. This also happened in Alaska, except this bear had to go to a dentist's office for its treatment. But Scott worked outside, and was unpaid.

Could it be possible to bring all troops home from Iraq in time for the holidays? That is what our president announced today as his intent. I hope it can be done. I hope the Iraqi government can prevent civil war. But they said they don't want Americans in their country. Good luck to the Iraqi people.

I wonder if it is just my liberal political opinions that cause someone to hate me so much that every time I get a replacement mailbox they take a baseball bat to it again. It is a little scary, and I really can't afford a new mailbox every few months. Why don't they just write a hate letter to me? Surely that would be enough to get your emotions off your chest.

There are many families that I am linked with in some way. Like a recent friend, Brenda Ruggiero, who works at the Grantsville office of *The Republican*. She picks up the hand-written draft of this column, then types it and e-mails it to the Oakland office. She also does some important errands for me. But when her husband's family lived nearby, I developed a close relationship with the youngest girl, Kim. And I was also surprised to learn that Brenda knew Pam and Sherry Ashby. She was also a student in the college class I taught about horsemanship. I could write much more about this subject, but it would be a virtually endless linked detail.

A joint service will be held at Emmanuel Lutheran Church on Sunday, Oct. 30, at 11 a.m. Shepherd of the Hills Lutheran Church and the Accident Lutheran Parish will be joining the churches of the Bittinger Parish to celebrate the anniversary of the Protestant Reformation. A pork and sauerkraut dinner will follow at the Bittinger fire hall.

CRELLIN DONATES SOUP MEALS TO HOSPICE – Hospice of Garrett County recently received a donation of soup, rolls, cookies, and homemade cards from Crellin Elementary School. The students each brought in the ingredients to make the soup and cookies. "The children were excited to make the soup, rolls, cookies, and cards for our Hospice patients," said Brenda Butscher, executive director. "The families were overjoyed, and some were very emotional and pleased that the children would think of them and want to help them feel better and brighten their day. We sincerely appreciated these young students helping Hospice care for the terminally ill." From left are students Abby Butina, Jayden McRoble, Jacob Paugh, Dominic Burgess, and Alexis Roberson. Second row: Hospice office manager Amy Welch, Katie Park, Trinity Hechmer, Emillie Baker, Drew Hordubay, Ryder Reese, and Butscher.

The Family of GAGE THOMAS WELCH

On October 22, 2011, a memorial service was held for Gage T. Welch at the Gortner Union Church, Oakland, Md. The setting was beautiful: pictures were brought in by friends of Gage—there were two beautiful white lilies on the altar from his uncle Bill's back yard which had bloomed despite the frost. There was a nice show of attendees. Men with whom Gage had worked in Frederick made the trip and neighbors also from Frederick were there. Charles Stark, his uncle, gave a very fitting eulogy. The gathering was diverse but all had a fond recollection of Gage. They stood up and recounted many of their special memories. Reverend Stephen Sauter led a wonderful ceremony, effectively including all of Gage's friends in his service. The interment was handled with dignity and we thank the Reverend Stephen Sauter for sending George on to his new appointment with God with our love and appreciation.

Garrett County SKIES

By Dr. Bob Doyle
Frostburg State Planetarium

NOVEMBER SUN AND MOON – As November begins, the sun appears in front of the stars of Libra, moving a degree a day eastward relative to the stars. On Nov 23 in midday, the sun enters Scorpius, where it stays through Nov 29. At 7 a.m. on Nov 30, the sun enters Ophiuchus, the little known 13th star group of the Zodiac. The sun stays in Ophiuchus through Dec. 17. All three of these star groups are lost in the sun's glare in November. The star group Sagittarius is to the east of Ophiuchus so it sets after the sun, appearing low in the western dusk. The star group Virgo (to the west of Libra) rises before the sun and is visible low in the eastern dawn. In early November, sunrises in Oakland are about 7:45 a.m. while sunsets are about 6.15 p.m.(10.5 hours of daylight). On Nov. 6, we shift to standard time, setting our clocks back an hour. Both sunrises and sunsets then occur an hour earlier. Around the end of November, Oakland's sunrises are about 7:15 a.m. and sunsets occur about 4:55 p.m. (9.7 hours of daylight). So during November, the stars are last seen around 6 a.m.(early dawn) and then reappear about 7 p.m.(late dusk).

November starts with the moon appearing in the southwestern dusk sky. On Nov 2, the evening moon appears half full (like a tilted "D"). Along the straight or left edge of the moon, the sun there is rising, lighting up the crater rims and mountain ranges. The moon appears above the bright planet Jupiter on Nov 8 and 9. The moon is full on the evening of Nov 10. This is the Beaver Moon, the second full moon after the start of fall. On Nov 12, the moon appears near Aldebaran, the star marking the eye of Taurus, the bull. On Nov 13, the moon appears between the bright star Capella and the star group Orion, low in the southeast. On Nov. 18, the moon is best seen in the southern dawn sky, when it appears half full, resembling a reversed letter "D." In the a.m. hours, the moon appears near the planet Mars on Nov. 19. On Nov 22, the moon appears near the planet Saturn, low in the southeastern dawn. Early on Nov 25, the moon swings from the morning to the evening side of the sun. At 5:30 p.m. on Nov 26, look low in the southwest for a slender crescent moon. To the left of the moon will be the brilliant planet Venus. On the next night, the crescent moon will be above and to the left of brilliant Venus.

NOVEMBER PLANETS – The five nearest planets are easily seen by eye, four of them shining steadily in contrast to the twinkling stars. Of the five, Mercury is usually the most difficult to see, at a low angle to the sun and seen very close to the horizon. Mercury can be seen very low in the southwestern dusk below and to the right of the brilliant planet Venus through most of November. Venus becomes more prominent in November as its setting time increases from an hour (start of month) to two hours (as month ends). Jupiter is easily seen in the evening sky, starting in the east in the dusk and moving higher and to the right as the hours pass. During November, Mars starts to rise late in the evening, but is best seen in the southern sky as it begins to get light. Saturn is much lower than Mars, seen in the southeastern dawn sky.

NOVEMBER EVENING STARS – The Big Dipper is still close to the northern horizon. Its two rightmost stars "point" to the North Star, a modest star about halfway up in the sky. High in the north is Cassiopeia, resembling a stretched out letter "M." The two brightest evening stars are Vega, white blue in the west and golden Capella in the northeast. As the evening hours pass, Vega descends while Capella climbs higher. Late in the evening, the bright star group Orion appears low in the east. Orion's trademark is his belt of three stars in a row matched in brightness and in spacing.

The Frostburg State Planetarium program for November is "Mysteries of the Stars," explaining how stars shine and the mysteries of stars that remain. The free public presentations are on Sundays at 4 p.m. and 7 p.m. on Nov 6, 13, and 20. (There are no programs on Nov 27, following Thanksgiving.) Also included is an introduction to the evening skies of late fall and early winter. There follows an optional tour of the Science Discovery Center, where there is a very fine display of preserved animals from five different continents. To receive a Planetarium schedule (or bookmark), persons may call 301-687-7799 and state their names and mailing addresses. One can also access the Planetarium section of the Frostburg State web site at www.frostburg.edu/planetarium.

Where Have all the Bees Gone?

by Dr. Stephen I. Parks

Q: I haven't seen many bees in my garden this year. Is something wrong?

A: That's most likely because the nearest hive is farther away than usual; but yes, the number of honeybees is declining for a number of reasons.

First, remember that there are many kinds of bees. Native bees range from the size of gnats, to bumblebees, to the monstrous carpenter bee. Your flowers are also visited by flies and wasps that can look like bees; and they all carry pollen. The commercial European honeybee is a little under a half inch long, and brown with more or less prominent stripes. Recently, the European bee has suffered from a mysterious malady called "colony collapse." Suddenly a beekeeper may discover that half his hives are empty, the bees having left without a trace.

It's true that the number of hives in the US has been declining for years. It's now less than half the peak value. That sounds really scary, but it's easily explained by economics: bees have become migrant labor.

Bees are far more important for pollinating crops than for honey; the honey is just a nice by-product. Most fruit crops depend on insects to move pollen from flower to flower, in order to "set" the fruit and make it develop. Fifty years ago, each orchardist would keep a few European honeybee hives to pollinate his almonds or oranges or apples, but maintaining the hive was just one more chore. Now, professional beekeepers move thousands of hives – millions of bees – around the continent on flatbed trucks, to hire them out during the blooming season. The hives go from region to region and crop to crop as blooming seasons peak and wane. As a result, one hive may do the work of five in the course of a growing season. Fewer hives are needed, so fewer are maintained. Voila, the number of registered hives drops.

But if colony collapse happens, the hives are abandoned. It's a business disaster, regardless of statistics. The Department of Agriculture has been trying for the last few years to figure out what is going on. They have rounded up all the usual suspects – parasites, viruses, insecticides, genetics, even bee food supplements. None has been conclusively linked to colony collapse yet, but the National Agricultural Lab is on the case. Small comfort, but given a few more years they should get a handle on it.

THE FRIENDSVILLE TECH WIZARDS recently participated in the fourth annual 4-H National Youth Science Day. The team, pictured above, has been meeting since last spring to work on various projects. See story for details.

Friendsville Team Participates In 4-H Science Day

The Friendsville Tech Wizards youth team joined millions of young people across the nation to become scientists for the day during the fourth annual 4-H National Youth Science Day (NYSD). This annual event seeks to spark an early youth interest in science and future science careers, and to reclaim the nation's position of leadership in scientific exploration.

As part of 4-H NYSD, the youth participated in Wired for Wind: the 2011 National Science Experiment. The activity demonstrated how young people can implement alternatives to traditional energy production and have a positive impact on their communities and ecosystems.

The 4-H Tech Wizards in Friendsville have been meeting since last spring. The technologies they have become familiar with are LEGO robotics, handheld GPS units, microscopes with projected images, and various others through Science Technology Engineering Mathematics (STEM) based activities.

Each evening they also have homework support, recreation, and social time.

The Tech Wizards program will hold an open house event on Wednesday, Nov. 2, in the Friendsville School cafeteria during parent/teacher conference night. The group will also participate m the Friendsville Light-Up Night at the town's fire hall on Saturday, Dec. 3.

All Friendsville residents are invited to visit the Tech Wizards display to learn about opportunities to become a Tech Wizard.

The Friendsville 4-H Tech Wizards Program is an outreach program sponsored by the University of Maryland Extension Garrett County 4-H Youth Development with assistance from Frostburg State University Echo-Stars Mentors.

The program is funded through a grant from Office of Juvenile Justice and Delinquency Prevention and supported by the National Council's National Mentoring Initiative Engaging Youth, Serving Communities.

DNR Provides Tips On Safe Burning

The Maryland Department of Natural Resources (DNR) Forest Service, in cooperation with the Garrett County Health Department and the Garrett County Emergency Management Office, reminds people to be careful with fire this fall. Traditionally, fall is a time of moderate forest fire danger in Maryland. In 2010 there were 170 wildfires in the state that burned 1,503 acres.

Fall is also the time of the year when many property owners are burning leaves and other debris. Unfortunately, many people do not burn safely, resulting in wildfires. Thirty-three percent of the wildfires in Garrett County in 2010 were caused by unsafe debris burning.

In order to prevent wildfires from occurring and causing destruction to private homes and woodlands, the state of Maryland has established open-air burning regulations. These regulations apply to activities in woodlands and within 200 feet of woodlands, or activities adjacent to or within an area where flammable materials could ignite and carry fire to woodlands.

These regulations are:

1. A natural or constructed fire break at least 10 feet wide must completely surround the material to be burned.
2. Adequate personnel and equipment must be present to prevent the fire from escaping.
3. At least one responsible person must remain at the burning location until the last spark is out.
4. Permissible burning hours are between 5 p.m. and 1 a.m. Daylight Saving Time (DST). This will change on November 6 to 4 p.m. to midnight Eastern Standard Time (EST).
5. All open-air burning requires a permit from the Garrett County Health Department. Open-air burning prior to 5 p.m. DST also requires a burning permit from DNR.

Open-air burning of any type not in accordance with these regulations is subject to citations and fines ranging from $70 to $260.

Landowners interested in conducting open-air burning are encouraged to burn after 5 p.m. when a burning permit from the DNR Forest Service is not required, and the air is generally more moist and calm, reducing the chances of the fire escaping.

Prior to doing any open-air burning, the landowner should contact Garrett County Emergency Management at 301-334-1929 to let the staff know about the controlled burning. This reduces the chances of the local volunteer fire departments being dispatched on false alarms.

When conducting open-air burning, it is the landowner's responsibility to make sure the fire doesn't escape, and to make sure the fire is out cold before leaving it.

LED LIGHTING

by Dr. Tom Sheahen

Q. I don't like the new CFL bulbs, and someday I'll run out of my stash of incandescent bulbs. I've heard that LED bulbs will be better, but they're expensive. What can I do?

A. "Better, but expensive" is exactly right. LEDs are a product "on the way," being driven by their much higher efficiency.

In any diode, when an itinerant electron comes to a vacancy ("falls into a hole," in customary terminology), energy is released. In a light emitting diode (LED) that energy comes off as a photon, a pulse of light. That light will be of a very specific energy, corresponding to the energy transition by the electron, and hence it will be of one very specific wavelength, one color. LEDs have been around for decades, but they used to be only red.

The conversion of electricity into light in an LED happens very efficiently, with almost zero energy wasted as heat. Moreover, LEDs are solid-state devices, because they don't have filaments, they last far longer than small little incandescent bulbs. So LEDs are the natural choice for any appliance. Lots of things contain LED indicator lamps.

For a long time, red was the only available LED color. More recently LEDs have been invented which emit light that is green, blue, etc. That's a game-changer, and makes room lighting possible. To make a "white" LED bulb, you place several different-color LEDs in a single "bulb," and the human eye interprets the combination as white light.

The "color" of room lighting is important to most people. We all have one standard for comparison: sunlight. The mix of wavelengths present in the solar spectrum runs from the far infrared into the ultraviolet, with the maximum intensity in the visible range (from 400 to 700 nanometers wavelength). This mixture is called "blackbody radiation," and the broad peak depends only on the temperature. The surface of the sun radiates as a blackbody at around 5,000° K, and the spectrum peaks broadly in the yellow-orange region.

All light bulbs wish they could achieve the equivalent of sunlight. Incandescent lamps don't match well, but we've gotten used to them. A tungsten filament radiates as a blackbody at 3,300° K. That shifts its peak wavelength to about 900 nm, partway into the infrared portion of the spectrum. All of that infrared radiation is merely heat, and doesn't illuminate your room, but you still pay the electric company to produce it. The word for that is "inefficient."

A fluorescent bulb works by emitting certain photons as atoms of the gas inside make transitions from one energy level to another. Those photons strike a phosphor coating the inside of the bulb, and the phosphor emits light (of longer wavelength, slightly lower energy) out through the glass wall into the room. Your eye averages across all the emitted light and calls it "white." You can buy various fluorescent bulbs that are "tuned" to slightly different peak colors; that's done by changing the chemicals in the phosphor coating.

Comparatively little infrared radiation is produced by fluorescents, which is why they're not very hot when you touch them. Hence they light a room more efficiently than incandescent bulbs, using about ¼ the electricity to obtain the same illumination.

A compact fluorescent lamp (CFL) does the exact same thing as a long fluorescent bulb, but has a curlyque shape. They are no more dangerous than what we have had overhead in schools and offices for 50 years. Nevertheless, I suspect CFLs are an "interim" product on the pathway toward LED lighting.

LEDs provide superior lighting in every way, last for extremely long times, and don't waste energy as heat. Even better, when a combination of LEDs is used to manufacture the lamp, the "color" can be tuned to a much more brilliant white, and that's a major advantage. Still, the LED "wave of the future" awaits a very substantial reduction in price.

Some offices and factories are already using LEDs because of their long-lasting no-maintenance feature. You spend more up front, but never have to pay the janitor to climb up on a ladder and replace them – It's a cost-benefit trade-off. Homeowners usually don't think at all about the labor cost of replacing a bulb. But actually, if you have something like a light mounted in the ceiling atop a two-story open foyer, in a terribly inconvenient place, such that you need to have a workman come and change the bulb, then you'd be money ahead to install an LED bulb in the first place.

Dr. Sheahen lives at Deep Creek Lake and has taught physics at Garrett College. Persons wishing to submit questions for this column may e-mail them to newsroom@therepublicannews.com.

Try to Avoid These Scary Investment Moves

If you have kids — or even if you don't — you're probably aware that Halloween is fast approaching. Of course, you may find the ghouls, witches and creepy impersonations of celebrities to be more amusing than alarming, but as you go through life, you will find some things that are generally frightening — such as investment moves that are misdirected or go awry.

Here are some potentially scary investment moves to avoid:

• Investing too aggressively — In the investment world, here's one of the fundamental truths: The greater the risk, the greater the potential reward. So, by investing aggressively, you can potentially achieve greater returns. But if you invest too aggressively, you can, quite simply, get burned and lose your principal.

• Investing too conservatively — You can't invest with no risk. However, you can find investments that offer a higher preservation of principal in exchange for little or no growth potential. But if your portfolio is full of these vehicles, you may never achieve the growth you need to reach your long-term goals.

• Failing to diversify — If your portfolio mostly consists of the same type of investment, and a downturn hurts that particular class of assets, you'll take a big hit. But by spreading your dollars among an array of investments you can reduce the effects of volatility on your overall holdings. Keep in mind though, that diversification can't guarantee a profit or protect against loss.

• Chasing "hot" investments — By the time you hear about a "hot" investment, it will probably already be cooling off. And whether it's hot or not, it might not be appropriate for your individual needs and risk tolerance.

• Trading too frequently — If you're constantly buying and selling investments to maximize your profits, you may end up actually minimizing your success. Frequent trading can run up commissions and other investment costs — and the greater your expenses, the lower your real rate of return. Plus, by always adding and subtracting investments to your portfolio, you'll find it difficult to follow the type of long-term, consistent, comprehensive strategy that's necessary to help you attain your objectives, such as saving for retirement.

• Starting too late — As an investor, you'll find that time is one of your greatest allies. The earlier you start saving and investing for your goals, the better your chances of attaining them. "Save early and save often" may sound like a cliché, but it's good advice.

• Taking a "time-out" from investing — Whether it's a market slump, a political trauma, a natural disaster or some other event, you can always find a reason to head to the investment sidelines for a while until things cool off, straighten out or return to what seems like "normal." Depending on your goals, not participating in the market may cause you to miss out on any opportunities the market can present. At times, it can be tough to stay invested, but over the long run, a steady, disciplined approach can be a good strategy.

Halloween comes and goes in a single day. But by steering clear of these menacing investment moves, you can help take some of the fear out of investing and make it a more productive experience.

ROTARY PARK RECEIVES A FACE LIFT – The Oakland Rotary Club recently performed some of its periodic maintenance on Rotary Park. Located near Oakland's town parking lot and the farmer's market, the park, which is open to the public, features a picnic area with tables, charcoal grills, and a new playground. Some of the community members who used their carpentry, painting, and landscaping skills to improve this public space are pictured here. From left are Eric Robeson, Bob Stevens, Tom Carr, Tracy Bemiller, and Jerry Lynch. Not pictured are Greg Lee and Jack Regentin, who also assisted.

Pageant Organizers Seeing Contestants For 2012 Events

The Miss Washington County/Miss Western Maryland Scholarship Program is seeking contestants for their upcoming pageant. The event will held be Feb. 18, 2012 at the newly renovated Kepler Theater on the campus of Hagerstown Community College, 11400 Robinwood Dr., Hagerstown.

Four titles will be awarded: Miss Washington County, Miss Washington County Outstanding Teen, Miss Western Maryland, and Miss Western Maryland Outstanding Teen all for 2012.

This production will celebrate 65 years of pageants, titleholders, scholarships, and community service. The first Miss Hagerstown was crowned in 1947, and the tradition continues today.

The theme for the gala event will be "A Black Tie Affair." Efforts are under way to bring back many former titleholders and some celebrity judges, as well as special guests.

Contestants will compete on one of two levels: Miss and Outstanding Teen. Miss contestants must be between 17 and 24 years of age and teens are 13 to 17 years of ages, but not a high school senior. Those competing for a Washington County title must live, work, or attend school in Washington County.

Anyone from the state of Maryland meeting requirements may compete for the Western Maryland titles. There are five phases of competition: talent, private interview, physical fitness in swimsuit for the Miss and in sportswear for the Teens, evening wear, and on-stage question.

Last year's Miss titleholders each received a $2,000 scholarship, $650 in gift certificates, and numerous gifts from area merchants. Two first runners-up each received $600 scholarships.

All contestants received at least a $100 scholarship and gifts. Teen winners each received gifts and a US savings bond. The four titleholders went on to represent the area at the Miss Maryland competition and Miss Maryland Outstanding Teen competition held in June in Hagerstown at the Maryland Theatre. Scholarship awards have not yet been determined for 2012.

In order to competé, interested contestants must attend an orientation session on Saturday, Nov. 19, starting at 8 a.m. at the Ramada Plaza Hotel in Hagerstown. At this time professional photos will be taken by Photography by Dale, opening number dresses will be selected, and sizes determined by Potomac Bridal of Hagerstown (dress sponsor), and pageant details will be discussed. A parent is welcome to attend.

In addition to the Miss and Teen programs, the organization sponsors a Princess program for young ladies ages 5 through 12. This will be the third year for this mentoring enrichment, noncompetition program for these princesses to share in the production and events during the year.

Only a few spots remain for this program, according to Princess director Fran. For more information, persons may check the web site at: washctymdpageant.webs.com.

An Orientation for the Princesses will be held in January 2012.

For more information and to reserve a spot for Orientation, Miss contestants are asked to call Sandy at 301-791-5974, and Teen contestants are to call Jennifer at 301-331-4781 as soon as possible, but no later than Nov. 12.

They can also check the web site for e-mail addresses. There are a limited number of spaces available.

NEW CLUB MEMBER INDUCTED – At the regular September meeting of the Southern Garrett County Republican Women's Club, Cosette Harman (above right) was inducted as the club's newest member by club president Sondra Buckel (also pictured). Members are active in influencing pending legislative matters affecting national, state, and local laws, as well as promoting Republican candidates. Monthly meetings feature both political issues and community speaker programs. Republican women and men are invited to join the club and to participate in its activities.

The Miss Washington County/Miss Western Maryland Scholarship Foundation Inc. is part of the Miss Maryland Organization and the Miss America Organization. The Miss America Organization is the largest provider of scholarship assistance for young women in the world, last year making available over $45 million in scholarships on the local, state, and national levels, according to event organizers.

Trick-Or-Treaters Reminded To Stay Safe While Out

Nationally, more than 36 million children are out trick-or-treating over the Halloween dates stretching from Oct. 24 through Oct 31. The Richland County Safe Communities Coalition is releasing the following information to help inform families and keep kids out of the emergency room. Below are some facts to help make families more aware of Halloween Hazards and help keep trick-or-treaters safe.

•Pedestrian-Car Collisions: Child pedestrians are four times more likely to be killed on Halloween than on any other evening of the year. Parents need to accompany children, make sure they are visible, and use safe pedestrian behaviors themselves as an example to children.

•Non-Intersection Crossings: Well over half of the Halloween pedestrian fatalities involving children occur at non-intersections, suggesting that mid-block crossings, darting out from between parked cars and other unexpected crossing behaviors may have contributed to their deaths.

•Drunk Driving. Drunk driving over Halloween has surpassed drunk driving on New Year's. On Halloween night in 2009, 58% of all highway fatalities involving a driver or a motorcycle rider were alcohol-related.

•Alternatives to Impaired Driving. Those who have consumed alcohol at a Halloween Party, find a sober driver for a safe ride home. Call a cab or a friend for a ride or sleep it off where you are. Those hosting a Halloween Party, should take keys at the door and have sober designated drivers available. Hosts should provide non alcohol drinks as well.

•Falls. Falls are one of the leading causes of injury on Halloween night. While it is important to make sure costumes are "fall proof," it is also important to clear walkways, yards, and driveways of tripping hazards in advance and to carry a flashlight.

•Burns and Eye Injuries: Medical professionals cite an increase in eye and burn-related injuries on Halloween night. Paying attention to children's costumes, using face paint instead of masks, and using soft toy weapons can help reduce these risks.

All children should have an adult check their candy before eating it, and not eat any candy or food that is unwrapped or looks tampered with.

CANCER AWARENESS PROCLAMATION SIGNED – The county commissioners signed a proclamation last week making October Breast Cancer Awareness Month in Garrett County. The GC Health Department (GCHD) promotes early detection through self-exams and mammograms as part of its fight against breast cancer. To increase awareness, the Health Department sponsored a Designer Cup Challenge, a bra art contest to promote breast cancer awareness. Each of the 12 entries in the competition included a story about how breast cancer has affected her or someone she loves. "It is a challenge to come up with something that might make people aware that this isn't just a decorating contest, it has real meaning to the people who do them," said Sharon Menges, who coordinated the project for the Health Department. "We had a 9-year-old who did one this year because of her grandmothers dying from the disease." Pictured, left to right, are Kim Madigan, first place winner; Commissioner Gregan Crawford; Caroline Evans, RN, GCHD Breast & Cervical Cancer Program coordinator; Commissioner Jim Raley; Judy Sines, RN, GCHD; Dorla Mazer, third place winner; Maney Gale, second place winner; Sharon Menges, GCHD outreach worker; and Commissioner Bob Gatto. GC Job Center Offering Help With Resumés

The Garrett County Job Center, a division of the Maryland department of Labor, Licensing & Regulation (DLLR), has experienced, professionally trained resumé writers on staff to provide individual assistance with resumés.

The resumé assistance provided by the job center includes Maryland Workforce Exchange system resumés (written while one waits), critiques of existing resumés, and individualized, professional resumés by appointment.

"Now, more than ever, a good resumé is an essential part of a successful job search," commented a spokesperson for the center, who noted that the number of people who can find a job without a resumé is decreasing. "Having a resumé that showcases your job skills in the best light will set you apart from the competition and can dramatically increase your chances of landing the job you w ant."

The job center will work with individuals to determine the best way to highlight skills and experience and display work history. Those interested may visit the office at 221 S. Third Street, Oakland, or call 301-334-3972. The center is open Monday through Friday from 8 a.m. to 4 p.m.

Beachy Att... Convention ... Nashville, ...

Gerry Beachy of ... Pharmacy in Gr... recently traveled ... "I entered the pharmacy profession due to my desire to serve patients and to play a positive role in the health of my community. And as in any industry, there are constantly new technologies emerging and evolving best practices in the industry that I need to be aware of in order to continue to offer my patients the care that they deserve."

In addition to the programming, the NCPA convention featured a convention hall with over 200 exhibitors representing all areas of the pharmacy industry. These exhibitors demonstrated new innovations and products to assist pharmacists in serving their patients.

For more information, persons may visit www.ncpanet.org or read NCPA's blog, The Dose, at http://ncpanet.wordpress.com.

goal was to work toward improving patient outcomes and preserving independent community pharmacies and local jobs.

During the convention, participants heard remarks from a bipartisan group of former governors. Former Arkansas governor and former Republican presidential candidate Mike Huckabee delivered the keynote address, while former Republican governor Jim Douglas of Vermont and former Democratic governor Phil Bredesen of Tennessee headlined the government affairs forum. Attendees also had an opportunity to participate in round table discussions with their fellow pharmacists to discuss emerging trends, technologies and best practices.

Beachy's Pharmacy and other independent community pharmacies are trusted health care resources, noted Beachy, that provide an array of services for patients and assist them in achieving positive health outcomes.

"Our pharmacy team is readily available to answer a patient's questions, review their prescriptions for potential harmful interactions, and to work with patients and their physicians to maximize the use of less costly generic alternatives to brand name drugs," Beachy said. "Results of *Consumer Reports* reader surveys demonstrate that independent community pharmacists are among the most trusted professionals in the health care industry. I believe my recent attendance and participation at the NCPA National Convention has provided me with additional resources and insights to allow me to improve patient care beyond our already high marks.

Mission Of Mercy Free Dental Clinic Scheduled This Friday And Saturday

The second Mission of Mercy Free Dental Clinic will be held this Friday and Saturday, Oct. 28 and 29 between 6 a.m. and 6 p.m. at the Allegany County Fairgrounds.

It is anticipated that over 1,200 people in need of dental care will come to the clinic during the two days. The event is sponsored by the Allegany/Garrett County Dental Association and the County United Way.

Anyone who is 19 years or older is eligible to be seen on a first-come, first-served basis. The clinic is for the uninsured, underinsured, or anyone who cannot afford to see a dentist. Participants do not have to be a resident of Allegany County to receive care, and anyone in the surrounding area is eligible. Transportation will not be provided.

In order to see the greatest number of people, patients will receive no more than two services based on their most pressing dental needs. The following services will be offered: exams, cleanings, debridements, X-rays, extractions, fillings, core build-ups, and front teeth root canals. A limited number of dentures will be adjusted or relined. Note: One service does not mean one tooth.

All services are provided by volunteers who are board certified, registered dental and medical professionals.

The doors will open at 6 a.m. Patients will be admitted in small groups according to their number. Patients will be registered, medically screened, and receive an initial exam, X-ray (if necessary), and then dental treatment.

At-home instructions will be given upon exiting the building.

"While we will provide services to as many as we can, we cannot guarantee that everyone who gets a number will also receive treatment," said a spokesperson.

Prospective clients should bring with them a list of current medications/allergies, knowledge of their health history, and current contact information. If clients have medications that they need to take during the day, they should bring what they will need while they are waiting.

Those currently taking anticoagulants or "blood thinners," must provide a note from their physician that gives permission for treatment and verifies that the medication was stopped prior to treatment.

Clients should also bring a snack, a book, or something else to keep themselves occupied. This is a long process and will take several hours to complete.

Childcare will not be provided, and only individuals age 19 or older are eligible for services.

"This is a long day, and we strongly advise against bringing children," the spokesperson said.

Demonstrations On High Tunnels Slated For Nov. 5

Demonstrations on how two innovative farmers are using "extreme season extension" with little to no use of fossil fuels will be held on Saturday, Nov. 5.

Two systems will be demonstrated, and persons can have a discussion with the farmers who use them and University of Maryland Extension personnel. The demonstrations will begin at 10 a.m. at the Allen Lilly farm located at 2207 King Wildesen Road, Oakland.

The program will continue at the farm of Dr. Harry Swartz at 1 p.m. The farm is located at 4965 Gorman Road, Oakland. Lunch will be provided there.

Persons may call the Garrett County Extension office for more information and/or to register at 301-334-6960.

"With a short growing season in Garrett County, local fresh fruits are typically only available for a f weeks during the summer, said Willie Lantz of the Garrett County Extension office. "Unheated high tunnels have extended the growing season for some farmers."

To take advantage of an even longer growing period, Lantz explained that adding heat to the high tunnel can make it more productive and further extend the fresh fruit season. Adding heat typically requires the burning of fossil fuels, which is costly and adds carbon dioxide to the environment.

Two Garrett County farmers are using innovative systems to provide heat for early production without the high costs of fossil fuels.

Allen and Kathy Lilly, owners of Ryan's Glade Farm and Garden, have been producing fruit and vegetables for sale at the Mtn. Fresh Farmers Market in Oakland for over 10 years. They built their first high tunnel in 2006.

After participating in a couple of Northeast Sustainable Agriculture Research and Education (SARE) projects with the University of Maryland Extension in Garrett County, they decided to apply for a Northeast SARE Farmer Grant. They were successful with their 2009 proposal, receiving funding for their project titled: "Economical Climate Controls for Maximum Production in High Tunnel Vertical Growing Systems."

The project combines the use of wind power, high tunnels, and vertical growing systems to produce strawberries from May through November.

Dr. Harry Swartz retired from the University of Maryland after many years as a successful strawberry and raspberry plant breeder. He is continuing his life's work on a small farm in Garrett County. One of Harry's goals with his new farm is to use as little fossil fuels as possible. His breeding operation, however, requires plants to be productively growing throughout the winter months.

In 2009, Harry partnered with University of Maryland Extension on a Northeast SARE Partnership Grant to construct a greenhouse that would use as little fossil fuels as possible. The greenhouse was constructed with energy-efficient materials such as insulated concrete forms, twin polycarbonate, and an insulated north wall.

To heat the greenhouse, solar water heating panels, typically used to heat swimming pools, were installed to heat water in a 1,000-gallon water tank attached to the greenhouse. The hot water is then circulated throughout the greenhouse using radiators as heat exchangers.

The entire system is controlled by a computer monitoring system which is connected to the Internet and records information live on the Web. Persons may view a layout of the system and current conditions and charts at www.welserver.com/WEL0004/.

The project is being used to test the feasibility of using solar water heating to possibly heat larger greenhouses or high tunnels.

Farm Service Agency Reports

Eric M. McCartney, County Executive Director
Preston County FSA Office
157 Plaza CT, Suite 13, Kingwood, WV 26537-1793

REGISTER ONLINE TO RECEIVE FSA NEWSLETTERS ELECTRONICALLY

USDA's Farm Service Agency communicates information to farmers, ranchers, and landowners through state and county newsletters that are delivered through the mail and passed out at county offices. The estimated annual cost of distributing four to six newsletters annually to the 1.4 million producers nationwide who participate in FSA programs is $2.1 million to $3.15 million for printing and mailing. The annual fee to host all of FSA's electronic newsletters is less than $100,000.

As a result, the Farm Service Agency is moving toward a "paperless" operation and will no longer be mailing quarterly newsletters, reminder cards, or other general information. County Committee election ballots will continue to be mailed to all eligible producers.

Producers are asked to enroll in the new GovDelivery system, which provides notices, newsletters, and reminders through electronic means. During this transition to GovDelivery, producers are urged to remain in contact with the Preston County FSA Office to ensure they are aware of program announcements, sign-up periods, and deadline dates. Interested producers and agricultural partners may subscribe to receive e-mail updates by going to the USDA GovDelivery sign-up page found at https://public.govdelivery.com/accounts/USDAOC/subscriber/new and subscribing to the preferences.

FSA, like many other organizations, is trying to work smarter and become more efficient. Moving to electronic notifications will help us conserve resources, yet remain in communication with our producers.

Though FSA will no longer mail the FSA Newsletter to producers, copies will be available at the Preston County FSA Office. We will also provide an electronic copy of the newsletter to our agricultural partners and agricultural community based organizations.

For additional information on GovDelivery, persons may visit the Preston County FSA Office located in the Corner Mall of the Kingwood Plaza or telephone 304-329-1923.

FSA BEGINS SIGN-UP FOR 2010 SURE PROGRAM

Eric McCartney, executive director of USDA's Farm Service Agency Preston County Office, has announced that sign-up begins Monday, Nov. 14, in the Supplemental Revenue Assistance Payments (SURE) Program for 2010 crops. Producers are encouraged to make appointments to complete their applications for SURE as soon as possible.

SURE provides crop disaster assistance payments to eligible producers on farms that have incurred crop production or crop quality losses. The program takes into consideration crop losses on all crops grown by a producer nationwide. SURE provides assistance in an amount equal to 60 percent of the difference between the SURE farm guarantee and total farm revenue. The farm guarantee is based on the amount of crop insurance and Non-insured Crop Disaster Assistance Program (NAP) coverage on the farm. Total farm revenue takes into account the actual value of production on the farm, as well as insurance indemnities and certain farm program payments.

To be eligible for SURE, producers must have suffered at least a 10 percent production loss on a crop of economic significance. In addition, producers must meet the risk management purchase requirement by either obtaining a policy or plan of insurance, under the Federal Crop Insurance Act or NAP coverage, for all economically significant crops. For 2008 crops, producers had the opportunity to obtain a waiver of the risk management purchase requirement through a buy-in provision. Producers considered socially disadvantaged, a beginning farmer or rancher, or a limited resource farmer may be eligible for SURE without a policy or plan of insurance or NAP coverage.

In addition to meeting the risk management purchase requirement, a producer must have a farming interest physically located in a county that was declared a primary disaster county or contiguous county by the agriculture secretary under a Secretarial Disaster Designation. Regardless of a Secretarial Disaster Designation, individual producers may also be eligible for SURE if the actual production on the farm is less than 50 percent of the normal production on the farm due to a natural disaster. For SURE, a farm is defined as all crops in which a producer had an interest nationwide.

FSA REMINDS PRODUCERS OF DISASTER ASSISTANCE PROGRAMS PROVISIONS

McCartney reminds producers that the Emergency Assistance for Livestock, Honey Bees, and Farm-Raised Fish Program (ELAP) and the Livestock Indemnity Program (LIP) have sign-up deadlines approaching.

The 2008 Farm Bill authorized the Livestock Indemnity Program (LIP) to provide benefits to livestock producers for livestock deaths in excess of normal mortality caused by adverse weather that occurred on or after Jan. 1, 2008, and before Oct. 1, 2011, including losses because of hurricanes, floods, blizzards, disease, wildfires, extreme heat, and extreme cold. The livestock death losses must also have occurred in the calendar year for which benefits are being requested.

The 2008 Farm Bill authorized up to $50 million in a calendar year for the Emergency Assistance for Livestock, Honeybees and Farm-Raised Fish Program (ELAP) to provide emergency assistance to eligible producers of livestock, honeybees and farm-raised fish. ELAP covers losses due to an eligible adverse weather or loss condition, including blizzards and wildfires, as determined by the secretary, which occurs on or after Jan. 1, 2008, and before Oct. 1, 2011. ELAP covers losses that are not covered under other Supplemental Agricultural Disaster Assistance Payment programs established by the 2008 Farm Bill, specifically Livestock Forage Disaster Program (LFP), Livestock Indemnity Program (LIP) and Supplemental Revenue Assistance Payments Program (SURE).

Both ELAP and LIP sign-ups require a Notice of Loss filed the earlier of:

- 30 calendar days of when the loss is apparent to the participant,
- Dec. 29, 2011;
- Jan. 30, 2012 for grazing and feed losses and honey bee and farm-raised fish losses; or
- An application for payment no later than Jan. 30, 2012.

Fact sheet for these programs can be found at www.fsa.usda.gov; click on Newsroom, then Fact Sheets. Producers may also visit the FSA office located in the Corner Mall of the Kingwood Plaza or telephone 304-329-1923.

Fall is a fun season, the air is cooler, brightly colored leaves abound, trick-or treating brings lots of candy. It's a favorite season for some. Every season has its moments; every season has its needs. Our Creator knows our desires for all seasons; whatever we need, He is waiting for us to ask for His loving guidance; winter, spring, summer or fall. God controls the seasons – won't you let Him help you control your life? Visit your house of worship this season and seek God's loving help.

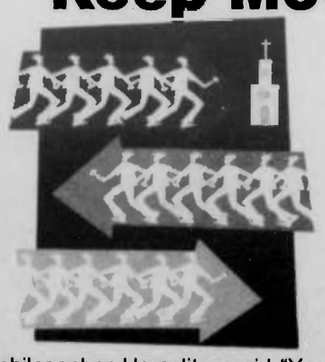
Keep Moving



Our nature is to be active. Even in sleep, the mind stays active. The stream of consciousness, like the Nile or any other stream, never stops flowing. The ancient Greek philosopher Heraclitus said "You cannot step into the same river twice," because new waters are always flowing in upon you. In reality, it is always a new river, and the person stepping into it is a different person. The unceasing restlessness which we see in nature is just as evident in human nature. What five-year old wants to sit still for more than a few seconds. When a worker complains that their work Is too difficult or unpleasant, ask them to try doing absolutely nothing for the next hour or so. Usually, they will quickly long for their former labor. While it may be intellectually virtuous to be able to hold one's attention for long periods of time without stirring, most of us struggle with finding diversions. Perhaps the secret is just to keep our minds and our bodies moving and active.

"The sun rises and the sun sets, and hurries back to whereit rises. The wind blows to the south and turns to the north; round and round It goes, ever returning on its course.All streams flow into the sea, yet the sea is never full.To the place the streams come from, there they return again. All things are wearisome, more than one can say. The eye never has enough of seeing, nor the ear its fill of hearing."

Ecclesiastes 1: 5-8

'Two and a Half Men' gets Greered up

By Jay Bobbin

Judy Greer

Q: In the second episode of the new season of "Two and a Half Men," with Ashton Kutcher, was his ex-wife one of the actresses from "Mad Love"? If so, what is her name, and what else has she appeared in? And what has happened to "Mad Love"? - Ed Hildebrant, Owosso, Mich.

A: Yes, the actress is former "Mad Love" co-star Judy Greer, who will continue to pop up as Kutcher's ex since it's now a recurring role on the CBS sitcom. The same network canceled "Mad Love" after a brief run, but Greer has stayed busy with a variety of projects for some time now. She appears with George Clooney in the upcoming movie "The Descendants," and she'll be seen in March opposite Gerard Butler, Uma Thurman, Dennis Quaid and Catherine Zeta-Jones in "Playing the Field."

Greer actually had a different part in a couple of "Two and a Half Men" episodes a few years ago, and her television work also has stayed plentiful. She's in the voice cast of FX's "Archer" and Nick at Nite's "Glenn Martin, DDS," and she also has been heard on Fox's "Family Guy." With both face and voice, her home-screen credits also include "Modern Family," "House," "Californication," "The Big Bang Theory," "How I Met Your Mother" and "Arrested Development." Among her other movies are "Love & Other Drugs," "Love Happens," "27 Dresses," "13 Going on 30," "The Wedding Planner" and "What Women Want."

Q: Can you tell me if Syfy has any plans to run the "Highlander" series starring Adrian Paul again? If so, what are the anticipated dates? - Jones Culbreth, Lumberton, N.C.

A: The show still turns up from time to time in the one-day marathons Syfy does of various series. With that being the case, there's good news: As of this writing, such a "Highlander" marathon was scheduled for Nov. 11. And the movie "Highlander: The Source" is slated for Syfy showings Nov. 6 and 7.

Q: I have mixed-up information as to when and where "Flashpoint" will return. ION says they will have it in October, but will it be anywhere else? - Eileen Gunderson, Port Orange, Fla.

A: If you lived near the Canadian border, you also could see the police drama on its originating network, CTV ... but in America, ION now holds the exclusive rights to it. That goes for repeats of the episodes that previously aired on CBS as well as for the new ones that have just started running.
